BACK *to*
SCHOOL

After a period of travelling, visiting, relaxing, entertainment and playing outdoors, indoors, on June 1st, the students were back to school rejuvenated and excited. Their enthusiasm could be gauged by the energy they carried around them. Entering the school with a big grin on the face, they eagerly scanned around the place, looking for the changes in their classroom. They were impatient to meet old friends, and at the same time kept anticipating a new face in the classroom. Students could be seen handing in the assignments, and it was heartening to watch the eagerness in them to complete all work. Things were pretty hectic before and after the commencement bell. Teachers planned fun activities for the children. Classes 1 and 2 dabbed around with colours creating an Environment Awareness picture. The zero hour was unique in each class and the interaction between the class teacher and the students laid the foundation for a good bonding opportunity. Looking forward to a successful and meaningful year.

Special events!

WORLD ENVIRONMENT DAY (06.06.2022)

The special assembly marking the day was held in San Academy Kamakoti Nagar on 6th June 2022. Our theme being 'Let's Nurture the Nature, that we can have a Better Future', focused on safe soil predominantly with reference to climate and pollution. The activities planned raised **awareness** about degrading environmental conditions and to encourage people in the neighborhood to take positive environmental actions, to help create a better future. Principal Mam's speech emphasized that the responsibility should stem from within oneself.

The activities included drawing and coloring, penning their thoughts, making eco-friendly bags, poster making and sapling drive. The children went rampant with their imagination during the club period to spring surprising results. That they are aware of the genuine concern over the massive increase in the **exploitation** of natural resources, was mind blowing.

As the spotlight of the celebration was on living [sustainably in harmony](#) with nature, the students went home with the positive thought to change their ways by making better choices individually. It is true, We have Only One Earth. Let's take care of it. We should join hands and make the world a better place to live in.

The children realized that using native plant seed balls is a great way to reseed the landscape and planting saplings increases the green spaces thus reducing pollution.

WORLD OCEAN DAY

A healthy planet needs healthy oceans, but our waters face huge risks from overfishing, climate change, and plastic pollution, World Oceans Day is celebrated on June 8, to protect the ocean as they are not just water bodies but are important sources of life. They are the lungs of our planet providing most of the oxygen we breathe and absorb around 30% of the carbon dioxide produced by humans.. Hence World Oceans Day is observed every year to honour the majesty of Earth's [oceans](#) and the economic, aesthetic, and environmental benefits they provide. This day is meant to raise awareness of the plight of the oceans and the marine ecosystems they contain.

animals with props. Children also dressed up like water animals and participated in a fashion parade. As a part of the event, children made colourful fish crafts and aquariums. This event helped the children to know about Ocean life and the need to protect it.

E-WASTE AWARENESS PROGRAMME

As part of the Environment Day Celebrations San Academy, Kamakoti Nagar, joining hands with E-waste Management and Recyclers TES – AMM INDIA, conducted an e-waste awareness programme on 9th June 2022. The special event commenced with the representative explaining the term e waste. He then went on to elucidate that they poison the land, air, water and sediments. The students were strategically informed that the price we pay for the advancement of the technology is the threat to our environment. This is due to the accumulation of unwanted, non-working, obsolete electronic devices which contain toxic substances.

SAN ACADEMY KAMAKOTI NAGAR E-Waste Orientation Programme

E-WASTE COLLECTION DRIVE

Our Students have contributed a considerable amount of E-waste for the E-waste collection drive. The E-waste collection drive has created a very good impact on the students and those who have contributed for the E-waste certificates will be provided by the E-waste programme conductors to encourage them.

ORIENTATION ON I.I.M.U.N (15.06.2022)

- The event was held on 15.06.2022 for class VII to XII in the Skating rink , students from Class VII to XII was oriented by Mr. Prasanth , the senior President of IIMUN [India's International movement to unite nations), he guided the students in the thought process of how an UN works, what is WHO, how members interact and how to they come with solution for an common problem in a country.
- How to address the problem of a country as an delegate, how professional a student should tune to the current situation was taught
- Mrs.Ganga Natarajan – Principal SANKKN guided the students how essential is IIMUN in the current scenario and gave a brief idea about the registration process

INTERNATIONAL YOGA DAY

Eighth Edition of the International Day of Yoga was celebrated with great pomp and show, the theme of this year's Yoga Day celebrations is 'Yoga for Humanity'. The Staff and students of San Academy Kamakotti Nagar took part in various events, doing yoga in unison towards better health and wellness for all.

