WORLD WIDE WEB DAY

2.8.2023

The assembly started with 'Thamizh Thai Vazhthu' followed by our school song.

Students of class 1D performed speech about history of WWW. Skit was enacted by students based on advantages of technologies also students gave a wonderful dance performance to show differentiation between old and new technologies. Academic coordinator Mrs. Akila addressed the gathering also 'GOLDEN STAR' award for class 1B was awarded for being best in discipline and neatness. Finally assembly ended up with National Anthem.

WATERMELON DAY

3.8.2023

National Watermelon Day is celebrated on August 3, honoring the delicious fruit with a long history dating back to Ancient Egypt. On this day, people across the world celebrate an annual holiday that celebrates everyone's favorite summer fruit. Enjoy the last dog days of summer by treating yourself to some refreshing and delicious watermelon. Made of almost 92% water, the fruit is full of Vitamins A, C, and antioxidants. The fruit is a type of berry known botanically as a pepo.

The Class 4D assembly commenced with the Morning prayer followed by school song and Thought for the day, Speech on national watermelon day and the health benefits of watermelon was done with catching charts and it's benefits was explained well by the students.. two of the student was dressed as watermelon to make it more lively . News of the week and birthday wishes for the birthday champs. Students actively participated and exhibited their talents. The assembly ended with prize distribution for few students for their achievements in different fields and National anthem.

COASTGUARD DAY

4.8.2023

Class XI A assembly held on August 4, 2023, to commemorate International Coast Guard Day. The assembly seems to have been well-organized and engaging, focusing on raising awareness about the importance of the International Coast Guard and its significance. Here's a breakdown of the key points from the assembly:

The assembly took place in the conference hall, providing a suitable environment for the event. It commenced with the Tamil Thai vazhthu, adding a cultural touch to the proceedings.

The students of Class IIA showed enthusiasm and preparation for the assembly, which played a significant role in making the event informative and engaging.

A pledge was administered, emphasizing responsibility and dedication among the attendees. This likely contributed to instilling a sense of commitment to the cause.

The assembly included the sharing of latest news updates, which is a smart way to keep the audience informed and engaged, ensuring that the topic remains relevant.

The speech was delivered on the motto of the International Coast Guard and its overall significance. This likely included information about the history and role of the first coast guard in India, sparking thought and reflection among the audience.

The assembly seems to have achieved its goal of raising awareness about International Coast Guard Day. By sharing valuable information and encouraging reflection, it likely left a positive impact on the attendees.

Events like these play a crucial role in educating and engaging students on important global topics. They not only provide knowledge but also promote critical thinking and a sense of responsibility toward the world around us. Kudos to Class XIA for their efforts in organizing such an impactful assembly!

HAPPINESS HAPPEN DAY

8.8.2023

August 8th was designated as Happiness Happens Day, a day dedicated to celebrating happiness in all its forms. The students of Class II A took this opportunity to create an assembly centered around the theme of happiness.

The assembly commenced with the Tamil Thai Vazhthu, which adds a cultural touch to the event and connects the students to their heritage.

Students delivered speeches highlighting the significance of happiness. They likely discussed why happiness is important for personal well-being, relationships, and overall quality of life.

The speeches likely covered why World Happiness Happens Day is celebrated on August 8th. This could have included historical context, the origin of the day, and its global significance. The assembly included a dance drama performance on the theme of happiness. This creative approach effectively communicates the message of embracing happiness and enjoying the positive aspects of life.

NATIONAL SON & DAUGHTER DAY

11.8.2023

The chart backdrop was prepared by Gayathri Devi and Angel. The assembly was organised by Shasrita S.

The MC's were Aalyah and Sai Pragna. Following the introduction, there was a positive thought for the day by Hridya. Then the Pledge and Exam Pledge of our school was recited. After the pledge we had an update on the current affairs of our country, given by Shreya and Jaswanthika in the news. This was succeeded by a speech on the topic "Good qualities of a son and daughter." As the definition of a good son or daughter cannot be subjective or rhetorical, we had a few students of XII A brief us on the various qualities and responsibilities of a good son and daughter. The assembly ended with our Respected Vice Principal ma'am sharing her thoughts on the assembly. There was prize distribution of Intra prizes and Star of the month. The assembly concluded with the National Anthem.

