NURSERY

THEME: SENSE ZONE

A sense is a biological system used by an organism for sensation, the process of gathering information about the world through the detection of stimuli. The five human senses were traditionally identified as see, smell, touch, taste, and hearing. Children were given different activities, to understand the theme and the different sense organs associated with the same.

ART AND CRAFT

MOBILES - Shape man/Sense Headgear 06.07.2023

Take home activities gives kids a sense of achievement and allow them to take pride in their work which builds confidence. Based on the theme, girls did art and craft as "my 5 sense head gear" and boys did "shape man". Children learned to know about sense organs of the body and it also helps to improve concentration, hand-eye coordination, and improve their fine motor skills.

WORLD CHOCOLATE DAY CELEBRATION

07.07.2023

World chocolate day celebrates the supposed anniversary of chocolate's introduction to Europe in 1550. It is a day when candy stores and local suppliers worldwide offer their best chocolate treats for people of all ages to enjoy. All children enjoyed the dance performance by their friends and learn the importance of the chocolate day celebration and they did the take-home activity as a lollipop. This improves the child's hand and eye coordination.

TERM 1

INTRA-SCHOOL COMPETITION

My favourite sports person – 10.07.2023

Intra is used to indicate something that is happening "within" the same group. Healthy competition inspires kids to do their best. When students compete they will become more inquisitive, research independently, and learn to work with others. They will strive to do more than is required. Playing any physical sport keeps our hearts and lungs healthy and strong, vital for leading healthy life. Involving in physical activity like playing a competitive game instills good values and helps them to become better humans. All children dress up like their favorite sportsmen with props. They performed and expressed what they are.

ART AND CRAFT - DRAWING

Draw patterns - 11.07.2023

Drawing plays a big role in our children's cognitive development. It can help children to think creatively, develops hand-eye coordination, hone analytic skills, and conceptualize ideas. Drawing encourages children to solve problems creatively. Children drew the "standing line" and "within the outline of the pattern". It helps them to know how to draw the pattern effectively and it improves eye and hand coordination and fine motor skill.

SPECIAL EVENT

SENZO PLAY DAY – 17.07.2022

"Senzo Play Day" is an important event for children, as it provides them with opportunities to learn and explore through their senses, and it helps to build important life skills, such as creativity, problem-solving, and social skills and also helps to encourage sensory exploration and learning. Children came in colorful dresses. Teachers explain sense organs. They also learned about sense organs through AV. Children did the take-home activity as headgear of sense. This improves a part of early childhood development, as it helps children to explore and make sense of the world around them. Sensory activities can also help to develop fine motor skills and hand-eye coordination.

GROUP ACTIVITY – 18.07.2023

Group activity gives children an opportunity to learn in a new context, and this approach can help students with different learning styles. Children did this activity based on the topic "sense organ - I see, I smell, I taste, I hear, I feel". It helps the children to understand the uses of 5 sense organs and also improves concentration and motor skills

SKILL DEVELOPMENT

JUMP INTO HOOLA HOOPS - 19.07.2023

Skill development is a process of identifying one's skill gaps and developing and honing these skills. It is important because skills determine the ability to execute plans with success. Playing with hoops strengthens muscles, improves coordination, and develops gross motor skills, balances body awareness, and muscular coordination.

PERSONALITY DEVELOPMENT

MAGIC WORDS - 20.07.2023

Children learn many things at a very young age. Learning good habits and manners is important. In personality development, they learned about magic words like 'Please, Sorry, Thank you, Welcome, and Excuse me'. The teacher started with a story called Magic Tree. The kids were very excited to listen to the story. They were able to say the magic words in different situations.

THEME: COMMUNITY CONNECT

Community helpers are the individuals who live and work in our community and ensure that the community stays healthy, safe, and happy. These community helpers do everything they can to help us and make our lives easier by providing us with goods and services. Children learned about a few community helpers like Doctors, Nurses, Teachers, policemen, postmen, etc., and about the tools, the workplace, and the costume they wear.

ART AND CRAFT

MOBILES - Doctor/Nurse -04.07.2023

Take-home activities give kids a sense of achievement and allow them to take pride in their work which builds confidence. It also enhances social behavior and a better understanding of the theme. Children made Doctor and Nurse puppets as a take-home. This activity also helped with fine motor skills and focus.

system

THEME: OUR BODY SYSTEM

The human body is made up of multiple interacting systems. Each system in the human body has a special function. Your skeletal system gives your body support and structure, so you can stand up. Your immune system helps you stay healthy by fighting off diseases. Each of these systems also interacts with each other. Children learned the importance of the body system and the function of the body. In this theme, students learned about major body systems, and the major function of each, and relate this information to their own bodies.