Yoga's significance in our lives cannot be overstated. It has proven to be a blessing in a world that is struggling to cope with a fast-paced lifestyle and the negative consequences of the Covid-19 pandemic. Yoga asanas have wowed people all around the world. As a result, the International Day of Yoga is significant in our lives.

To spread the awareness about the invaluable benefits of Yoga SAN KKN attempted a World Record. 25 Vibrant Yogis and Yoginis performed 22 Asanas for 22 minutes with their magnificent demonstration of flexibility, muscle strength and body tone. The Programme ended on a positive note instilling the spirit of health and wellness. Special Congratulatory certificates were given to all the enthusiastic Yogis and Yoginis of SAN KKN

Certificate

PRINCIPAL VISIT FROM NAGPUR

It was a great pleasure for SANITES to welcome Mrs. Maheshwari Kobragade, Principal - Ankur Vidhya Mandir Ordinance Factory School Nagpur.

Mrs. Maheshwari was welcomed by our beloved Senior Principal - Mrs. Sujatha and Principal Mrs. Ganga Natarajan. The session was conducted for classes X and XII to understand about their goals, strengths and weaknesses. Mrs. Maheshwari also explained about a student should plan. How planning will help them to succeed in life.

HAPPY

Grandparents

... day ...

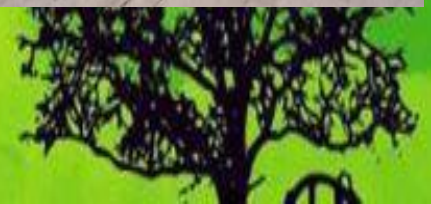

GRAND PARENTS DAY CELEBRATION

Grandparents are a delightful blend of Laughter, caring deeds, wonderful stories and love. Grandparents day is celebrated to show the bond between grandparents and grand children. We, at San Academy Kamakoti nagar celebrated grandparents day on 28th June 2022 to show love of the children towards their grandparents day. The grandparents were given a warm welcome with flowers and rosewater. Grandparents expressed their love for their grandchildren through their speech. kids delighted their grandparents by singing English rhymes and Tamil rhymes. Then children were guided in making a greeting card for their grandparents. These enchanting memories were captured as photos and grandparents very delighted to receive the greeting cards made by their grand children. The celebration of grandparents day gives an opportunity to show love for their children and to help children become aware of strength , information and guidance older people can offer.

WORLD OCEAN DAY

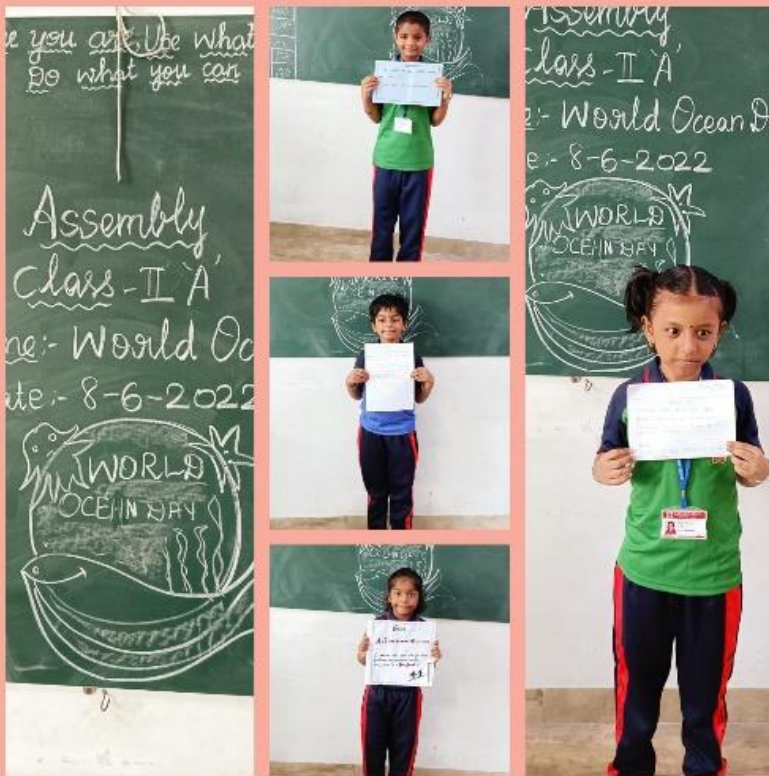

“**Revitalization: Collective Action for the Ocean**” is the theme for World Oceans Day 2022, shedding light on the communities, ideas, and solutions that are working together to protect and revitalize the ocean and everything it sustains. The concept of a 'World Oceans Day' was first proposed in 1992 at the Earth Summit in Rio de Janeiro as a way to celebrate our world's shared ocean and our personal connection to the sea, as well as to raise awareness about the crucial role the ocean plays in our lives and the important ways people can help protect it.

