A MENTOR EMPOWERS A PERSON TO SEE A POSSIBLE FUTURE.

NURSERY – SHOPPING SPREE DAY – 25.11.2019

The children of Nursery experienced a trip to San shopping mall created in the class by the teachers. Different types of shops were organised like vegetable & fruit, clothes, toys and children went around in groups to understand the importance and uses of them.

Sr.KG – FIELD TRIP TO GUINDY SNAKE PARK – 25.11.2019

Inspite of the inclement weather, the children of Sr.KG went on a field trip to Guindy Snake park on 25.11.19 as part of their learning experience on reptiles. Children were excited and awed to see a cobra and other species of reptiles. They had a fabulous time in the park.

JR.KG SHOW & TELL – “CHIRPER’S DAY” 28.11.2019

The Jr.Kg children celebrated chirpers day on 28.11.19 in the school lobby. A teacher of San brought a parrot and children were thrilled to see it eat apple, carrot, guava pieces. Children were told about the importance of caring, protecting and saving birds. Children interacted with the parrot joyfully. They also participated in the show and tell activity with enthusiasm.

SR.KG – MARINE WORLD SHOW – 29.11.2019

The children of Sr.Kg celebrated Aquatic day on 29.11.19 in the school campus. Some children brought charts & models of sea creatures including sea weeds and spoke about it. Many of them spoke about the sea animals like octopus, star fish, sea weed, etc. Others spoke about amphibians, reptiles with clarity and confidence.

TEACHER'S WORKSHOP – 30.11.2019

The teachers of San Kindergarten participated in 2 different workshops in the city on 30.11.19. Madhuban had organized a workshop on Early childhood care and education in Vestin Park, Egmore. Three of our teachers participated and liked the session as it involved the benefits of enhancing cognitive, sensory, fine motor language communication and developing reading skills in children. The other workshop was attended by two of San KG teachers on story telling by Macmillan, in this session it was all about how stories play a crucial role in the lives of children and the different techniques used to become a great story teller.

CHILDREN'S DAY CELEBRATION - 14.11.2019

It was a fun filled day for children of grade 1 and Kindergarten in San Academy KKN as the teachers put up a very special entertainment programme for the little Sanites on the occasion of children's day. A teacher spoke about CHACHA Nehru and his love for children. Abigail from UKG A spoke about the significance of children's day. This was followed by a sing a long, puppet show & dance programme by the teachers of Kindergarten and a dance by grade 1 teachers. Later children played some games and had great fun with their classmates and teachers.

INTRA COMPETITION - 22.11.2019

When children face competitive activities at school, they not only gain individual skills, but also build on important interpersonal skills. These skills help children prepare for later life. To promote a platform for creative and speaking skills in children, intra competition with their class children is held term wise during the academic year. This year Nursery had clay modelling, Jr.Kg Fancy dress on Ariel beings and Sr.Kg tangram.

THEMATIC ASSEMBLIES

WORLD DIABETES DAY – 15.11.2019

With growing rate of Diabetes across the world, students from Class VII A spread the awareness of the disease with their special assembly. With this year's theme being "Family And Diabetes" the students' main aim was in raising awareness of the impact that diabetes has on the family and support network of those affected, and promoting the role of the family in the management, care, prevention and education of diabetes. The reasons for becoming a diabetic; How the changing lifestyle is the ground for the increasing rate; The risk factors involved; What can be done to reduce the risk factors – were the topics that were handled. The assembly has motivated the children to embrace a healthy living.

