NURSERY

THEME: CLIMATE CORNER

Climate refers to the average atmospheric conditions that prevail in a given region over a long period of time—whether a place is generally cold and wet or hot and dry. Weather refers to short-term atmospheric conditions—the temperature and precipitation on a certain day. A region's weather patterns, usually tracked for at least 30yrs are considered its climate. There are different types of climates they're summer, winter, cloudy, autumn, and spring.

ART AND CRAFT

MOBILES - Clouds and Flowers

01.03.2023

Crafting helps develop fine motor skills, it boosts counting and pattern recognition. It teaches shapes and colors. Crafts encourage critical thinking in children. This activity helps the children to explore and express their emotions and gives a sense of achievement. Based on the theme "Climate Corner" children made "clouds and flowers" as mobile. They enjoyed sticking raindrops on clouds and flowers. It made the children more imaginative and creative and also helped them to develop fine motor skills.

NO PLASTIC CARNIVAL

03.03.2023

The culmination event of the No Plastic Project was celebrated as a No plastic carnival for kindergarteners, as they learned about the harmful effects of plastic on our environment. Children were taught how to dispose of waste that could affect our environment and also learn to know how food waste is decomposed and where they dispose of wet and dry waste. Children sang and danced to no plastic songs and they explained the no plastic slogan.

SPECIAL EVENT

SEASONAL FUN DAY – 06.03.2023

Based on this month's theme "Seasonal Fun Day" was celebrated. All children dressed up in seasonal attire. They sang rhymes like 'Rain rain go away' by arranging corners to showcase different seasons like winter, summer, etc. Teachers explain the difference between hot and cold by building ice cube towers, morning sun walks for a few minutes with a cap and sunglasses. During the AV session, teachers showed a video about the four seasons (summer, winter, spring, and monsoon), including different clothing, food items, and different things used in various seasons. Children did the take-home as a flower crown.

GROUP ACTIVITY – 08.03.2023

Children enjoyed doing “Rainbow” based on this month’s theme, by sticking glitter papers and fingerprint, sponge print, and sticking creep papers on it. Through this activity, they learned the names of the colors, and as well as it improves concentration, hand-eye coordination, and fine motor skills.

ART AND CRAFT - DRAWING

Moon - 09.03.2023

Drawing plays an effective role in arts and crafts and acts as a powerful way for caregivers to understand the child. Children draw the image of the moon by joining the dots 1 to 10 in their drawing book, this improves hand and eye coordination and fine motor skill.

JR.KG

THEME: FOOD AND FESTIVAL

Food is one of the basic necessities of life. Food contains nutrients—substances essential for the growth, repair, and maintenance of body tissues and for the regulation of vital processes. Festivals are a significant part of Indian culture, acting as a vehicle for the presentation of our values and emotions. While each community has its own festivals and holidays, all religious groups are welcome to participate in these celebrations.

ART AND CRAFT

MOBILES - Diya and Rakhi - 01.03.2023

Craft enhances children's hand-eye coordination and builds levels of manual dexterity. Working with materials teaches them about colors, shapes, and textures. Children were very excited to make Diya and Rakhi using color sheets and glitter cutouts, representing the theme- Food and festivals. This activity helped the children to know about the theme better.

JR.KG - A

JR.KG - B

ART AND CRAFT

DRAWING - CRACKERS - 02.03.2023

Drawing helps children develop fine motor skills by improving their hand-eye coordination. Drawing helps children communicate feelings, ideas, dreams, and wishes. In the drawing session children used various patterns like slanting lines, standing lines, and sleeping lines to draw crackers. Children were excited to play with patterns to draw crackers.

JR.KG - A

JR.KG - B

NO PLASTIC CARNIVAL

03.03.2023

Children celebrated the No plastic carnival in a grand manner. They went on a rally with posters and banners of “Say no to plastics” and they gave paper bags in grocery and vegetable shops. Children made posters on topics like “Plastic free school bag, Plastic free ocean, the plastic-free animal world, and plastic free birthday party. They also participated in a rap tune for No Plastic songs. This event helped the children to avoid plastics in day-to-day life for a better future.

PIC • COLLAGE

JR.KG - B

JR.KG - B

GROUP ACTIVITY – 06.03.2023

Group activity gives a chance to children to work with a group, it helps children socialize and communicate with their peer group. It also helps the children to learn with each other. In a group activity, children pasted colored papers on the Diya, Christmas tree, Pongal pot, and mosque which depict the different features of festivals in India. Group activity is based on the theme 'Food and Festival' on healthy and unhealthy food. By doing this activity children understood clearly to eat more healthy foods and to avoid junk or unhealthy foods on their plates.