CLASS 1

CLASS 2

WORLD MUSIC DAY

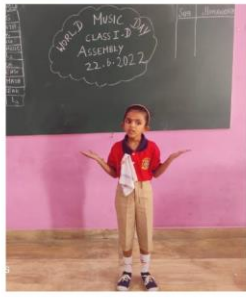

Since the 'Music Day' originated in France, it is called 'Fete de la Musique' in French meaning 'Music Festival'. The day is being celebrated worldwide **to encourage the musicians**. Like every year, World Music Day 2022 will be an opportunity for professional and non-professional musicians to showcase their talents. This year, the theme of the day is “**Music on the intersections.**” Those who love to hear music can celebrate the day by listening to music and songs. It may be noted that the first music celebrations were started by France's Minister of Culture, Jack Lang, as also by and music composer Maurice Fleure

WORLD FOOD SAFETY DAY

The intent behind the day is to **promote awareness and encourage adequate steps to prevent, detect and manage foodborne risks**. The day was set aside by the United Nations in 2018 to raise awareness of food safety. The theme for World Food Safety Day 2022 is '**Safer food, better health**' **WORLD FOOD SAFETY DAY 2022**: In a bid to detect, manage, and avert foodborne risks and improve human health, World Food Safety Day is observed annually on June 7. The primary focus is to **tackle global hunger and strive to eradicate hunger across the world**. In 2022, the World Food Day will fall on a Sunday. The day is celebrated by all UN member states, which includes India.

WORLD BLOOD DONOR DAY

The World Blood Donor Day slogan for the year 2022 is “**Donating blood is an act of solidarity.** Join the effort and save lives” in order to draw attention to the roles that voluntary blood donations play in saving lives and enhancing solidarity within communities. Every year countries around the world celebrate World Blood Donor Day (WBDD). The event serves to raise awareness of the need for safe blood and blood products and to thank voluntary, unpaid blood donors for their life-saving gifts of blood.

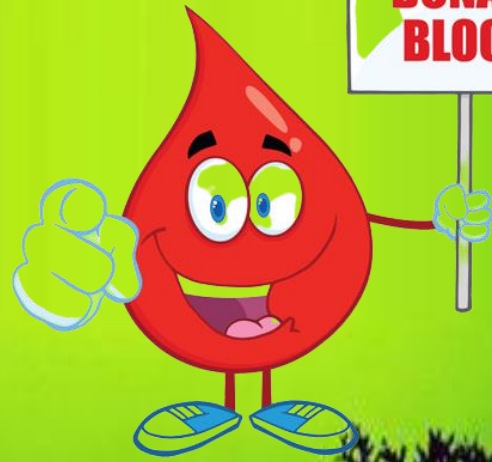

A blood service that gives patients access to safe blood and blood products in sufficient quantity is a key component of an effective health system. The global theme of World Blood Donor Day changes each year in recognition of the selfless individuals who donate their blood for people unknown to them.

INTERNATIONAL PICNIC DAY

International Picnic Day is celebrated every year on June 18 to encourage everyone to go out and spend an amazingly easy and stress-free day with their loved ones. Picnics are a fun party that does not require a big budget, you just need good weather and a good place to engage with your family and friends. It's often claimed that life is no picnic – but today it is!