ART AND CRAFT - DRAWING

Body Outline - 04.07.2023

Drawing plays a big role in our children's cognitive development. It can help children to think creatively, develops hand-eye coordination, hone analytic skills, and conceptualize ideas. As the theme is 'Our body system, children drew the outline of a body in their drawing book. A few children out of interest drew the body parts. This activity helps them to develop their eye-hand coordination, tripod grip, and creativity.

SR.KG - B

ART AND CRAFT - 06.07.2023

MOBILES - Rib Cage/Feel the texture

The importance of Arts and crafts spreads to academic excellence as well. Despite the common misconception, Arts and Crafts actually help children with their concentration, thinking skills, visual learning, and more, which has proven to increase IQ levels. Based on the theme "Our Body System" ribcage was made as a craft. The content was explained to the children. The ribcage protects the heart and the lungs. Palm cut out to represent the texture of feeling of the skin - rough, hard, smooth, soft, and bubbly.

TERM 1

INTRA-SCHOOL COMPETITION

Clay Modelling – 10.07.2023

Intra Competitions at a young age train children to achieve and be proud. One of the great benefits of clay modeling for kids, apart from a boost to hand-eye coordination, is the development of those fine motor skills. Clay Modelling - the topic was boy or girl. The children were given clay and they made models of boys or girls. The children with full enjoyment did the modeling. Their creativity was amazing.

SR.KG - A

SR.KG - B

BUNNY PROGRAMME

PEG THE LEAF - 12.07.2023

The children were made to do an activity to peg the leaf on the string tied to either pole. They also learned a bunny song bunny salute. The children enjoyed pegging the leaf to the string. Play with Pegs, leaves, and rope improves their fine motor development which in turn helps the children hold the pencil properly and can write with a proper pencil grip.

SR.KG - A

SR.KG - B

SKILL DEVELOPMENT

ZIPPING - 17.07.2023

The greatest benefit of creating this zipper board activity is strengthening the muscles in the fingers by moving the zipper up and down. The children happily did the activity. This improves their fine motor skills, concentration, hand-eye coordination, and their tripod grip.

SR.KG - A

SR.KG - B

SHOW AND TELL - 19.07.2023

Children have a lot of thoughts to share. Show-and-tell activities help them to express their thoughts in words. Children spoke about their given topics in a few sentences. They were so proud to show their props and speak in the mic. Each child was given a different topic based on this month's theme. Few kids tried to speak on their own.

SR.KG - A

SR.KG - B

ART AND CRAFT - SCRAPBOOK ACTIVITY

TONGUE - TASTE BUDS - 20.07.2023

Just like we have 5 senses, we have 5 tastes. They're located inside the tiny bumps covering our tongue called papillae. Taste buds let us know what we're eating and drinking and whether it tastes "good" or "bad." This information makes eating pleasurable, which helps keep our body nourished. Accordingly, the children were asked to stick a tongue craft on the lip-shaped chart and they were made to name the taste buds part - sweet, salty, sour, and bitter. The children enjoyed doing this activity

SR.KG - A

SR.KG - B

GENERAL CLASS

OUR BODY SYSTEM - 24.07.2023

General Class makes children understand the body system function. Five sense organs, skeletal system, internal organs, and external organs. Children learn in a fun way. Children sang the song about the five-sense organs. Based on the theme Our Body System the children were asked a few open questions about the parts of the body. The questions were based on sense organs, internal organs, and external organs. A few topics were given to the children to explain. The children enjoyed the session.

SR.KG - A

SR.KG - B

NO PLASTIC PROJECT - 24.07.23

What is plastic? How do we get it?

No plastic project creates awareness in children. Knowledge about plastic and its impact on the environment is a must for kids. The teacher explained about Plastic and the method we get plastic. She showed plastic products and discussed the good and bad. Children came to know about the importance of steel. The children were taught how plastic was made and how it is made. They were explained about the toxic chemical which was mixed with the plastic and how dangerous the usage of plastic is.

SR.KG - A

SR.KG - B

GROUP ACTIVITY

INTERNAL ORGANS - 25.07.2023

Group activity gives children an opportunity to learn in a new context, and this approach can help students with different learning styles. In a group activity, the children were made to collage the internal organs like the small intestine, large intestine, stomach, heart, lungs, and kidney. The creativity of the children was amazing. They then differentiated the organs with different colors of paper collages. The children enjoyed the activity.