IMPORTANCE OF DISCIPLINE

17.8.2023

What a memorable experience for the students from 3 A. Discipline is a very important attribute needed in our lives. The performance by the students helped them realize the importance. It all started with the Tamizh Thai vazhthu, followed by the school song, Speech on the topic stating the importance of Discipline. Few students made a poster, and some showed their acting prowess through a skit which portrays the classroom etiquettes. The assembly came to end with distributing awards for the winners, followed by the National Anthem

PHOTOGRAPHY DAY

18.8.2023

Students of class XII-B hosted the assembly on 18th August 2023. The day was kick started with Tamil Thaivazhthu followed by school song and pledge. The news was delivered stating the head lines of the day in various aspects covering international to weather report.

Next was a speech on "World Photography day" followed by three stories about Photography narrated by the students.

In addition our respected Principal and beloved vice principal delivered a speech about words of wisdom and the assembly concluded with National Anthem.

NATIONAL POETS DAY

21.8.2023

The day started brightly with the choir team singing Tamizh thaaivaazhthu followed by the school song. The anchors welcomed the gathering.

The program began with elocution on the topic of National Poets, English and Native Indian poets. It was followed by a musical indulgence as the participants excelled as singers, singing the National song. Then came the participants who spoke about different poets and their poems and also a poem in regional language was recited. Then came the captivating thought for the day.

It was the news that brought the audience to the extremity of the assembly. Success lies in accepting challenges and winning over them. The San champions from 6-8 grade who were star of the month were awarded a certificate and a medal.

The vice principal gave away the prizes for intra competition, karate winners, SOF winners, yoga champions, chess champions and many more adding glory to the gathering. Overall it was an amazing and captivating assembly.

TOOTH FAIRY DAY

22.8.2023

National Tooth Fairy Day is observed on February 28 th of every year. It is a day to look back on the history of dental care's little helpers and to encourage our children to develop proper dental hygiene.

Students of class I B celebrated National Tooth Fairy Day during their assembly . Value of the baby tooth and a letter to the tooth fairy was shown in the form of skit. Students gave a demonstration on how to make a tooth pillow. It was followed by a fabulous dance performance by our little tooth fairies. Students with their performances conveyed that "loss" can be dealt in fun way.

RESPECT ALL

24.8.2023

San Academy Pallikarnai, Chennai, orchestrated a significant "Respect All - Special Assembly" for Class 3B, emphasizing the paramount importance of equality and inclusivity. This assembly not only showcased the school's commitment to nurturing well-rounded individuals but also highlighted the significance of treating everyone with dignity and respect, irrespective of their differences.

The assembly began by acknowledging the importance of equality and inclusivity. The school aimed to cultivate an environment where everyone is treated equally, irrespective of their race, gender, disability, or other unique characteristics. This sets the foundation for a harmonious and compassionate society.

The assembly started with the rendition of "Thamizh Thai Vazhthu," followed by the school song. The thought for the day and a speech on respect, equality, inclusivity, and the role of responsibility in shaping one's character were presented through charts, engaging the students in meaningful reflections.

A mesmerizing dance performance by the talented young students conveyed a resounding message of "Equality and Inclusivity." Through their artistic expression, the performers emphasized that every individual is extraordinary, deserving of equal opportunities and respect.

The assembly underlined the importance of embracing diversity, highlighting that differences among individuals should be celebrated rather than marginalized. The core message was that unity thrives when we respect and value one another's unique qualities.

The assembly extended its warmth to birthday celebrants, wishing them with a joyful birthday song. Students actively participated, showcasing their myriad talents and enthusiasm, fostering a sense of belonging and community.

