Summer Camp day 4.3.19

SAN KKN
MARCH -19

In San, in order to welcome summer and to take the students away from the routine of traditional school days, Summer Camp day was organized with new activities. It was a special place where students engaged in their favourite games along with all their friends. To take the students into the enjoyable world, varied games were planned in which each and every child participated in all the activities organized by the teachers. These activities included bubble blowing game, beach ball catch game, sand play and finally water games (collecting water using various items). Students actively participated in the event and returned home with some fond memories. A beautiful take home prepared by teachers and beautified by students was an added bonus.

Multivitamin day 5.3.19

SAN KKN
MARCH -19

Vitamins ensure that you get all the nutrients your body needs to function. To nurture our students with the importance of nutrients and their sources, Multi vitamin day was organized. Teachers made arrangements for finely chopped fruits and explained each fruit and its nutrient level. Children were able to recollect the nutrients in each fruit spontaneously, and also how one could improve its flavour. Teachers mixed all the chopped fruits with honey and served the students. The students not only enriched themselves with nutrients but they also enjoyed the flavour of fruit salad. As remembrance they were given flash cards.

Graduation day 9.3.19

SAN KKN
MARCH -19

We are soon coming to the end of our current school year and in honour of the time we spent together and what the future holds, Graduation Day was celebrated. In San, it was a simple, fun-filled and very memorable preschool graduation. The program began with invocation by the Sr Kg students, followed by a welcome speech by the KG Head. This event wouldn't have been so special without our beloved Principal's address to parents explicating the importance of spending valuable time with their wards. She also thanked all the Grandparents for supporting the parents in bringing up their Grand kids. A series of cultural events were also organized. Between each cultural event our graduates received the graduation certificates by marching in parade led by our honourable Chief guest Manveen Kaur Chadha. Any human in this world expects a little word of appreciation. To encourage our Sr Kg students, Appreciation certificates were bestowed in 11 categories. Ms. Manveen distributed all the certificates and appreciated the students for their sincere efforts. On the emotional front, Jr Kg Students bid goodbye and Class 1 welcomed the students by their scintillating performance.

Graduation day 9.3.19

SAN KKN
MARCH -19

Teachers shared their experience during the whole year travel with their class tiny tots. PTA members of each class representing the parents expressed their kids' improvement throughout the Academic year. Our chief guest of the event addressed the parents and students and expounded the importance of physical safety of the kids. She described how the gadgets are taking over the social skills in a child and how it affects the proper functioning of the brain. She suggested that parents should spend quality time with their ward and help them share responsibility in house hold activities. The whole grand event ended with the National Anthem paying respect to the mother land.

Spring fun day 11.3.19

SAN KKN
MARCH -19

Field Day is a well-loved exciting event. The theme of the month for Nursery students was weather walk. To make their study colourful, Spring fun day was organized. When it comes to Spring Day, the goal of teachers was to keep it entertaining and eventful without exhausting everyone involved. Games made the students' day more fun! Both traditional and inventive outdoor Field Day games made a sensational impact among kids and they had a blast. Students took home a beautiful cut out representing monsoon.

Festive Flavour day 12.03.19

SAN KKN
MARCH -19

Festive Flavour day is about exploring food and flavour. Our special event provided pleasure and in simple ways helped children learn about the flavour they taste during the festivals. Teachers picked up few important festivals like Diwali, Pongal, Christmas and Ramzan which are celebrated in India. Indian sweets and savouries, the delightful aspect of festivals, were prepared by teachers and displayed. The home-made sweet and savoury were then distributed to the students and they also explained the importance of festivals. Students collected a festive take home.

Stage craft day 13.03.19

SAN KKN
MARCH -19

It's the stories that give wings to our imagination and take us to places beyond the boundaries of fairies. SrKg students had fairy tale month, where they read 3 different and interesting stories. Story telling has been an integral part of our childhood. To keep the tradition going and to incite curiosity and the love for reading in children, a story enacting special event was organized. Children narrated stories – The Red Hen, Elves and The Shoe Maker, The Ginger Bread Man. To grab everyone's attention and make the narration interesting, the narrators got in hand puppets and made the presentation effective using facial expressions, gestures and voice modulation. Students immensely enjoyed the fairy tales and gained a lot of confidence in narrating a story in an interesting way.

Welcome 2019
(Keep reaching for the stars)

SAN KKN
MARCH -19

The year gone by has seen many accomplishments and we are indeed proud of these achievements. Let us not sit on these laurels and welcome yet another great year of learning. As the students embark on this journey with great anticipation, we are looking forward to a productive partnership with the parents to ensure our children can achieve their highest potential. Welcome back children – As you enter the zone of learning we encourage you to embrace the golden opportunities that come your way to unlock your potential and reach for the stars. We also extend a hearty welcome to all parents and teachers. Looking forward to start this academic voyage which will not only bring about growth and development in the children but also help establish ourselves as the epitome of education.

BACK TO SCHOOL, FIRST DAY OF THE ACADEMIC YEAR (CLASSES 6 – 9) 25.03.2019

The new academic year kick started with a lot of enthusiasm from the students' side. With the opening of the new floor for academics, students were really eager to see their classrooms. They were in for a surprise as, waiting for them, were colourfully decorated doors and the boards. They went around their classroom looking at the thematically based charts, reading out the classroom rules and commenting on the schema of the birthday charts. The themes chosen were camping, poetry, science and mathematics.

The morning assembly welcomed all the new students and students on internal transfer. Principal Mam had a brainstorming session with the students. Sixth grade always signals a move to middle school. She explained that, this is a big transition and their responsibilities have increased. Dispelling any fears the students may have had, she strongly put forth the discipline that was expected from them. She illuminated the students regarding the learning objectives and the expectations from the school. She also patiently clarified all the reasonable doubts that arose in the young minds pertaining to academics, rules and other activities. All teachers handling classes 6 to 9 were introduced.

The new students easily found their way around the school. They felt comfortable with their teachers. The old students welcomed the new teachers with open arms. Each child had been given a booklet where they could pen down their strengths, weakness, talents and goals. That was not all, their creativity was tested when they turned poets to describe their favourite personality. When the students left for their homes, they were eagerly waiting to accomplish big deeds this academic year.