SR.KG - A

SR.KG - B

PERSONALITY DEVELOPMENT

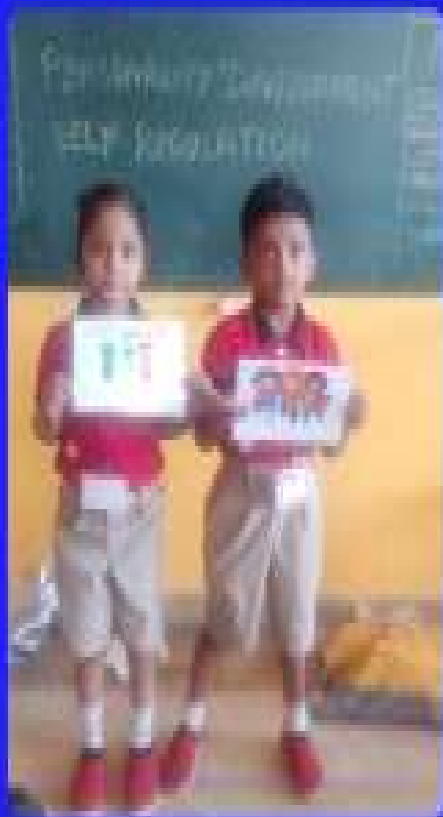

SELF REGULATION - 28.07.2023

Self-regulation is a needed personality development topic for this age children. Self-regulation is the ability to manage your emotions and behavior in accordance with the demands of the situation. Self-regulation is important, specifically for children. The ability to regulate one's behavior at a level appropriate for age is crucial for effective learning at all ages. The teacher explained about self - regulation meaning and explained briefly how to be calm when they are upset, how to behave with friends, and how to behave in school.

SANKAM COMFIESTA EDITION II

**SANKAM – COMFIESTA SEASON 2 - ECSTASY AT SAN
ACADEMY KAMAKOTI NAGAR (15.07.2023)**

“What do you need to start a business? Three simple things: know your product better than anyone, know your customer, and have a burning desire to succeed.”

San Academy Kamakoti Nagar conducted its second season of the Inter School Commerce Festival “COMFIESTA” on 15 July 2023. An event like this cannot happen overnight. The wheels started rolling weeks ago as it requires planning and a bird’s eye for details. We have been fortunate enough to be backed by a team, lead by our Vice Principal Mrs. Devika Vinod, our Academic Coordinator Mrs. Lavanya Krishnan, Event Coordinator Mrs. Saritha and Event Collaborator Mr. Mohammed Yusuf, of very proactive and dedicated teachers of our institution who are well versed in their job. Their involvement and their willingness to take on the completion of tasks beyond their comfort zones was well appreciated. Our respected Principal Mrs. Ganga Natarajan was the catalyst that stimulated us to do our best and stood as pillar of strength in the entire process. Our student council took the responsibility in conducting the event under the able guidance of their teachers and support of the student volunteers.

Our purpose for conducting this programme was to provide a platform for students to showcase their business and economic skills, and to promote healthy competition among schools. It was also to help enhance students' analytical and strategic thinking abilities, as well as their ability to work in a team. The competitions also aimed to encourage the students to pursue their interest in commerce and economics, and to prepare them for future careers in this field.

The competitions were very unique to kindle the interests of students towards business, entrepreneurship and commerce skills. This year the students were tested on submitting business plans supported by video presentation, developing a rebranding strategy, strategies for managing employee relations, quiz, Case study analysis, presenting designs for Green Business, Logo designs, Slogan writing, Business storytelling and Logistics and Transport Management. They were judged on Originality of idea, Feasibility, Marketing Strategy, Financial plan, Creative execution, Problem Solving, Communication Skills and Time Management among other criteria. Each event had a judge who had made a name for himself/herself in the specific field. Even though the competitions were commerce based, the occasion was a platform to celebrate the spirit of competition not only among the students of 11th and 12th grade students of commerce discipline but also the students from 9th and 10th grade, to give an exposure to the commerce stream.

It was an honour to host two Chief Guests for the day, one for the Inaugural function and one for the Valedictory Function. Mr. Bala, an Entrepreneur, who has his own brand venture Cogzidel, used his wealth of experience of offering backend support services to business owners, to give tips to students on commerce and economics and various paths the subjects could lead to. He encouraged the students to have a vision and pursue it diligently so that their future remains bright. The young participants were given various tips on starting their own venture. Mr. Kuhan Madhan, a policy specialist with Guidance TN, gave several pointers to the young entrepreneurs in the audience using his experience by handling several industrial policy related projects. He appreciated the students for being on the right path to success.

