Walk through India Harvest Festivals

Intra Competition
Winners
30th January 2020

Dear Parents,

India is a land of festivals, a colourful nation with joyous celebrations for all the valid reasons, including harvest. India celebrates its harvest festival at different times throughout the year, owing to the diversity in climate and difference in the staple crop of a region but the significance of each is just one – to be thankful to the almighty for the bountiful harvest. This month's Intra Club activity was utilized to imbibe the various information on the harvest festivals across the country. Also this was followed by several activities as Intra Competition.

Classes I and II used vibrant colours to bring alive the pongal scene. students of Classes III and IV could let their imagination run riot and draw own Pongal scene and colour them. Speaking activity was given for classes V & VI. Class VII exhibited their talents and creativity by using a splash of colours for Rangoli. Essay competition was held for Classes VIII (Importance of agriculture to Indian Economy) and IX (Prevailing Problems of Indian Farmers).