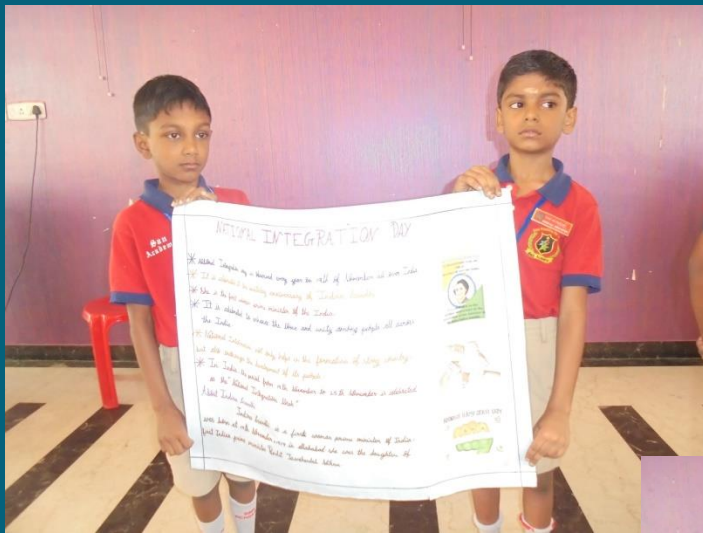

WASTE WATER MANAGEMENT –18.11.2019

While the focus remains on creating or renovating structures for rainwater and wastewater harvesting, one needs to put in place policy measures for regulated water use and saving measures, such as water metering and pricing. Students from Class VII B came up with a splendid assembly which conveyed the message that apart from water conservation we should even manage our waste water in a profitable way. With increased water consumption by the growing population, waste water produced is also high. With diminishing wastewater recycling and reuse by the municipal sector – the students came up by various methods we could integrate into our homes and school for using grey water. The audience went back enlightened and also showed great enthusiasm in putting these ideas into action.

NATIONAL INTEGRATION DAY –19.11.2019

National Integration Day is celebrated by India on the birth anniversary of our former Prime Minister, Indira Gandhi. During the special assembly by class III C, students talked about Ms Indira Gandhi as a person and enlightened all regarding her achievements. India being a nation of diverse culture the students promoted the feeling of common identity amongst the people of country even after being from different races, cultures, religions or regions in order to build a strong and developed nation. They talked about unity in diversity and feeling of oneness amongst people to a great level. As youth of this country they also spoke about their responsibility towards world integration. A great effort by the students.

WORLD TELEVISION DAY –21.11.2019

Observed on November 21st around the world, World Television Day is a day started by the United Nations to acknowledge the role that television has played in society as it delivers to us information and news that is vitally important to large groups of people. Our school too observed this day as the children these days spend a lot of time in front of the screen without knowing the history behind it. Both the students of Class IV A and the teachers discussed with the audience the importance of TV in not only delivering information but also in changing the world. Along with creatively made charts students explained that television plays an important role in all threats to security and peace by focusing the world's attention on conflicts and problems all over the globe. At the end of the day, all the students realized that television was not only for entertainment but serves in an useful way too.