While the first edition had registrations from about 10 schools and 150 students from reputed CBSE Schools, this year the event had an overwhelming response as the school hosted 525 students from 34 schools, some travelling from Cuddalore and Erode.

While DAV Adambakkam won the runner up trophy, the Overall Champions were NSN Memorial School.

Congratulations ,Well Done Organizers! Well Done Participants!!

WINNERS-NSN MEMORIAL SCHOOL.

RUNNERS- DAV ADAMBAKKAM

COMFIESTA SEASON 2 - ECSTASY AT SAN KKN

"What do you need to start a business? Three simple things: know your product better than anyone, know your customer, and have a burning desire to succeed."

San Academy Kamakoti Nagar conducted its second season of the Inter School Commerce Festival "COMFIESTA" recently. An event like this cannot happen overnight. The wheels started rolling weeks ago as it requires planning and a bird's eye for details. The school had a festive look welcoming the students and letting others know about the ongoing event.

The classrooms were arranged and decorated according to the event that was to take place. Food stalls were put up. The school band entertained the audience during the break.

The contestants vied with each other showing their competitiveness by making the contests stimulating. The electrifying response TV from the students was the showcase of the event which was a good boost for the organizers. While DAV Adambakkam won the runner up trophy, the Overall Champions were NSN Memorial School. Congratulations kids. Well done organisers! Well done participants!!

SPORTS

Day

7th ANNUAL SPORTS MEET @ SAN ACADEMY KAMAKOTI NAGAR

“The five S’s of sports training are: stamina, speed, strength in, skill, and spirit; but the greatest of these is spirit.”

Keeping in mind that sports, stresses on the importance of coming out and putting in physical effort that directly reflects on the health and fitness of the participants, San Academy Kamakoti Nagar makes the Sports Day a regular feature in the Academic Calendar. The event, inculcating sportsmanship, leadership, unity, competitive spirit among the children, had the students from Classes III to XII showcase their skill at the YMCA Grounds on 22.07.2023 while Classes I - II along with nursery and the kindergarten demonstrated their prowess at the DB Jain grounds on 29.07.2023, .We had four different themes for our Sports Day 'GEOMETRY IN NATURE' for Nursery and Kindergarten, 'CHAK DE INDIA' for classes I & II, SPORTING SPRINT for Classes III - V and finally 'CHALLENGING GAMES' for classes VI - XII.

While the march past was led by the School Head Boy, Rohan Dinesh, and Head Girl Harinee, the Olympic Torch was lit by Sports Captain Vasanthakumar who followed it by the oath. The occasion was accompanied by the glorious beat of the band and the dignity of bunnies, cubs, bulbuls, scouts and guides. The students who were part of the world record on the International Yoga Day (continuously doing suriyanamaskar for 23 minutes), were rewarded that day for their efforts. Taking advantage of the fact that kids have dynamic learning capabilities that are enhanced by their observation skills, basic shapes and colours were used in the parade for the theme 'GEOMETRY IN NATURE'. The parade used props such as a tent, candle, gift box, spider web, mushroom and chilli to denote different shapes around them. For the theme 'CHAK DE INDIA', the march past paraded the representatives of 28 states depicting the salient features of each state. They had taken their position during the finale drill when the curtain came down and the students formed an Indian map. The students from classes I to XII entered the arena house-wise in their proud colour led by the House Captains and the Assistant House Captains.

Creative activities help children to develop their fine motor skills, hand-eye coordination, spatial awareness and reasoning. These skills were tested in the display events as shapes including diamond, hexagon, cube, rectangle were used to encourage the students to make a kite, solve a puzzle, construct using blocks and act as honey bees to build their hive and collect nectar. These display events can be beneficial as it involves lots of physical activity, including jumping and rolling. It represents beauty, grace and delicacy. They needed ingenuity, expertise, endurance and skill for execution. Meticulous planning could be witnessed on track. They used props like hula loops, low hurdles, rope, yoga mat, ball, jig saw pieces, stacking rings, among others for classes 3-5. Before the commencement of each event various attributes of the event was listed out by ensuring that the onlookers had an idea of how the respective theme fit into them. They walked on coconut shells, played Lakhoti, Seven stones, polo and other local games popular across the country.