JR.KG - A

JR.KG - B

SPECIAL EVENT

NUTRI DAY – 07.03.2023

In a Special event, children celebrated Nutri Day. Different fruits were displayed, and the teachers explained the nutritional value of different fruits. Children also learned to make a fruit salad with different fruits and honey. Children enjoyed playing the “pick the healthy food” game and they danced to a fruit song. This activity enhanced the healthy eating habit in children.

ART AND CRAFT

SCRAPBOOK ACTIVITY

Healthy Pizza-08.03.2023

Scrapbook activities involve lots of physical components like arranging, applying glue, layering, attaching things to each other, and each of these requires slightly different hand movements, utilizing the same muscles they will need to control when they learn to write. In the scrapbook activity, children made healthy pizza by sticking orange, green, and red paper cutouts representing different vegetables like carrots, capsicum, and tomatoes.

JR.KG - A

JR.KG - B

GENERAL CLASS

TASTE AND FIND DIFFERENT FOOD - 08.03.2023

Through General class, children get an opportunity to learn from their peer group. The general class helps the children to enhance communication and socialization. In General class, children tasted different food like lemon juice, diamond sugar, salt, honey, and sugar and found out what food is and how it tastes. This activity helped the children to understand the concept of Sweet and sour.

THEME: RAINBOW MAGIC

A rainbow is an optical phenomenon that can occur under certain meteorological conditions. It is caused by the reflection and dispersion of light in water droplets resulting in an effect similar to a spectrum of light appearing in the sky. It takes the form of a multi-colored circular arc. In this theme, Children learned to identify colors by doing fun activities and games and they learned about shapes too.

ART AND CRAFT

FIRST-DAY TAKE-HOME ACTIVITY

All about me spinner-27.03.2023

Our first-day activity, a special take-home project, was designed to help our students settle into their new environment and feel at ease in their new surroundings. The excitement and enthusiasm on the faces of our students were a testament to the fact that they are eager to learn and explore. The first-day take-home activity helped the teacher and the students have a small conversation. Kids loved to share their favorites.

JR.KG - A

JR.KG - B

JR.KG - C

GROUP ACTIVITY – 28.03.2023

Children learn from each other and function as a team by participating in a group activity. They also learn how to be a part of a team and therefore develop social skills. Teamwork promotes problem-solving skills to achieve a common goal. Children stuck the colored paper on circles, squares, and triangles. Children imprinted their fingers on the rainbow image, and they did a paper collage on the color wheel.

SR.KG - B

SPECIAL EVENT

PERSONAL HYGIENE DAY – 06.04.2023

We celebrated Personal Hygiene Day, where kids learned about the importance of personal hygiene, cleanliness, and waste management. Teachers explained the concept of personal hygiene and the importance of keeping the surroundings clean, both in the classroom and at home. The children were taught about the color codes of the bins, where wet waste goes in green. The students also shared their knowledge of personal hygiene by speaking a few lines. Additionally, the students played the game of Germ tag, which helped them understand the importance of maintaining personal hygiene and staying germ-free.

SR.KG - A

SR.KG - B

GROUP ACTIVITY – 10.04.2023

A group class can also help students develop skills, specific to collaborative efforts, allowing students to understand in a better way, and tackle more complex problems than they could on their own, delegate roles and responsibilities, and share diverse perspectives in the classroom among peers. Personal hygiene is composed of all the daily activities that we do like brushing our teeth, bathing, washing our hands, and changing into clean clothes. As kids start to understand these words, we can slowly start introducing the concept of keeping a clean body.

SR.KG - A

SR.KG - B

Under the concept of things can be recycled and things cannot be recycled, children learned the process of collecting and processing waste and remanufacturing them into new products. Few materials cannot be recycled. The children were made to understand the difference between the materials which can be recycled and which cannot be recycled. The group activity was based on the concept. First, the children differentiated the objects and then the activity was done. With plastic bottles flower pot and a pen, a stand was made and with a waste paper cup sun was made. Single-use plastic-like covers and single time use food packets were pinned for the non-reusable side.

GENERAL CLASS - 10.04.2023

Magic words are simple words used while interacting with others that portray good manners and leave everyone with a pleasant feeling. It shows our sense of responsibility and tells even strangers that we are well-behaved and groomed. The activity conducted to inculcate the concept was, the children were asked to pick a magic word and explain the word by action and the Children learned to use the magic words in their sentences. Managing dining tables involves setting up your dining areas, service flows, and hospitality types. Children learned how to use the dining table without spilling food. The children were taught how to arrange the dining table.