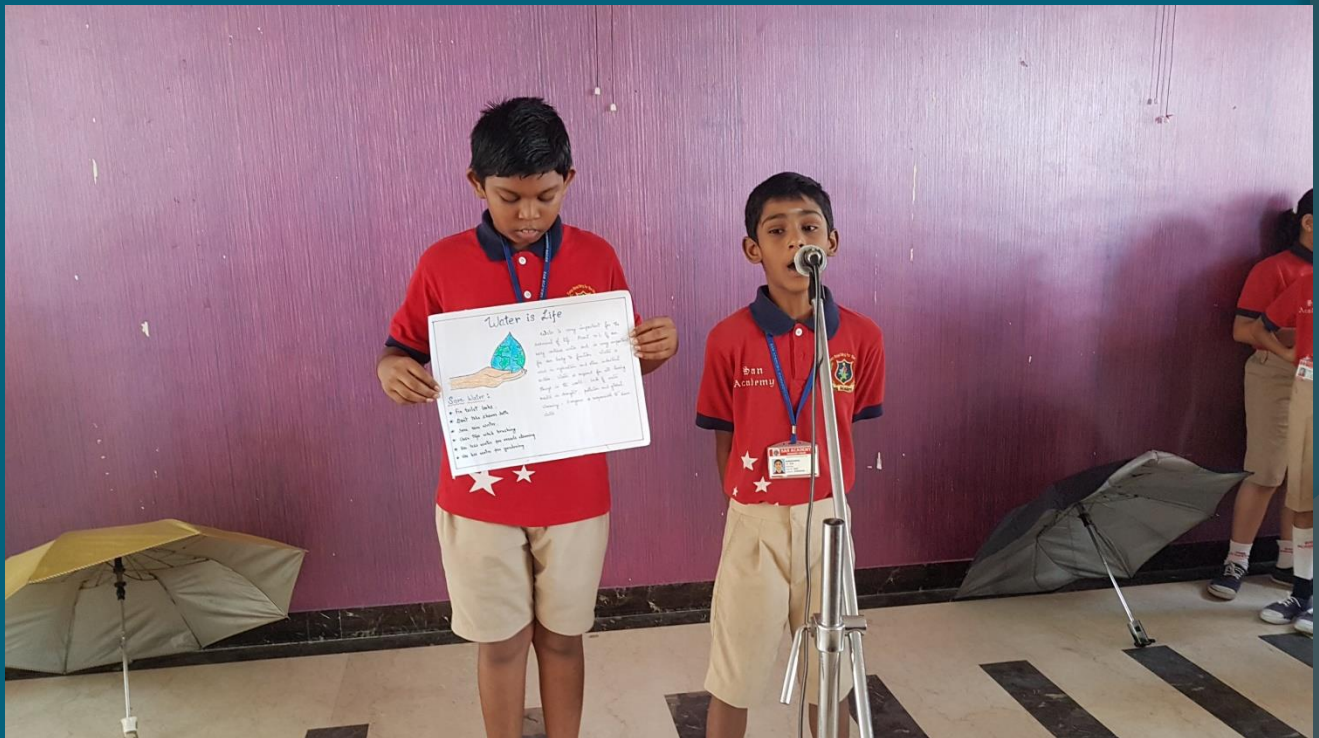

STRATEGIES FOR CONSERVING WATER – 22.11.2019

The Assembly by Class 8 was indeed an eye-opener for all. They had strongly advocated that conserving water is important because it keeps water pure and clean while protecting the environment. Conserving water means using our water supply wisely and be responsible. They recommended that we must learn how to keep our limited supply of water pure and away from pollution. They enlightened the audience that water wastage can be prevented in three levels. At the personal level, family level and community level. Little drops of water make the might ocean. Small amount of water saved can help us using storing more water. The students had approached the topic in a positive manner and drew out the strategies for conserving water.

SAVE WATER – 28.11.2019

There are many ways in which we can save water and minimize their pollution. Besides, these methods include proper treatment of industrial water before dumping them into rivers. Also, using only the required amount of water and avoiding wastage. Apart from that, we can make people aware about water problem by means of social campaigns and other ways. That is what the students of Class V A did during their assembly when they described the uses of water and how important it is to save water. Thus they came with various ways we can save water at home and at school. It was a really good show.

CHILDREN'S DAY CELEBRATION – 14.11.2019

The Special Assembly for the Children's day was an eagerly awaited one for the students. Adorned in colour dress, they were impatiently waiting for the entertainment programme by the teachers for their benefit. The programme put together by the educators was a combination of spreading moral values intermingled with fun and laughter.

Bringing the house down were the Class 2 and 3 teachers who conducted a quiz programme (in the form of a skit), where the students could relate themselves to several incidences enacted by the teachers. The teachers of Classes 4 and 5 had a debate on "Education or Discipline". The thought provoking speeches brought the judge, our Principal, to conclude that 'Unless there is discipline, education cannot be valued'. Teachers from Classes 8 and 9 performed a 'Villu Pattu' – a message conveyed to students in an enjoyable manner which was appreciated by the students. The finale was a solo dance for a popular Hindi number. It was a memorable day not only for the learners but for the educators as well.

LAKE TOUR – 14.11.2019

On Children's day the budding environmentalists from our school went on a study tour around lakes. They were guided by Ms. Melina and Ms. Presta of Environmentalist Foundation of India (EFI). It is an environmental conservation group, which focuses on wildlife conservation and habitat restoration, with bases in many cities. As the organization is known for its work in cleaning and scientific restoration of lakes in India, the students were taken on a lake tour to broaden their knowledge. They were taken to water bodies that were rejuvenated and restored by EFI.