The drills were really eye-catching. The Junior Kg gave a breath-taking performance with props (cut-outs of common items) signifying the shapes circle (orange), oval (kiwi fruit) and triangle (sliced watermelon)

. The energetic shining stars from Senior Kg lighted up the ground. We had the regional essence in Dhols, Lezims to the beat of a thundering beat leading to a boisterous display by the participants from classes I and II. The students from Classes IV - VIII used props like sporting equipment, bats, cubes, steppers, colourful cloth and poles for energetic drill presentation. As the chief goal of our school is to bring all-round development for the students, we have professional trainers for both Karate and Silambam. The students displayed their skills to the audience present much to the pleasure of proud parents. Apart from these two martial art forms, also on show was Kalaripayattu (using cardboard weapons) by class III. The finale drill captured the attention of one and all as it dwelt on the IPL. We had players and cheerleaders for both Mumbai Indians and Chennai Super Kings vying for the coveted trophy. Mr. Anbarasan gave an authentic look to the programme by acting as an anchor.

Our Chief guests Mr. Elamvazhudhi, an Indian kabaddi player, Ms. Indumathi Kathiresan, an Indian football player, Mr. R. Balasubramani, an International Volleyball player and Mr. Mr. Mohamed Ishan, HOD – PHYSICAL EDUCATION at Lalaji Memorial Omega International School, a football player, emphasized that sports are an incredibly important part of our culture, and athletes are not only famous, but also have a lot to teach us about life. They enlightened the kids that sports give us the opportunity to be our best and push our limits, as they can teach us much about life and about ourselves. They appreciated the competence displayed by the students. They were very impressed by the display of such small children and appreciated the effort they put in to make the event a grand success.

It was a delight to see the excitement with which children challenged themselves to attempt variety of races like the sprint, middle distance race, the relay and the display events. The winners did not have to wait long for their medals as the prize distribution followed immediately after each set of events. While the masters of ceremony kept the audience updated on various activities throughout the day, ample support was given by track anchors by relaying live commentary from the track. Parents who had been so encouraging and cheering our students all long had their moment of glory on the field with their wards cheering them on.

Kudos Children! May you scale great heights

7th ANNUAL SPORTS MEET AT SAN KKN

"The five S's of sports training are: stamina, speed, strength in, skill, and spirit; but the greatest of these is spirit."

Keeping in mind that sports stresses on the importance of coming out and putting in physical effort that directly reflects on the health and fitness of the participants, San Academy Kamakoti Nagar makes the Sports Day a regular feature in the Academic Calendar. While the march past was led by the School Head Boy, Rohan Dinesh, and Head Girl, Harinee, the Olympic Torch was lit by Sports Captain Vasanthakumar

who followed it by the oath. The occasion was accompanied by the glorious beat of the band and the dignity of bunnies, cubs, bulbul, scouts and guides. The students who were part of the world record on the International Yoga Day (continuously doing suriyanamaskar for 23 minutes), were rewarded that day for their efforts. Taking advantage of the fact that kids have dynamic learning capabilities that are enhanced by their observation skills, basic shapes and colours were used in the parade for the theme 'GEOMETRY IN NATURE'. The parade used props such as a tent, candle, gift box, spider web, mushroom and

chilli to denote different shapes around them. For the theme 'CHAK DE INDIA', the march past paraded the representatives of 28 states depicting the salient features of each state. They had taken their position during the finale drill when the curtain came down and the students formed an Indian map. The students from classes I to XII entered the arena house-wise in their proud colour led by the House Captains and the Assistant House Captains.

The drills were really eye-catching. The Junior Kg gave a breath-taking performance with props (cut-outs of common items) signifying the shapes circle (or-

ange), oval (kiwi fruit) and triangle (sliced watermelon). The energetic shining stars from Senior Kg lighted up the ground. We had the regional essence in Dhols, Lezims to the beat of a thundering beat leading to a boisterous display by the participants from classes I and II. The students from Classes IV - VIII used props like sporting equipment, bats, cubes, steppers, colourful cloth and poles for energetic drill presentation. As the chief goal of our school is to bring all-round development for the students, we have professional trainers for both Karate and Silambam. The students displayed their skills to the audience present much to the pleasure of proud parents. Apart from these two martial art forms, also on show was Kalaripayattu (using cardboard weapons) by class III. The finale drill captured the attention of one and all as it dwelt on the IPL. We had players and cheerleaders for both Mumbai Indians and Chennai Super Kings vying for the coveted trophy. Anbarasan gave an authentic look to the programme by acting as an anchor.