Welcome

BACK
to
SCHOOL

San Academy Kamakoti Nagar, a renowned kindergarten school in the city, has reopened its doors for the academic year 2023-2024. The school resumed its session on 27th March 2023, following all the necessary COVID-19 safety protocols to ensure the safety and well-being of its students. The first day of school was filled with fun activities for the students. As a part of the welcoming activity, the children were given a take-home activity to help them get to know their classmates and teachers better. The primary children also went on a school tour to familiarize themselves with the school's various facilities and classrooms. To encourage teamwork and collaboration, the students engaged in a passing the ball game, where they had to introduce themselves while passing the ball to each other. This helped them break the ice and get to know their classmates in a fun and engaging way. Overall, the first day of school at San Academy Kamakoti Nagar was a huge success, and the students were excited to be back in the classroom. The school is committed to providing a safe and nurturing environment for its students and ensuring that they receive a high-quality education.

VAA YUSASTRA AEROSPACE IIT CERTIFICATION

Vaayusastra's innovative approach to education receives accolades at San Academy Kamakoti Nagar. San Academy Kamakoti Nagar, in association with Vaayusastra Aerospace Private Limited, recently conducted a 10-day workshop on aeronautics and aerospace for its students. The workshop, which combined theatre arts and practical sessions rooted in aeronautics, helped the students develop their skills in fundamental science and aeronautics. The students, who ranged in age from upper primary to secondary school, were taught basic flying theory, the use of hand tools, and the principles of aerodynamics. The hands-on workshop was a unique opportunity for the students to learn about the latest technology at the right age and time. The success of the workshop was celebrated at a special event at San Academy Kamakoti Nagar. The event was attended by Dr. K Jayaraman, Principal Scientist, Visiting Research Professor, Tubitak Research Fellow; Mr. Karthikeyan Sundaresan, Head of Operations at Vaayusastra; and Mrs. Ganga Natarajan, Principal of San Academy Kamakoti Nagar. During the event, students were awarded for their academic achievements, and the Vaayusastra team was recognized for their innovative approach to education. The event was a testament to the fact that education is about far more than what happens within the four walls of the classroom.

NATIONAL MARITIME DAY

In India, the National Maritime Week begins on March 30 and culminates in the celebration of National Maritime Day on April 5. This year marks the 60th anniversary of the event, which aims to recognize India's significant contribution to the maritime industry and its history as a seafaring nation. National Maritime Day plays a crucial role in promoting awareness about India's maritime heritage and current role in supporting the country's economy. The day is an opportunity to express gratitude to the sailors who work tirelessly at sea, often spending months away from their families, to ensure the smooth functioning of the industry.

NO BAG DAY

CLASS 1 TO 5

San Academy Kamkoti Nagar Celebrates "No Bag Day" with Creative Learning Activities On 01.04.2023, San Academy Kamkoti Nagar celebrated "No Bag Day," a special event aimed at reducing the burden of heavy school bags and giving students a chance to learn and explore in new and creative ways. Throughout the day, students participated in a variety of engaging activities that challenged their minds and fostered their creativity. The day kicked off with an entertaining puppet show put on by the school's talented drama club. Using humor and storytelling, the puppet show taught students about important topics like the environment and healthy habits. The show was a hit with both students and teachers, and set the tone for a fun and engaging day of learning. Other activities included leaf art, dictionary word searches, hangman games, free play, and outdoor games. Students used natural materials like leaves and twigs to create beautiful pieces of art, challenged their vocabulary with a tricky word search, and sharpened their critical thinking and problem-solving skills with the popular game of Hangman. They also enjoyed some unstructured time to socialize and play together, helping them build relationships and develop their creativity. According to the School Principal Ms. Ganga Natarajan, "No Bag Day" was a great success.

"We wanted to give our students a break from the usual routine of lugging around heavy school bags," she said. "By creating a fun and engaging learning environment, we were able to spark their curiosity and inspire their imaginations. We believe that this kind of approach to education is what truly prepares our students for success in the world."The event also received positive feedback from parents, who appreciated the school's commitment to innovative and meaningful education. "I'm so glad that my child is able to attend a school that values creativity and fun as much as academic achievement," said one parent. "No Bag Day was a great example of how San Academy Kamkoti Nagar is leading the way in innovative education."At San Academy Kamkoti Nagar, we believe that learning should be an enjoyable and meaningful experience for all students. By celebrating No Bag Day and other events like it, we're committed to providing our students with the tools, resources, and support they need to thrive in today's world.

INTRA COMPETITIONS

San Academy Kamakoti Nagar recently held a club activity for classes I and II based on the theme of தமிழ்ப் புத்தாண்டு. The event was designed to celebrate Tamil New Year and to inspire the young learners to learn more about Tamil culture and traditions. As part of the activity, all the children dressed up like Tamil leaders and spoke a few lines on the same. The event was a fun and interactive way for the students to learn more about the rich cultural heritage of Tamil Nadu and to develop their language and communication skills. At San Academy Kamakoti Nagar, we believe in the importance of providing a well-rounded education that incorporates both academic learning and cultural experiences. Our club activities are designed to engage and inspire our students, while also providing them with opportunities to develop new skills and interests. We are committed to nurturing the holistic growth and development of our students, and our club activities are an important part of this approach.