The assembly concluded with the recognition of students who had excelled in various fields. The prize distribution not only celebrated their accomplishments but also motivated others to strive for excellence.

The assembly concluded on a patriotic note, with the whole school uniting in singing the National Anthem, emphasizing unity and shared values.

The "Respect All - Special Assembly" served as a platform to instill values of equality, inclusivity, and respect in the young minds of Class 3B. Through diverse activities, speeches, and performances, students were not only educated about these principles but also inspired to live them in their daily lives. The assembly reinforced the school's commitment to holistic education, character development, and fostering a harmonious community.

In essence, San Academy Pallikarnai's "Respect All - Special Assembly" illuminated the significance of equality, inclusivity, and respect in nurturing compassionate and responsible individuals, contributing positively to society.

ISO STANDARD WEEK

31.8.2023

The importance of ISO Certification in world wide range and it's a non-governmental organization which ensures the people's safety, quality and services.

The Class 3C assembly started with Thamizh Thai vazhthu followed by theme display, and Speech about ISO, P The importance of ISO Certification in world wide range and it's a non-governmental organization which ensures the people's safety, quality and services.

The Class 3C assembly started with Thamizh Thai vazhthu followed by theme display, and Speech about ISO, Power queries, calculating the ISO weeks, Certification Numbers and who needs ISO certificates? with charts.

A Lively role play performed by our little sanites on the topic of START UP IDEAS, they delivers a strong message that how ISO Certificate is important now a days and what are all the categories to be examined by the organization.

CAREER GUIDANCE - COMMERCE

1.8.2023

Resource Person : Edinbridge Academy -
Mr. Vignesh and Mr. Mahesh Seshadri
Participants: Class XI and XII - Commerce stream

The program started with a welcome address by Ms. Ramya Balaji, HOD - Commerce. It was followed by the address of Vice Principal - Ms. Melitha.

The session was carried forward by the faculties of Edibridge Academy with a PPT presentation on Tally Prime, which highlighted the following:

Tally Prime is an excellent choice for individuals interested in pursuing a career in accounting and finance. Tally Prime is a widely-used accounting software that helps businesses manage their financial transactions, generate reports, and maintain accurate records. Proficiency in TallyPrime opens up numerous career opportunities for aspiring accountants and finance professionals.

TallyPrime is widely adopted by businesses across various industries, making it a valuable skill set in the job market. Many companies, from small businesses to large corporations, require professionals who can effectively use Tally Prime for their accounting needs. A strong command of Tally Prime can lead to diverse roles such as accountant, financial analyst, audit executive, taxation expert, or even pursuing entrepreneurship as a Tally Prime consultant. The flexibility of these roles allows individuals to explore various career paths. As businesses continue to evolve and embrace digital transformation, the demand for professionals who can efficiently utilize accounting software like Tally Prime will continue to grow. This presents opportunities for career advancement and continuous learning in the field of accounting and finance.

CLUB ACTIVITY

2.8.2023

San Academy Pallikarnai in Chennai is engaging students in meaningful activities through its literary club. The activities conducted were not only enjoyable but also have valuable educational benefits. Here's a summary of the activities conducted by the school's literary club:

'Simon Says' Game for Class 1 Students:

The students of Class 1 had the opportunity to play the "Simon says" game. This classic game involves following instructions given by a leader, but the catch is that the instruction must start with "Simon says." This game encourages active listening and enhances motor skills and body awareness as the students follow the given commands. It's great to hear that the activity was not only fun but also had positive effects on the students' physical and cognitive development.