This spectacular extravaganza was the result of tireless effort of Physical Director Manikantan,

Physical trainer Muthu Balakrishnan, Karate Master Kulmaran, Silambam Master Satish, the Aerobics Master Dinesh, with a strong support, guidance and inspiration provided by Principal Ganga Natarajan from the moment the idea had taken root till the execution level. They were also assisted by the respective coordinators during the entire organization of the event.

Chief guests Elamvazhuthi, an Indian kabaddi player, Indumathi Kathiresan, an Indian football player, R. Balasubramani, an International Volleyball player and Mohamed Ishan, HOD - PHYSICAL EDUCATION at Lalaji Memorial Omega International School, a football player, emphasised that sports are an incredibly important part of our culture, and athletes are not only famous, but also have a lot to teach us about life.

The day was filled with exciting victories and near misses for all the houses. At the end of the day everyone present realized that sports help us lead a healthy life and also teach us how to play honestly, win honorably, lose gracefully, respect authority, how to adjust with others, learn management and importance of time in the long run.

CYCLOTHON-COMMUNITY CONNECT

IT'S NOT A RACE

Community Connect by San KKN @ Cyclothon

We at San Academy Kamakoti Nagar have a strong sense of community bonding in the neighbourhood and utilize every opportunity that comes in our way to prepare our students to unite the community for any global or local issue. We take initiatives to connect with the community and collaborate with different agencies, including hospitals, to establish an educative community. We observe many important days throughout the academic year and try to involve our neighbourhood with our activity.

We are proud to say that 23 students from our school participated in the 2nd edition of "Winners on Wheels 2023 Cyclothon" conducted by Apollo Cancer Centres, who conducted this momentous event with an aim to create awareness about Sarcoma, a rare and often misunderstood form of cancer. These ambassadors of courage and determination exhibited unparalleled perseverance in riding 5 km victoriously and inspiring millions to celebrate every moment of life, and propagate the message that cancer is curable with timely diagnosis and the right treatment. Our students with the right blend of patience, empathy, sensitivity and curiosity, took the initiative to be a part of such a significant event.

INTERNATIONAL TIGERS DAY

Global Tiger Day, often called International Tiger Day, is an annual celebration to raise awareness for tiger conservation, held annually on 29 July.^[1] It was created in 2010 at the Saint Petersburg Tiger Summit in Russia goal of the day is to promote a global system for protecting the natural habitats of tigers and to raise public awareness and support for tiger conservation issues. International Tiger Day has been shown to be effective in increasing online awareness on tigers through information search

CLASS II A

PAPER BAG DAY

On July 12, World Paper Bag Day is celebrated annually to promote the significance of utilizing paper bags instead of plastic. On July 12, World Paper Bag Day is celebrated annually to promote the significance of utilizing paper bags instead of plastic

The significance of Paper Bag Day lies in its role in promoting a greener and cleaner planet. Due to their non-biodegradable nature, plastic bags are a big threat to mother Earth. They often end up in landfills or find their way into oceans, posing a significant threat to marine life.

PAPER BAG DAY

CLASS II D

The background is a bright yellow color. On the left side, there are decorative elements including a vertical yellow ribbon-like shape and several yellow swirls. In the center, there is a large, pink, scalloped-edged shape that contains the text. Inside this pink shape, there is a dashed yellow line forming a similar scalloped border.

INTERNATIONAL IV-B TIGER DAY

INTERNATIONAL TIGER DAY

* Tiger day Slogan:

Don't be wild to tigers. Save them! Hear their roar, for they may be no more. Tigers are one of a kind; always keep them in mind, shoot the tigers with a camera, not a gun!

* Global Tiger Day is celebrated every year on July 29th.

The day was founded in 2010. The day was celebrated in 2010 after it was found that 97% of all wild tigers had disappeared in the last century, with about only 5,000 remaining.

* The first Tiger Park in India is Jim Corbett National Park.

* In India, at the end of 19th Century, there were 40,000 tigers. At the time of the British in 1910 there were only 1000 tigers. When India was Prime Minister 'Project Tiger' was launched on April 1973.

* Tiger is most loved animal in world for reason in its majestic and colorful body. This is why seven of the 13 countries that have the most tigers in the world have joined the 'Global Tiger Forum' to protect them.

* Its headquarters is in New Delhi.

The Tiger (*Panthera tigris*) is the largest living cat.