Kattabomman pond, Nattar pond, Amman pond were some of the places they visited. The day was an eye-opener for the youngsters as they realized how ponds have shrunk and the water table struggle to maintain a decent level owing to encroachment, dumping of garbage and non-biodegradable waste, release of sewage water, growing of invasive weeds and throwing construction debris. Mr. Arun Krishnamurthy, the founder of EFI, patiently explained how the water bodies were restored and the boundaries strengthened by building bunds and fences. The students were even able to have a look at a pit which was constructed to bring back turtles by making it a safe haven for them. Their final stop was the Pallikaranai Marsh where they could watch some migratory birds. They returned with a heavy heart when they were informed that the marsh was initially a big lake.

Students learnt a big lesson that day and pledged to protect their environment and spread awareness to guard what the nature has gifted us so selflessly.

FIT INDIA MOVEMENT – “FITNESS WEEK CELEBRATION” 13.11.2019 TO 19.11.2019

For any society or Nation to progress, it's important that their citizens are physically fit. The challenges of the modern day life has brought along with it the need to be more physically proactive and fit in order to face its challenges with optimum energy and positivity. Fit children are able to handle day-to-day physical and emotional challenges better. However, for a holistic and intrinsically healthy lifestyle, awareness and support for fitness movement is more essential than ever.

To infuse physical activity in our daily life, we at San Academy Kamakoti Nagar, conducted various sessions for different classes during the week. The importance of Yoga and the need to inculcate it into our daily lives was instilled by our KG Head, Mrs. Geetha. A talk on 'Fitness and Nutrition' by Ms Preeti, our school counselor, ingrained in the young minds that fitness and nutrition go hand in hand. Students of Classes 4 and 5 took part in poster making competition on the theme 'Fit body – Fit mind – Fit environment'. Our Physical Education teacher taught the students some free-hand exercises, so that they could be done without any supervision or on a specific time only. Co-curricular activities of our school like aerobics, dance and martial arts also keep us physically supple and fit. This was explained by the trainers. A quiz on traditional games from our state and neighbours was conducted which was enthusiastically participated by students from classes 7 to 9. On the whole the school ensured that the activities undertaken conveyed the importance of fitness loud and clear.

"FITNESS WEEK CELEBRATION" - GALLERY

STUDENTS TAKE PLEDGE ON CONSTITUTION DAY – 22.11.2019

The 'Constitution Day' was celebrated in our school on Friday (22-11-19). On the occasion, the students pledged to become responsible citizens of the country. The Principal laid the foundation by telling the students that we should do our best in developing our country. She stressed the point that in order to do that we should earn the trust and confidence of the society, partnering in various nation building activities in the neighbourhood.

LIBRARY WEEK CELEBRATION

25.11.2019 – 30.11.2019

“A reader lives a thousand lives before he dies . . . The man who never reads lives only one.”

Reading is a powerful agent which helps to overcome stress and fatigue. Library is one of the finest place for developing a lifelong reader. Once people are motivated to read they would support and use libraries. To inculcate the habit of reading, ‘Library Week’ was observed from 25th November. Various interactive sessions were conducted for the students according to their ages. While Classes from Senior KG to Class 5, enjoyed their sessions during their library period, Classes 6 and above used their zero period.

Art of story telling is a science in itself. A good story teller must be highly skilled, understand the audience well and proficient enough to captivate the audience. As the listeners listen with their eyes, ears and hearts, a quality story-teller can keep the audience spell-bound. The session by Ms. Sowmiya our school’s resource person for reading and story telling interacted with children with lot of stories . Children enjoyed her sessions.

Moving from listening to reading, a child picks up a picture book with large printing. The students from class one moved from hearing stories to reading aloud. This activity strengthens speaking, listening, writing, and reading and comprehension skills and: increases their vocabulary. When they get their hands on books they understand and enjoy, they start to get hooked to reading.