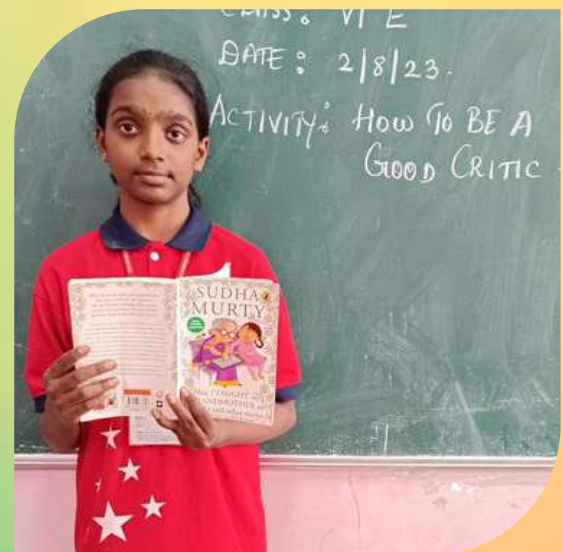

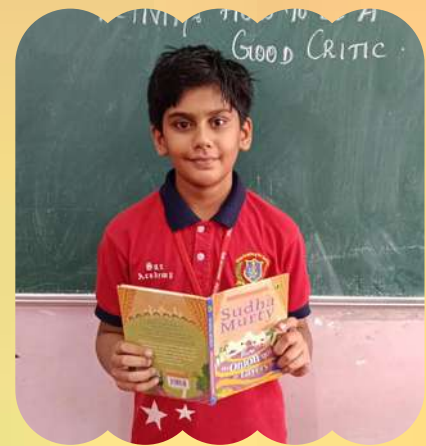

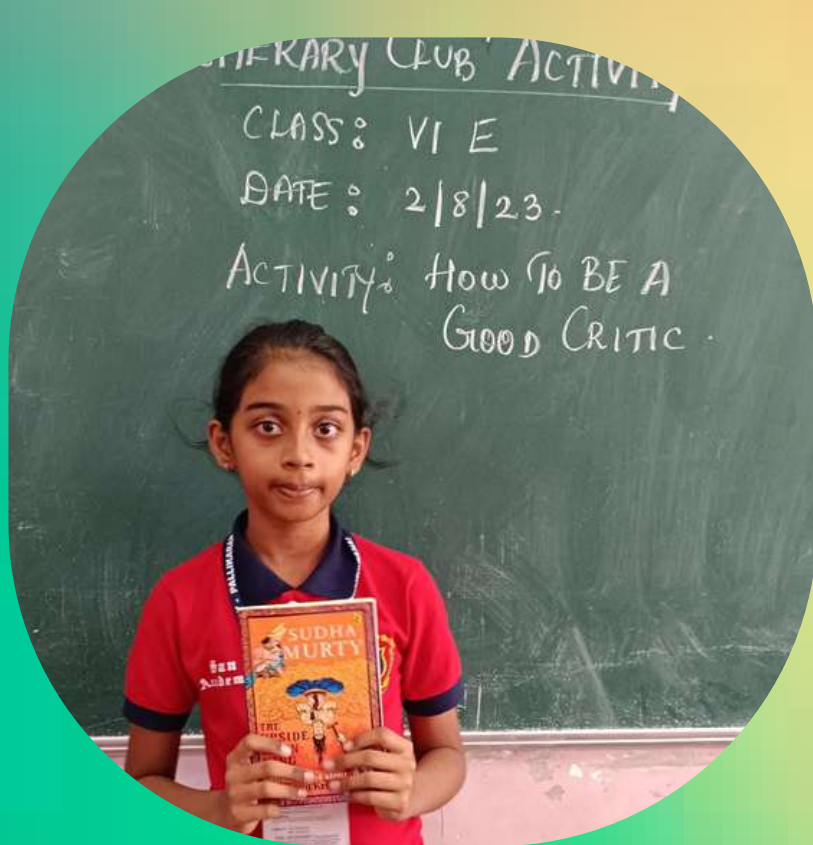

Taboo Grammar Game for Class 2 Students:

The students of Class 2 participated in a game that focused on grammar and vocabulary called the "taboo grammar" game. In this game, students likely had to describe specific grammar rules or concepts without using certain related words. This creative approach to teaching grammar can make the learning process more engaging and enjoyable. By playing this game, students were able to increase their enthusiasm for learning vocabulary while also enhancing their understanding of grammar rules.