By: Paarni Arvind, IV-B

INDIAN TIGERS

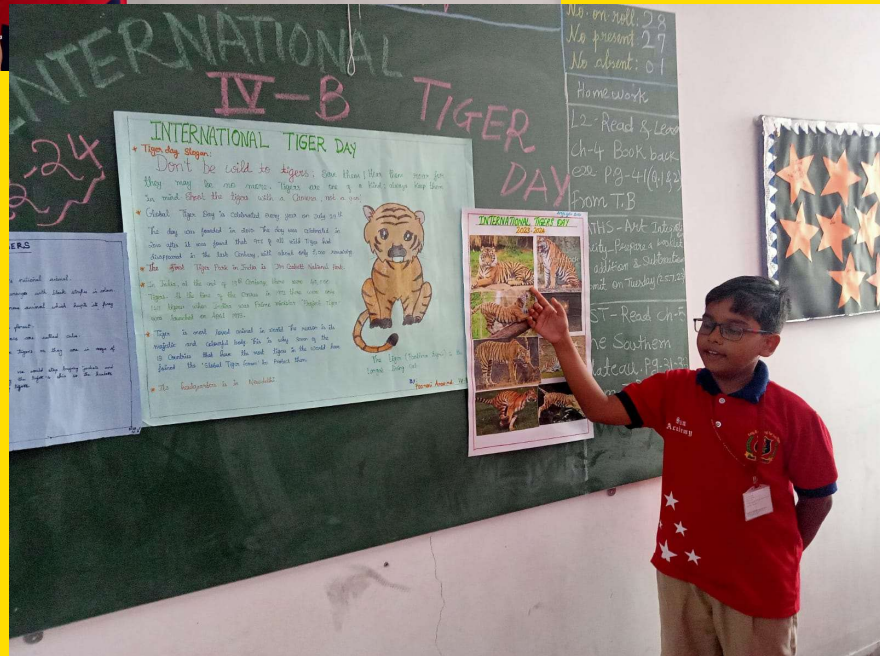

- * Tiger is India's national animal.
- * It is a spotted orange with black stripes in color.
- * It is a carnivorous animal which hunts its prey for food.
- * It lives in the forest.
- * Tiger young ones are called cubs.
- * We should save tigers as they are in danger of extinction.