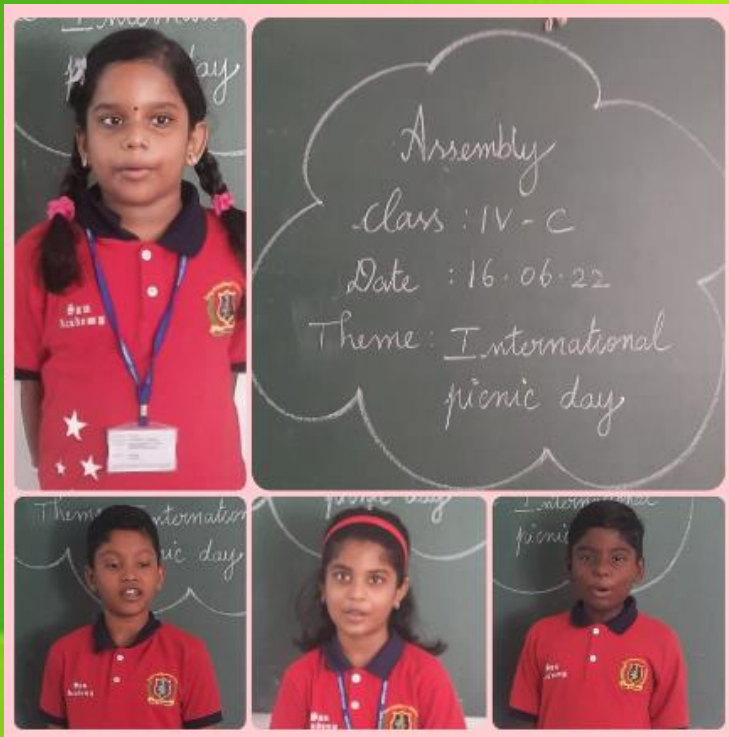

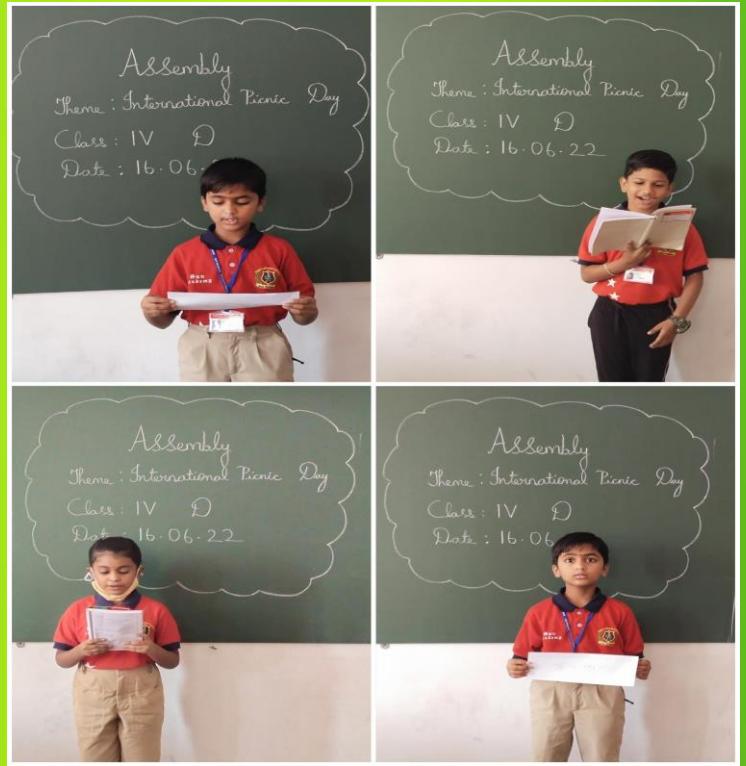

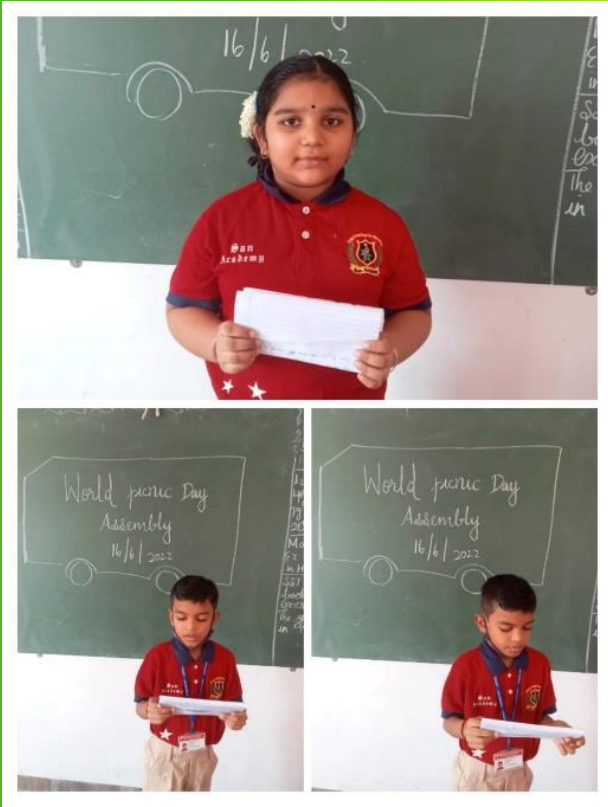

International Picnic Day is a chance to eat out in the open air with friends or family.