Both of these activities reflect the school's dedication to providing interactive and effective learning experiences for its students. By incorporating games and interactive exercises into the curriculum, the school is fostering a positive and engaging learning environment that can contribute to the holistic development of the students.

The topic of the activity was 'How To Be A Critic'. Reading always enhances vocabulary,, communication and critical rhinking. The Students were asked to read a book written by Indian Authors and identify any issue or problem, what is its cause, analyze the arguments, decide on significance and draw conclusions.This activity enhanced students' public speaking skills and kindled their interest in reading books. All the way, they had a great experience.

As a part of Club Activity for the month of August students of IX and X had their Wrangler Activity in the club period. A wrangler is a dispute or argument, typically one that is long and complicated. Students had a long discussion and healthy conversation debating on various abstract topics which enabled them to gain information in all aspects and had a better opportunity to improve their communication skills.

INTRA COMPETITION

23.8.2023

Students of class I performed a re enactment of their favourite cartoon scenes as a team. It was a great way for students to express their creativity and to learn more about cartoon characters and their personalities.

Kids enjoyed re-enacting their favourite characters. Students of class 2 enthusiastically participated in the grammar quiz competition. The quiz consisted of 15 multiple-choice questions covering a variety of grammar topics. The questions were designed to challenge students' understanding of grammar concepts and to assess their ability to apply those concepts to real-world sentences. They all had a great time

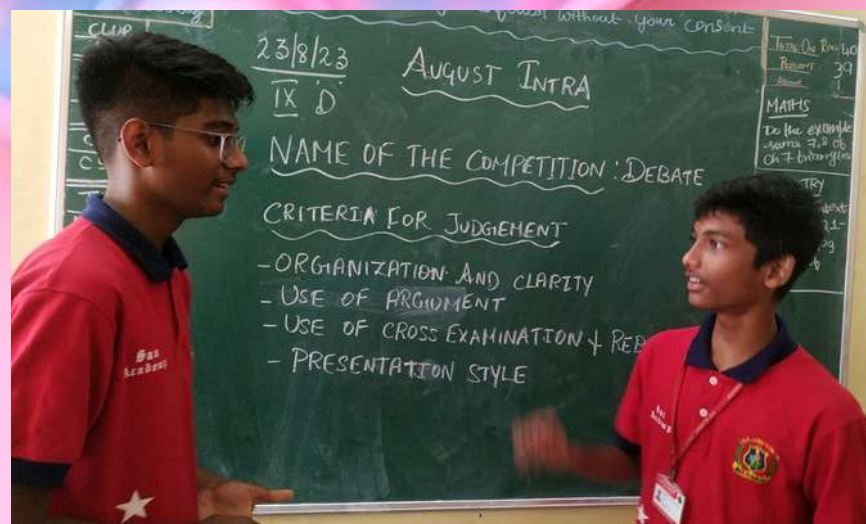

The Comedy Team Competition for students in classes 3 to 5 proved to be a delightful and educational experience. As young comedians took the stage, laughter filled the room, instantly dispelling pre-exam jitters. This event not only showcased their creativity but also unearthed hidden talents, as they crafted hilarious skits and delivered punchlines with infectious enthusiasm. Through teamwork, these budding comedians learned to collaborate and support one another. Laughter truly proved to be the best medicine, fostering a positive atmosphere and boosting students confidence. It was an unforgettable, joyous celebration of youthful wit and camaraderie.

Drama is a strong medium of communication. Students of Grade 6 to 8, got a great opportunity to exhibit their acting skills as a part of August month Intra competition, under the topic English Drama. Students were divided into small groups of 4 each and a variety of interesting topics were performed by them. Students came up with extremely innovative and brilliant ideas. Their confidence and enthusiasm were really commendable.