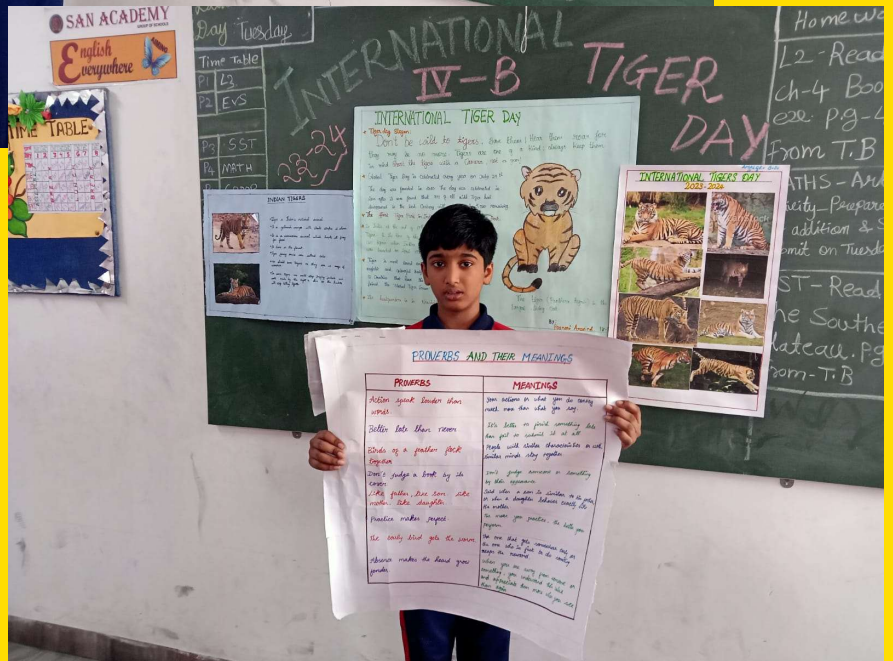

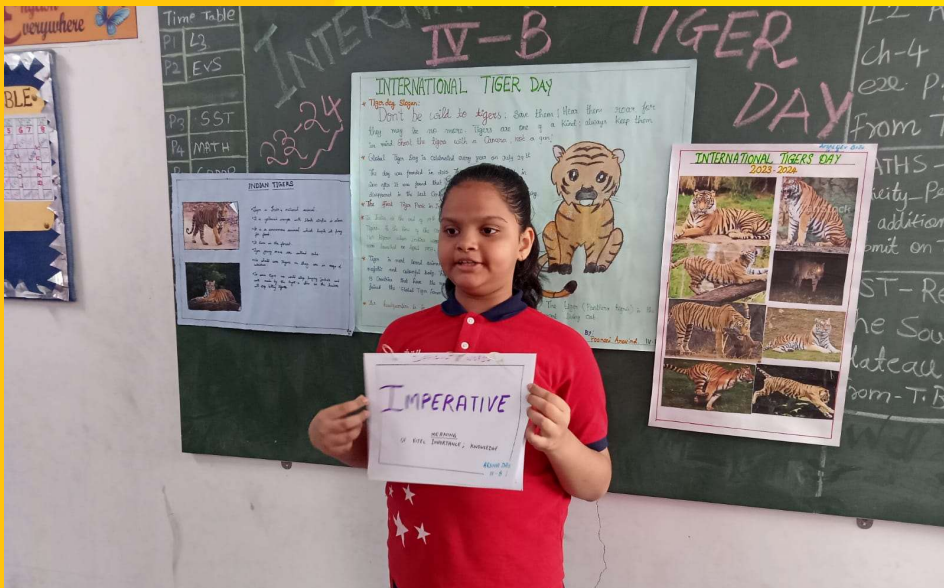

So we tiger, we would stop buying products and eat made by the tiger's skin as the Indian is a big tiger.

INTERNATIONAL TIGERS DAY 2023-2024

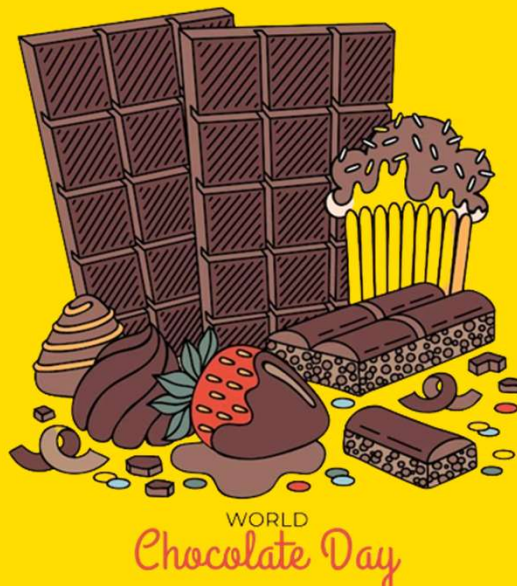

WORLD CHOCOLATE DAY

World Chocolate Day, sometimes referred to as International Chocolate Day, or just Chocolate Day, is an [annual celebration](#) of [chocolate](#), occurring globally on July 7, which some suggest to be the anniversary of the introduction of chocolate to Europe in 1550. The observance of World Chocolate Day dates back to 2009.

Other Chocolate Day celebrations exist, such as National Chocolate Day in the [United States](#) on 28 October. The U.S. National Confectioners Association lists 13 September as International Chocolate Day, coinciding with the birth date of [Milton S. Hershey](#) (September 13, 1857). Ghana, the second largest producer of cocoa, celebrates [Chocolate Day](#) on February 14. In Latvia, World Chocolate Day is celebrated on July 11.

FRIENDSHIP DAY

Friendship Day is a day in several countries for celebrating friendship. It was initially promoted by the greeting card industry; evidence from social networking sites shows a revival of interest in Friendship Day that may have grown with the spread of the internet, particularly in India, Bangladesh, and Malaysia.

Mobile phones, digital communication, and [social media](#) have contributed to popularize the custom. Those who promote the day in [South Asia](#) attribute the tradition of dedicating a day in honour of friends to have originated in the United States in 1935

Celebrating an Archery Champion! 🏆 We are thrilled to extend our heartfelt congratulations to Kowshini R of IV A for her exceptional achievement in the 8 and under female beginner category at the Open National Indoor Archery Championship 2023 organized by Jayam Archery Academy! 🌟

🎯 Kowshini's dedication, skill, and determination have led her to secure the first position in this prestigious competition. Her focus and commitment to her craft are truly commendable, and her victory is a testament to her hard work paying off. We are immensely proud of Kowshini's success and the honor she has brought to our school. Her achievement serves as an inspiration to her peers and the entire school community. Let's give a resounding applause to Kowshini R for her remarkable win and wish her continued success in her archery journey and beyond! 🏹 🏆