LIBRARY WEEK CELEBRATION

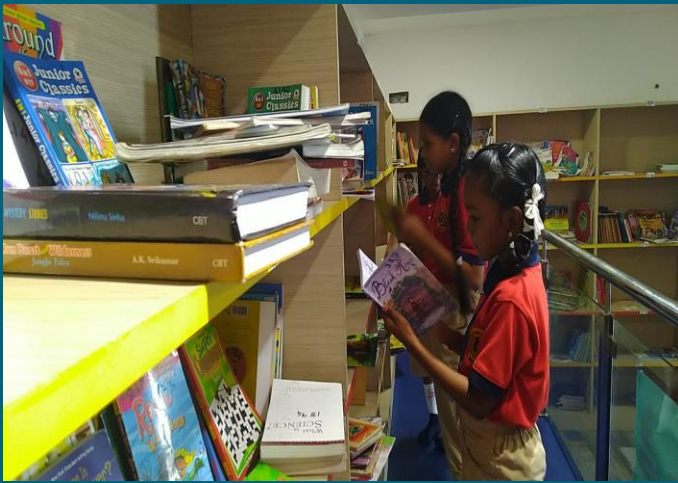

Class 2 were treated to story telling through songs, which had them joining in with gusto. This activity helped students appreciate the beauty and rhythm of language, which in turn would help improve critical and creative thinking skills.

Using a puppet to tell a story is a wonderful technique that can lead children to discover the joy of literature and learning. Puppets can be used “anyway, anywhere, and anytime” to bring stories to life and to spark young imaginations. ... Even the simplest, hand-made puppet can be thrilling for a young child. Stimulating their imagination students of Class 3 narrated stories through hand made puppets. The young ones’ faced beamed with pride when could use a puppet and entertain their peer with a wonderful story.

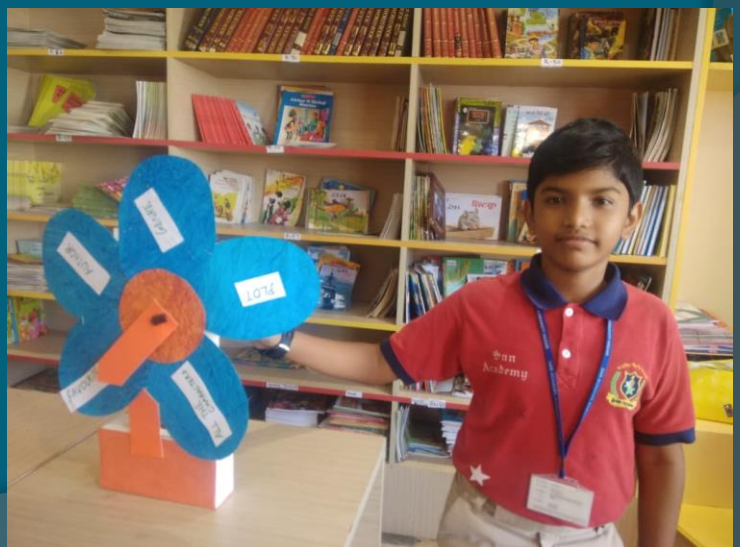

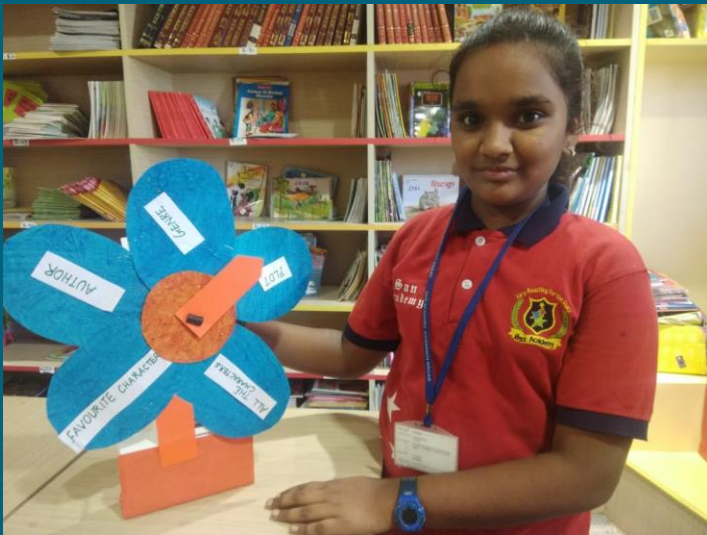

LIBRARY WEEK CELEBRATION

Once a child grows he/she will be able to analyze a story or book recently read. The students of Classes 4 and 5 were encouraged to browse through the book buffet present in the library to choose a book of their choice. Their analytical skills resulting in apt reviews mesmerized the teachers. Hearing about a story from the point of view of a child was an entirely new experience. The students learnt about various authors too.