The San Academy Pallikaranai Chennai Debate Competition took place on the 23rd of August 2023 with great enthusiasm and participation from the students. The event was centered around the topic Should humans colonize other planets and saw students engaging in a lively and thought-provoking exchange of ideas. The competition format involved two groups, each consisting of two speakers. One group was assigned to speak in favour of the motion, advocating for human colonization of other planets, while the opposing group argued against the motion. The event aimed to encourage critical thinking, effective communication, and persuasive argumentation among the students. The participants presented their arguments with remarkable organization and clarity. Each speaker showcased a comprehensive understanding of their respective positions and managed to convey their points coherently. The use of strong evidence and logical reasoning enriched the discourse, providing the audience with insightful perspectives on the topic. The debate further evolved with the employment of cross examination and rebuttal techniques. Both groups skillfully interrogated each others arguments, revealing the depth of their research and analytical abilities. The contestants demonstrated their prowess in questioning and counter-arguing, contributing to the overall depth of the debate. Presentation style played a crucial role in capturing the audience attention. The speakers employed various strategies such as impactful introductions, engaging anecdotes, and clear articulation to maintain the audience and interest throughout the 5-7 minutes duration of their speeches. Visual aids and gestures were used judiciously to emphasize key points and make the arguments more accessible to the listeners. After a spirited exchange of arguments, the judges had the challenging task of evaluating the performances. The criteria of judgment included organization and clarity of speech, the strength of arguments presented, utilization of cross-examination and rebuttal techniques, and the overall presentation style. The event concluded with an engaging and insightful discussion on the topic. While the participants displayed a remarkable level of preparation and articulation. The debate served as a testament to the students academic abilities, critical thinking, and oratory skills. San Academy Pallikarnai Chennai is proud to have provided a platform for its students to engage in such an intellectually stimulating competition. The event succeeded in promoting healthy discourse, fostering analytical thinking, and refining the students' public speaking skills. The participants demonstrated their dedication and enthusiasm, making the event a resounding success.

PERSONALITY DEVELOPMENT

8.8.2023

Class 1 Topic: Speech Articulation with Body Language

Class 2 Topic: Emotional Intelligence and Positive Body Language

Resource person - Aishwarya Ravichandran

The session started with ice breaking activity and students learned how to interact with others with proper thinking and positive body language .

Students learned how to communicate with others using magical words (Hi, Hello, Sorry, Please, Thank you etc) and they played small drama about how to behave, how to treat others and how to communicate politely with others in public.

Further they learned about Thoughts and Emotions activity. End of the Session students filled their worksheets.

SPORTS DAY

5.8.2023 & 6.8.2023

San Academy Pallikaranai hosted an exhilarating Sports Day event, spanning two days, that radiated vibrant energy and enthusiasm among its students. The event was meticulously organized, with each day tailored to specific age groups and themes. On August 5th, 2023, the YMCA grounds came alive with a burst of activities.

The morning session, theme Health Donation catered to students from classes III to VI. The focus of this segment was on promoting the importance of a healthy lifestyle. Various drills, track events, and displays showcased the vitality of physical well-being. The participation and enthusiasm of the students were heartwarming as they engaged in activities that underscored the significance of staying fit.

In the afternoon, the ambiance shifted to a fantasy realm as classes VII to XII took the stage with the captivating Game of Thrones theme. A.A. Prasana Raja, a distinguished national volleyball player, graced the event as the chief guest. The students presented an array of performances, including intriguing drills, creative track events, and impressive demonstrations of karate and silambam. The event allowed them to channel their inner athletes while embracing the essence of teamwork and determination.

She also commended every participant for their dedication and hard work, emphasizing the importance of sports and physical activities in holistic development. The Sports Day event at San Academy Pallikaranai truly embodied the school commitment in promoting physical fitness, teamwork, and sportsmanship. It was a celebration that left a lasting impression on students, staff, and attendees alike, inspiring everyone to embrace a healthier and more active lifestyle.

KG FIELD TRIP

8.8.2023

A field trip is a journey by a group of people to a place away from their normal environment. Field trips led students to show a greater interest in arts, greater tolerance for people with different views, and boosted their educational outcomes.