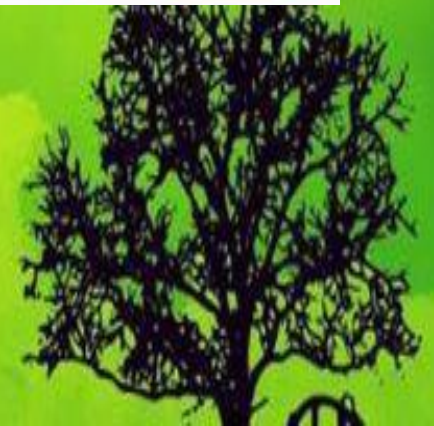

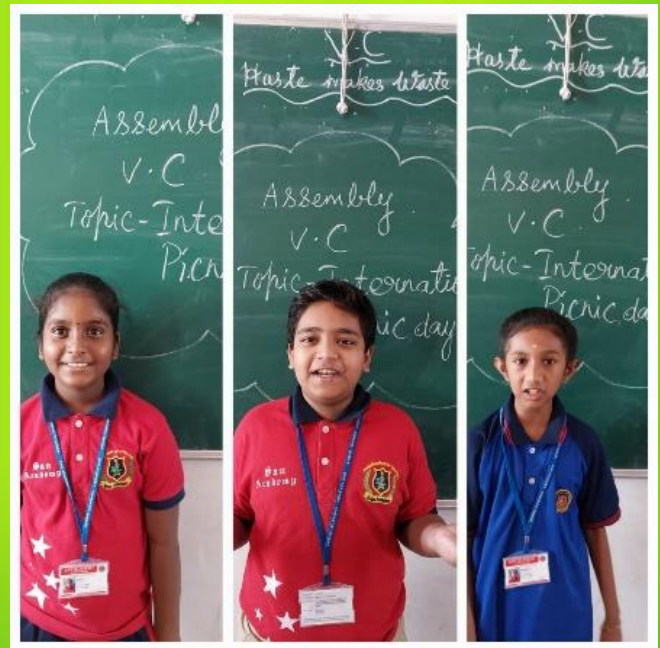

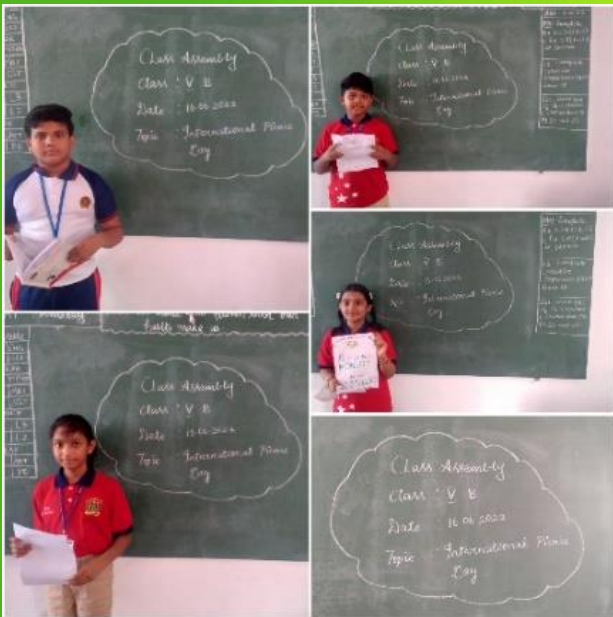

Placed conveniently in the middle of June, for many people this means that the weather should be fine and the sun shining (at least in the northern hemisphere). But even if the weather doesn't want to cooperate, an inside picnic can be a great substitute. Just spread a blanket out on the floor and enjoy a simple meal!

So get that picnic basket ready and get started celebrating International Picnic Day.

