PROBLEM CHOSEN

**“HELMET & SEAT BELT THE LIFE SAVIOR
(AWARENESS ON IMPORTANCE OF WEARING
HELMET AND SEAT BELT)”**

STUDENTS NAMES	Muhammad Shah Raiyam
	Shashwanth S
	Sai Lalit Nihar Atmakuri
	Manas Mahendra Pardeshi

PROBLEM CHOSEN:

Concerned over frequent road accidents taking a heavy toll, to make awareness in wearing of helmets compulsory and ensure that drivers wear seat belts, never drive in inebriated state or talk on mobile phone or listen to music using headphones. To ensure better traffic management and to minimize the death rate during accidents, he asked officials to prepare a blue print of traffic management in each district and strictly implement them.

PURPOSE OF WEARING HELMET:

- Wearing a helmet is important because it keeps you safe. The majority of fatalities in accidents related to bicycle and motorcycles are because of injuries to the head. By wearing a helmet, if you were ever to be involved in a motorcycle or bicycle accident, it can reduce the severity of the head injury because of the accident.
- While wearing a helmet does not completely prevent a head injury, if you have a helmet on, it will provide a cushion for the blow. Wearing a helmet on your motorcycle or bicycle can also help your vision as well by providing protection from the sun's rays or the rain or snow.

SOLUTION SELECTED:

To create awareness on an importance of helmet and seat belt among public.

.To distribute the pamphlet to public which focuses on the importance of wearing helmet and seat belt

RALLY

- Our students went for rally and distributed pamphlet to the public about the importance of wearing helmet and seat belt for safety life.
- They distributed the pamphlet to public which focused on the importance of wearing helmet and seat belt

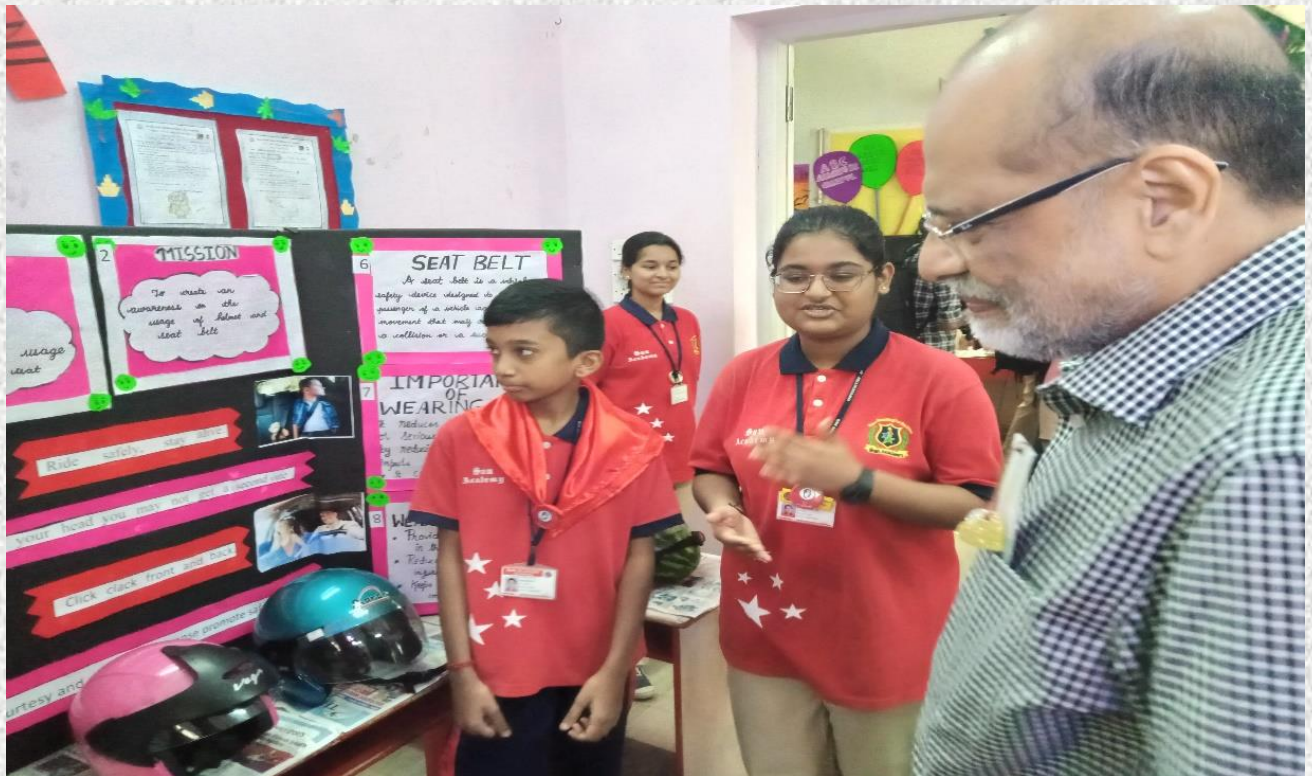

AWARENESS PROGRAMME DURING PROJECT DAY

Our students created awareness to the public on the importance of wearing helmet and seat belt to have safe driving and safe life during project days. Seat belts save lives, and this is a fact that has been proved through countless studies and research, even if you have an older model vehicle without airbags.

. The seat belt keeps you in your seat, not thrown through the windshield or thrown loose in the vehicle. Most people do not realize the G-forces created during impacts place great strain on the body and result in more serious injuries when seat belts are not worn.

Is designed to work with your airbags. Airbags are designed to help keep you in place, along with your seat belt. If you are not wearing it, then the airbag system is ineffective.

CON CLUSION

Our students concluded the awareness program to the public by remembering the following given slogans forever:

SLOGANS ON HELMET

1. Protect your head – Protect your future.
2. Protect your head – you may not get a second one
3. Ready Today – Alive Tomo
4. Ride safely, stay alive. Use your helmets.
5. Secure your head – you may not get a second one.

SEAT BELT SLOGANS

1. Click clack front and back.
2. Click it or ticket!
3. Computer problems you can avoid, so you don't have to get paranoid.
4. Courtesy and common sense promote safety.
5. Getting the safety itch.