LIBRARY WEEK CELEBRATION

To kindle the interest of the students of Class 6, a spinner was used, where they will spin and talk about the pointers given in the spinning wheel. This had piqued the interest of the students as they had to relate the pointers to the story they read. This intrigued the children, as they realized that there were a variety of genres available for them to choose from. This made them determined to try reading different kinds of books available for children.

LIBRARY WEEK CELEBRATION

When a story is interpreted to one's satisfaction, the next would be to understand the characters in the story. Though the protagonist and the antagonist in the kid stories may be the same, stories for young adults will have characters with various shades of grey. Dissecting their personality and coming up with the characterization may vary with different viewpoints. So making the activity interesting for Class 7, the students were asked to illustrate a character from the book that they enjoyed reading.

LIBRARY WEEK CELEBRATION

Book themed activities continued for the higher classes too but with a hint of adventure. Students from Classes 8 & 9 were given clues about the author, genre, characters and theme of a book, and they had to wade through the sea of books in the library to come up trump in choosing the right one. They then read the book and gave a review about it. That was not all, they were asked to give wings to their imagination to give a different climax to the story. This activity encouraged the students to discover the resources that were available to them thus making them confident of considering the library a place to turn to.

Teachers are always on the lookout for new ideas to promote reading amongst the students and this week was highly productive. It helped the children acknowledge that reading is fun and crack open books during leisure. They shared the wonder and magic of books. The 'Book Week' created a festive occasion to promote reading habits in children and also reminded us that books are indeed a man's best friend!

KINDER GARTEN & GRADE I

3RD ANNUAL DAY CELEBRATION -9.11.2019

Festivals form an important part of our lives and they all mean one thing and that is celebration. . Festivals are an event of celebration and joy which may be associated with religious, cultural or national events. They have an essential role to play in society. They bring us all together in the spirit of brotherhood and togetherness and remind us there is a lot of good in the world that we live in. Universally all festivals are related to harmony, peace and happiness.

The theme for the 3rd annual day celebration of Kindergarten and grade 1, San Academy Kamakoti Nagar was Festum Fiesta. The children presented some of the Indian festivals and festivals around the globe. We believe that Festivals bring us together in a bond of love, irrespective of colour, creed, race and religion. We believe that festivals, like life, are gifts that need to be celebrated.

PRIMARY & MIDDLE SCHOOL

3RD ANNUAL DAY CELEBRATION -9.11.2019

San Academy Kamakoti Nagar organized its 3rd Annual Day on November 9th 2019 at Kamarajar Arangam, amidst great zest, vibrancy and elation. Film personality Mr. Karu Palaniappan was the Guest of Honour.

“The best and most beautiful things in the world cannot be seen or even touched. They must be felt with the heart”. The binding theme for the Event was the 4 C’s in the 21st century skills – Critical thinking, Creativity, Collaboration and Communication.

An event like this cannot take place overnight. The wheels started rolling weeks ago. We have been fortunate enough to be backed by a wonderful group of teachers who were able to visualize the events in their mind’s eye and brought it to reality.

The audience present were welcomed warmly and taken through the journey of San Academy Kamakoti Nagar. The Principal briefed the audience with the vision of the institution and holistic learning programmes; highlighting the academic and cultural achievements of the school students with the help of a well created PPT presentation. At the end parents were assured that their wards were a confident lot and were given the right values.

It was a moment of pride when the students were awarded prizes for their scholastic and co-scholastic achievements, amid thunderous applause from the audience. It is no small achievement to attend school daily and students with 100% attendance were recognized too. Teachers were lauded for their dedicated service at the San Academy for five years.

ANNUAL DAY CELEBRATION

The theme of the day was explicitly explained at the beginning of the programme kindling the expectation of the audience.

