SAN CHAMPS - SUMMER CAMP 2019

AGE GROUP 11 TO 14 YEARS

We are quickly approaching the summer months and it's always amazing to see how many students are having a great time with their camp experiences, it's the benefits and the outcomes; the stories of positive impact that really stand out.

Summer camp is important because it offers a structured opportunity for children to grow. Kids go from home to school to extracurricular activities, with each environment contributing to their development. Summer camp, then, is another unique venue for growth, allowing kids to become independent and self-confident, while socializing and making new friends, and even learning new skills.

San Academy, always ensures all round development of the child and expose them to a wide spectrum of co-cultural learning which is essential to raise the potential of each child.

We are happy to offer **SAN CHAMPS - Summer Camp 2019**

CAMP DATES – 29.04.2019 (MON.) TO 10.05.2019 (FRI.) FROM 9.30 AM TO 11.30 AM. EXCLUDING SAT. & SUN. YOU MAY CHOOSE ANY ONE PROGRAMME.

REGISTER ON OR BEFORE 16.04.2019 (TUESDAY) IN THE SCHOOL OFFICE.

(Limited seats - 20 students per batch only will be registered.)

1) AEROMODELLING – Rs.1000

Course outcome: Learn the fundamentals of a flight, gain knowledge on applied sciences, learn the importance of teamwork, improve their imagination and synchronise mind and hand. Materials will be provided by school.

2) ROBOTICS – Rs.1000

Course outcome: Engaging Kids in Math, Science & Programming Skills through Fun filled Robotic Activities, build an understanding of basic science concepts related to robotics, teach them to build LEGO models featuring working motors and sensors. Materials will be provided by school.

3) THEATRE – Rs.1000

Course outcome: Using drama as a learning tool children can add to their creativity and find their own unique ways to discover the answers for themselves. The programme will improve their self-esteem, motivation and achievement. It unlocks the child's potential as a performer. Students should bring a notebook and pencil for taking notes.

4) ART – Rs.1000

Course outcome: The art class encourages children to evaluate their own ideas and methods and say what they think and feel about them. Students would be taught Fluid art - Colour pouring on canvas, Abstract art, Popsicle art. All materials for the programme will be provided by school.

5) HANDWRITING – Rs.1000

Course outcome: This programme goes on to prove the Handwriting of your child and helps in the process of development of the coordination between mind and motor. This programme helps and gives an insight into developing good handwriting. Materials will be provided by school.

6) SMART SKILLS – Rs.1000

Course outcome: Smart skills as a Summer program brings the real world experience to the students. Children will be oriented towards life skill activities to enable them to tackle small problems by themselves. Smart Skills for Summer Program is a combination of technology and hands-on towards skills development. It is designed with hands-on skills and Virtual Reality (VR) based Field Trips and Industry Visits. At the end of the program the children are equipped with a real skill. Materials will be provided by school.
