

SAN ACADEMY, GROUP OF SCHOOLS

KAMAKOTI NAGAR

2019 – 2020

Dear Parent,

Greetings from San Academy!

SUB: Third year of Intra- School competition SAN-O-TALENTZ at San Academy, Group of Schools, Kamakoti Nagar.

Many children with learning and attention issues may have times when they feel like they're "not good at anything." Their challenges can lower their self-esteem. But extracurricular activities are a great way for kids to focus on their strengths and passions without pressure of tests or other classroom demands. These activities can build up a child's confidence. They help children improve their social skills, develop interest and inspire them to try new things.

An extracurricular activity is a good way for kids to be social in a more relaxed environment. And they get to meet kids with the same interests. Extracurricular activities help kids have positive social interactions. Out-of-school activities help kids focus on their interests instead of their challenges.

At San Academy, we focus on the holistic development of children and tap their inherent talents. We give lot of opportunities to students to participate in Intra School Competitions and we are proud to say that San stars have always come with flying colours and have made all of us proud.

Here is another attempt to make our little ones exhibit their potential.

We are happy to inform you that School will be conducting the **Third Intra- School competition SAN-O-TALENTZ** at **San Academy**, Kamakoti Nagar in all Extra-curricular activities being conducted in School during the Academic year 2019-20.

The **preliminary round** for Karate, Aerobics, Silambam (for Classes III – IX), Skating (for classes II – VIII), Western Dance, Ballet, Classical Dance, Carnatic Vocal and Chess will be conducted for classes I to IX in School premises between January 20th and January 24th during their regular classes (Refer handbook for the details).

All the students will be given an opportunity to participate in the preliminary round in the co- curricular activity opted during the Academic year 2019-20.

The name list of **finalists** for each activity will be sent by mail to the parents. Decision of the judges will be final for selecting the finalists.

Kindly note:

- Students in Karate should bring their Karate dress for the preliminary round.
- Students in Chess should bring their chess kit for the preliminary round.
- Students in Skating should bring their skating kit for the preliminary round.

Date of the Preliminary round: 20th January to 24th January 2020 during the respective CCE period in that week.

Regards

R. Archana
Managing Director

P.T.O