Based on CREATIVITY we had the Opening dance which had the classical flavour, Kathak. Here the skills were adapted and changed through the ingenuity and innovation required to perform for the new generations of students. The Ballet, an artistic dance form performed to music, using precise and highly formalized set steps and gestures, was characterized by light, graceful movements mesmerizing the audience. The Finale dance was a boisterous performance which energized the audience. A captivating performance was presented by the students of Shadow play. They easily maneuvered to resemble entirely different shapes, using clever and strategic manipulation of space and light. These amazing and cool artwork had the audience spell-bound. Other dance forms involving creativity were Waacking (including martial arts) and B-Boying (using difficult beats).

Based on CRITICAL THINKING tiny tots from Class II spread the idea of 'Happiness and Togetherness' through yellow colour (Smileys), enlivened the beauty of nature through peacock dance, extend the theme of Peace through white colour, and Celebrating the Environment – The Essence of Life.

We at San Academy COLLABORATED different Asian countries, with different cultures, brought together to form a single continent. This broadened the understanding in the minds of the audience of a "greater good," which can lead to world-wide success. The countries brought onto the stage were China, Philippines, Kazakhstan, Nepal, Armenia, Turkey and Thailand.

ANNUAL DAY CELEBRATION

COMMUNICATION is of two types:- Verbal and Non- Verbal. A Mime on the impact of adverse conditions was tastefully presented. Commemorating the 150th Birth Anniversary of Mahatma Gandhi, the Tamil Skit revolved on what would be the scenario if Gandhiji appeared in Chennai for a day. The story thread had the audience captivated. Merchant of Venice – Though the play had most of its dialogues as poetic verse, we had the children presenting the story in the play form. Antonio, Bassanio, Portia, Nerissa, Prince of Morocco and of course Shylock brought the stage alive.

The choreography for each dance was unique and was assisted by well chosen costumes. Teachers' efforts could be seen as each item had a distinctive background, special props allowed to drop in from ceilings, and apt settings given on the stage. Make up was done with so much perfection that it brought out the emotion the particular event was supposed to showcase. The students did not lose the opportunity and used the platform splendidly which made the audience realize the relentless hard work that went into it.

The Chief guest gave a short speech giving an insight to his personality. The programme culminated with the National Anthem.

STARS OF THE MONTH

CHESS COMPETITIONS – 10TH & 17TH.11.2019

It is with great pleasure we announce that our students have been winning merit place finishes in the game of chess. It is a tribute to their memory and cognitive abilities, strategic thinking and attention span. Two of these students have moved on to the next level of competition which is to be held later.

- Mathi Nithya V (VIA) took part in the State Level competition held by GM Chess Academy Kanchi District at Valluvar Gurukulam on November 17th. She was placed in the fifth place in the merit list and has moved to the next level.

- Ruvanthika A P (VID) took part in the competition – ‘Chess is life’ conducted by RK Chess Club at Talent Studio on 17th November. She proved her prowess by being placed 2nd and has moved on to the next level.

STARS OF THE MONTH

- Mithilesh. R (VB) took part in 15th SRCA District level Tournament Championship organized by Sri Raghavendra Chess Academy at St. John Public School on 10th November. He also took part in the competition held by GM Chess Academy.

GRADE CERTIFICATE

It is always a great pleasure when a student moves up in rank in the classical music through interest and dedication.

MITHILESH. R of **V B** has been awarded Grade 3 with Excellent performance in Carnatic music – Vocal in the Grade Exam conducted this year conducted by Bridge Academy.

STARS OF THE MONTH

GRAND SQUARE INTER SCHOOL FEST (NOVEMBER 14 – 24)

Commemorating Children's Day the organizers at Grand Square Mall conducted a variety of Inter-School competitions for various categories. Our school was represented by a bunch of talented kids, some of whom have won medal finishes.

- Niriha Pilla (IX A) won the first prize in the Painting competition, where the given topic was 'Busy Market'.
- Siona Crystal (VII B) won the third place in the drawing competition, where the topic given was 'Water is Life'.