STAR OF THE MONTH

SAN ACADEMY KAMAKOTI NAGAR SCHOLARS EXCEL AT WORLD SCHOLARS CUP REGIONAL ROUNDS

San Academy Kamakoti Nagar recently made its first foray into the World Scholars Cup (WSC) 2023, an international academic competition designed to challenge students across six subjects. Sriniketh-9B, Karthik Sivakumar-9 C, and Varshitha -10A represented the school at the regional rounds in South Asia, held at The Pupil Saveetha Eco School in Chennai on April 1st and 2nd. Their hard work paid off, as the trio achieved exceptional success. Karthik and Varshitha won gold medals in the Writing Champions category, and all three students received silver medals in the Team Bowl. Karthik also received a gold medal in the Challenge Medal - All Division category, and all three won gold medals in the Team Writing category. Karthik also took home the gold medal in the Top School Scholars category. The team's incredible achievements amounted to a total of seven gold medals and three silver medals. Karthik won four gold medals and one silver medal, Sriniket won one gold medal and one silver medal, and Harshita won two gold medals and one silver medal. The scholars of San Academy Kamakoti Nagar are thrilled to announce that they have qualified for the Global Rounds abroad, which is the qualifying round for the WSC Championship. We are proud of the team's hard work and dedication to academic excellence, and we wish them the best of luck as they continue to represent our school at the international level.

Congratulations!

San Academy Kamakoti Nagar, known for its commitment to academic excellence, is proud to announce the recent success of two of its students, Shiva Shankar A and Karthick Sivakumar, from Class 9B. The students participated in ARC 23, a national-level robotics competition organized by Hindustan Institute of Technology and Science, and secured the second prize, which came with a cash award of Rs. 4000/-.The competition was held on March 30th, 2023, and saw participation from some of the brightest minds in the country. Siva Shankar and Karthick Sivakumar's achievement is a testament to their hard work and dedication to their craft. Their success also reflects the school's commitment to providing its students with the best possible education and opportunities to excel in their chosen fields.San Academy Kamakoti Nagar would like to extend special appreciation to Mr. Anbarasan, the teacher who motivated and guided the students throughout their journey. His unwavering support and guidance played a crucial role in their success.The school is extremely proud of Siva Shankar and Karthick Sivakumar and wishes them the best in their future endeavors. Their achievement is a source of inspiration and motivation for all the students of San Academy Kamakoti Nagar.

We are thrilled to announce the Guinness World Record achievement of A.Gaddiel yagil of Class II C in solving Rubik's Cube. We are proud of A.Gaddiel's accomplishment, and we are delighted to share his achievement.

Dear Participant,

I am delighted to present you with this Certificate of Participation to recognize your important contribution to this GUINNESS WORLD RECORDS title.

At Guinness World Records, we have been measuring, verifying and recording the world's achievements since 1954. Today, our mission is to maintain an archive of records that inspires, engages and entertains people across the globe, and celebrates the world's best.

The record that you participated in is now one of the 40,000 world records that are held on the GUINNESS WORLD RECORDS database. Of the thousands of applications we receive every month, less than 5% actually make it to become an official entry in our archive. As a member of this select group, you should be extremely proud of your achievement.

On behalf of Guinness World Records, I would like to personally congratulate you on your GUINNESS WORLD RECORDS achievement.

ALISTAIR RICHARDS
President
Guinness World Records

Shyam Charan. P studying in 5 'A' participated in the Kids Fest conducted by Jakathalaya at St. Patrick's School Adyar on April 30th. He participated in Memory Game and Painting competitions under category 2 and won the third prize for the same.

We are happy to announce that Varshini.M.I of class IV A, has emerged as the winner under the school category in the Auto Carnival'23 auto sketching contest organized by Hindustan Institute of Technology and Science, an exclusive event by the Department of Automobile Engineering. It is a matter of great pride for San Academy Kamakoti Nagar to have student like Varshini who is talented, dedicated, and consistently strive for excellence. We congratulate Varshini on her outstanding achievement and wish her all the best for her future endeavors. We look forward to her continued success.

We are happy to announce that , Thukilan Bala Sethu of class II A, has achieved an incredible feat by participating in an official world record involving a mixed group of students performing non-stop for an hour blindfolded in Silambam, a traditional Indian martial art form. We are extremely proud to have such talented and committed students like Thukilan who consistently strive for excellence.

Happy to share that, Aishwarya from 4E won the trophy in Chengalpattu District Chess Championship in the under 15 girls category. She secured 9th place and scored 4 out of 6. Attached the photos of the certificate and trophy. We are proud of your accomplishment and commend you for your discipline and perseverance throughout your journey.