WORLD DAY AGAINST CHILD LABOUR

The International Labour Organization (ILO) started observing World Day Against Child Labour in 2002 with **an aim to highlight the plight of children who are the victims of child labour**. The day serves as a catalyst to take forward the global movement against the practice. Social protection is both a human right and a potent policy tool to prevent families from resorting to child labour in times of crisis. However, as of 2020 and before the COVID-19 crisis took hold, only 46.9 per cent of the global population were effectively covered by at least one social protection benefit. Coverage for children is even lower. Nearly three quarters of children, 1.5 billion, lacked social protection.

WORLD ASTEROID DAY

The International Asteroid Day focuses on **preparing the planet for a potential asteroid impact**. The day also encourages space exploration. June 30 is observed as the International Asteroid Day around the globe to educate people about asteroids

The date was chosen to observe the anniversary of the Tunguska asteroid impact over Siberia, on **June 30, 1908**. The idea to mark the day was proposed by the Association of Space Explorers which was endorsed by the Committee on the Peaceful Uses of Outer Space (COPUOS)

NO

DAY

CLASS 1 TO 5

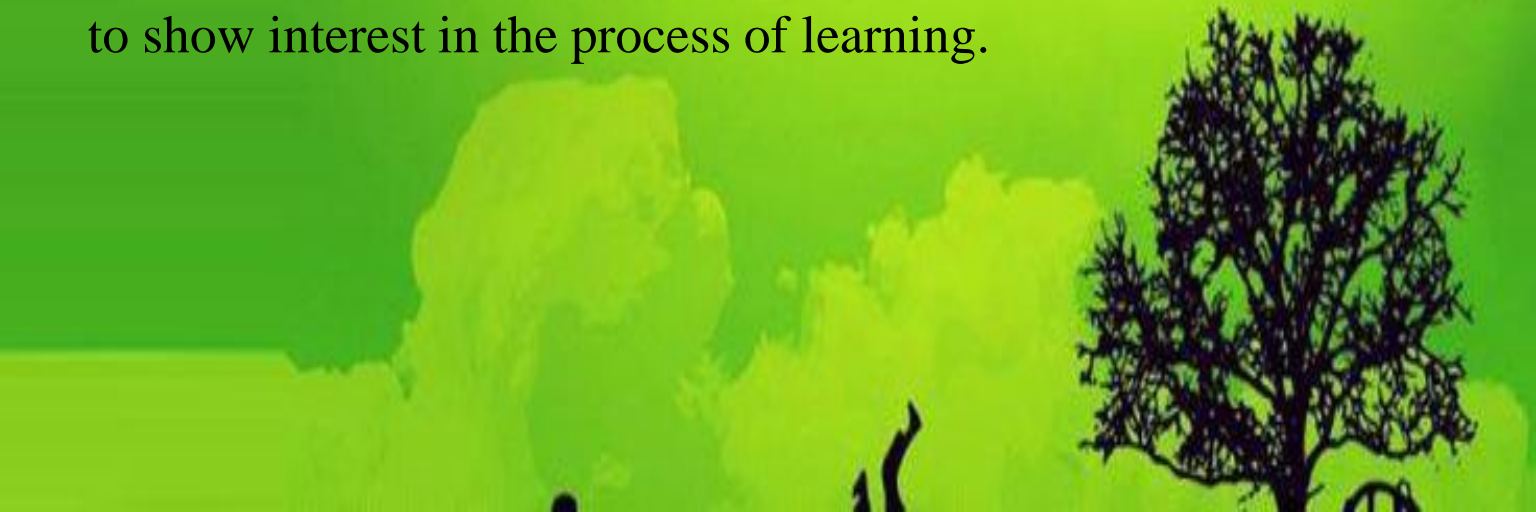

San Academy Group of School, Kamakoti Nagar branch conducted " *No bag day* " on Saturday 11/06/22 for class 1 to 5 students to reduce pressure on school children.

For Physical, Mental, intellectual development of students, Students were given a day off from studies without carrying a bag and engaged them in various creative activities. On this day few activities were planned

- **Musical chairs**
- **Xoxo games**
- **Name, place, animal things**

Students also played some interesting games that helped them to think and act, they also danced and sang songs, this helped teachers to identify the student's budding talent.

It also increased the interaction between teacher and students. Through creative activities and games, students were indulged to show interest in the process of learning.