Jr.Kg kids went field trip based their theme veggie view, they visit to Adayar Ananda Bhavan veggie market during school hours.

Children went in school van, they saw different types of fruits and varieties on it like banana, watermelon, apple, oranges and many.

Along with vegetables like pumpkin, carrot, drumstick, turnips, cauliflower, brinjal etc. And also saw herbs like mint, coriander and all different kinds of spinach...

Children were taken group photo along with market place. After returning to school they had a colouring activity on which vegetables they saw in the vegetable market.

Kids enjoyed the field trip and colouring activity. This field trip makes them to learn about healthy vegetables and fruits.

-Aishwarya- Jr.Kg-B teacher

Field Trip (Chennai landmark) - 9.8.2023

Children who experience holistic development during their school years grow up to become global citizens. Giving equal weightage to both indoor as well as outdoor learning is what will make children well prepared for what lies outside in the real world. Field trips allow students to interact with what they are learning. The experience goes beyond reading a concept in a textbook as children are able to participate in it physically. Field trips allow students direct access to tools and environments that they otherwise wouldn't have contact within the four walls of their school.

San Academy Sr.kg children had field trip today to land mark of Chennai as part of their curriculum. Kids visited many places such as Marina beach, MGR memorial, Presidency College, war memorial, santhome church. Kids enjoyed their trip as they were very happy visiting beach.

Field trips can bring one dimensional lessons to life and create interest for a subject, something that is hard to duplicate through classroom

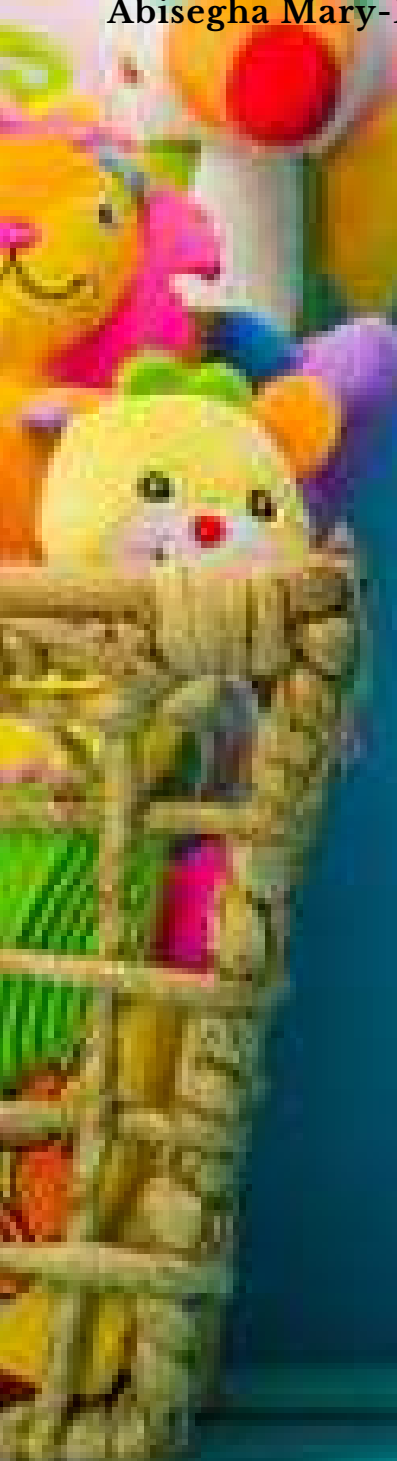

-Nivedita.V-Sr.Kg Teacher

FIELD TRIP - TOY SHOP

One of fondest childhood memories is going to the toy store . The anticipation of the visit, dreaming up lists of what to buy and the sight of shelves filled with toys upon toys, at the actual visit, are cherished childhood experiences.

