

SAN ACADEMY GROUP OF SCHOOLS - KAMAKOTI NAGAR

PROJECT DAY 2022-2023

THEME: "EARTH TO SPACE"

CIRCULAR FOR CLASSES VI TO IX,XI

"For the things we have to learn before we can do them, we learn by doing them."

— Aristotle

The Project Day is an engaging activity for students that offers quick learning opportunities and an interactive method of knowledge dissemination. Students who work on projects strengthen their critical thinking and analytical skills.

Furthermore, it fosters the growth of inquiry-based thinking in students and encourages them to pursue additional research on interesting topics. The goal of each project for students is to present information in a clear, succinct, and meaningful way for the different perspectives offered to extend knowledge and thinking. The students work together to achieve the best results by utilizing the strengths of everyone.

We at San are organizing Project Day- Earth to Space-2022 this year to help students develop their critical thinking and analysis skills to present effective and original ideas. This also allows children to study, conduct research, and act independently based on their abilities, interests, personal experience, and aptitudes. Our typical platform allows students to establish a routine and learn ideas in a fun way.

PROJECT DAY THEME: " EARTH TO SPACE "

DATE OF PROJECT DAY: 16th and 17th December 2022

We are extremely happy that your child will be participating in the Project Day. He/ She is required to do a model with the available materials at home on the topic assigned to your child. Teachers will be guiding children to boost their self-confidence. Children are also required to do the scrap book at home and worksheets at school with the guidance of teacher as part of the learning process for the Project Day .

General instructions:

- Details of topics, activities, and time slot for each student will be uploaded in Parent app e- content on 21.11.2022
- Students will complete their scrap book and worksheet in the classroom under the supervision of the teacher.

- Students should wear school uniform (Blue track pants and RedT-shirt) during the Project Day
- Students who are participating in cultural activities will be in their respective costumes.
- Each student will be given 2-3 minutes to talk on the given topic.
- Students are expected to prepare a model or a chart on the topic given. Making models out of plastics and thermocol is not permitted. School will not accept projects made out of thermocol.

Guidelines for Scrap book and Worksheets:

- Students will complete the scrapbook at home (Class VI-VIII) and worksheets at school during class time.
- Scrapbook content will be written in the 40pgs unruled book issued during book-sale.
- Cover page – Own creativity of the students based on the theme
- Page 1 – Student name, class, section and theme with basic decoration by student.
- Page 2 & 3 – Index, Sl. No Topic/ Subject description/Particular Page No.
- Page 4 onwards relevant pictures of the topic should be pasted on the left side and content on the right side

Order of the subjects in the scrapbook is as follows:

1. English
2. Maths
3. EVS
4. Social Studies
5. L2
6. L3
7. Computer Science
8. Art and Craft
9. PT

Each subject has 2 topics

Worksheets will be shared in the classroom. Subject teachers will discuss the worksheets in the class and help children to complete them during class hours.

We solicit parents' involvement and cooperation in this regard as 'together' we can make a big difference in the development of our child.

Regards

SAN KKN