STARS OF THE MONTH

GULLY CRICKET (19.11.2019)

As part of the Children's Day Celebrations at PVR Grand Mall, a team of students from Classes VI - VIII, represented our school by taking part in 'Gully Cricket' on 19th November. The enthusiasm they exhibited did not diminish with the reduction of size in the game. Their passion for the sport enabled them to return with a 3rd place finish in the tournament. Kudos Boys!

STARS OF THE MONTH

GLOBAL ART

Art is an expression, at its root, is an expression and the artist is an expresser, translating in order to create meaning. Art expresses, translates, acknowledges, reveals, transfers and intervenes and brings out a product pleasing to the eyes of the beholder. Our children are smart and creative. They took part in the Art Competition held by Global Art to showcase their talent. We are happy to inform you that the following students have been selected for the next level of competition. Good luck with your creativity children!

- Ananya. A of V B
- Bharathi. S of III A
- Angelina Roselyn of IV B

STARS OF THE MONTH

SILAMBAM STATE LEVEL CHAMPIONSHIP (17.11.2019)

Silambam is a weapon-based martial art of India, more specifically from Tamil Nadu. This ancient fighting style is mentioned in Tamil Sangam literature 400 BCE and growing popularity. It is indeed a great pleasure to see our students gaining recognition in various competitions. Now joining the list is **MAGIMA SHRI P. R** of Class III A, who took part in the State Level Championship – 2019 organized by World Silambam Sports Association at Madurai College on 17th November. She came first in the Individual skill.

STARS OF THE MONTH

INTER-SCHOOL ART COMPETITION

Creations Sishya OMR Academy for Arts and Crafts organized an Inter-School Art Competition 2019-20. We are proud to announce that **Shruti. S** of **Class III A** got the 3rd prize (2nd Runner Up) for the group of Grade 2 & 3 students. Congratulations Shruti and hope many more accolades come your way.

STARS OF THE MONTH

SHIKSHA PUBLIC SCHOOL: SPARK 2019 – 20 (NOVEMBER 23)

Bringing in more laurels to our school was the team of students who represented our school for the Inter-School Competitions held at Shiksha Public School on 23rd November. Competitions play a role in motivating students to perform and excel and offer a lot more reward than just the winning prize. Competitions offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude. Competitions also encourage students to adopt innovative techniques and develop their ideas and skills.

The following students were among the winners:

- **Math Warrior:**

C.M. Narayani once again proved her mathematical thinking and concept understanding and putting them to practical use, when she was placed first in the Senior group of ‘Math Warrior’

STARS OF THE MONTH

SHIKSHA PUBLIC SCHOOL: SPARK 2019 – 20 (NOVEMBER 23)

Thaka Thimitha.

Dancing and Singing are two of the most common types of cultural activities that prep up the children and help them to perform with abundant happiness. Competitive dance is popular and widespread. Our set of artists were good and staved off the opposition by winning the first prize in group dancing competition. The team comprised of:

- Sanjana. R of Class VIII A
- Tanusri. T. S of IX A
- Tanishka of Class VII A

OCTOBER – INTRA & CLUB ACTIVITY

October – Intra Club centered on our School Magazine – “Kaleidoscope”. It is published at the end of every academic year to develop and cultivate in students the literary tastes and study habits. San Academy provides a lot of opportunities to the students for self-expression in written form. Therefore topics were given to each class so that every child has the prospect of submitting an article to have a chance of it being published. The students were given an introduction to the magazine and its objective was explained. They were given pointers of how to prepare for the topic and present their work. They were asked to practice on the assigned subject matter. It was informed that the work selected as first and second will be published in the magazine. Other appreciable work will also be given the chance in the print. The judging criteria set were: Adherence to the topic, Clarity of content, Creativity, Grammar and Vocabulary among other things depending on the activity. While Class I students wrote on “Why I love going to school”, Class II students told us “I love playing with my friends because.....”. Class III brought out laughter through their “Thoughtful Jokes” while our brain was tested with teasers “Riddles”. “Crossword Puzzle” from Class V sharpened our brains and Class VI put their effort in bringing out various poems. Creative writing of students belonging to Classes VII – IX was tested as they had to write articles for various topics. It was indeed a very productive month.