San Academy Pallikaranai nursery tiny tots enjoyed visiting Cheeky Monkey for their field trip to grand mall at Velachery. Toys are more than just fun and games for children. The children were excited to watch the different toys and the way they work. The toys were so appealing to their eyes but yet kids maintained distance from it. They pointed out the colour, names and sounds of few toys. The best toys always engage a child's senses, spark their imagination and encourage them to interact with others.
Abisegha Mary-Nursery teacher

GEOLOGICAL SURVEY OF INDIA

14.8.2023

Class 4 students were taken to Geological survey of India as a part of our fieldtrip on 14/8/23. As soon as we reached there they welcomed us well and with a kind gesture. Later class wise they took us to the museum where different types of rocks and fossils were kept with respective names on it .The person in charge explained the various rocks and how they are formed , which part do these rocks belong and how they are used .Later kids were taken to an auditorium where short films were shown to them on dinosaurs and their extinction and also the stages of human evolution.Kids enjoyed well.

THE HINDU

21.8.2023

Educational Field Trip to The Hindu Archival Photography Exhibition.

This Exhibition mirrored the 'History of Madras' by showing different work and events which shows the readers the various aspects of our city.

For instance, A woman coach (disc throw) being trained at the winter coaching school conducted by the

YMCA College of Physical Education - Jan 7, 1955. From this, we were able to learn how the women took an. An important role in sports.

More than this it gave us a nostalgic sensation of how

places have been changed over the years like Marina Beach, Madras Zoo, and over - bridge in Royapuram. Mrs. Sujatha Urban Skill

Development Officer, Mahatma Gandhi Fellowship. She educated us about the importance of fellowship in our day-to-day life. In order to

uphold fellowship one must be enthusiastic and come out of their comfort zone. Sujatha Mam could be a good example of

this, as she took the initiative to undertake several projects for the betterment of society. She was an active socialist, in the Kallakurichi (

Villupuram District). She conducted 20 Week A comprehensive program in order to aware children of general topics like reproductive

health, cyber security, and personal safety like basic defense. This motivated students to improve their skill development and to have a

good exposure In her experience, she told that she come over boys who wishes to have a positive masculinity and to come out of illicit

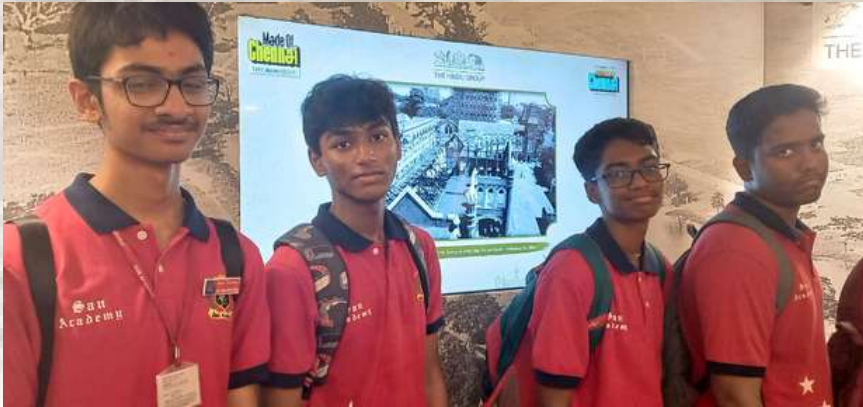

arrack. Overall

she stood an example for us on how to initiate projects. And can be a good change-maker to our society. Mrs. Tiripura Sundari Social

Cultural Consultant, She gave us a viewpoint on how she gave importance to her culture and heritage and how she expressed on

changing people's opinion on Amjikai. She gave us an example on how each place got its name from its origin or famous hall mark.

Overall we had a great informative educational trip and we would like to thank our school management, Principal and the Hindu who gave us this great experience and to know more about Madras.

INDEPENDENCE DAY CELEBRATION

The primary wing of SAN Academy Pallikaranai, celebrated Independence Day with enthusiasm and patriotism.

Students of class 1 and 2 showcased their spirit through a patriotic song.

Students of class 4 and 5 displayed their Classical dance talents. Adorned as freedom fighters, students of class 3 honoured their bravery.

The events highlight was the medley of "Vandemataram" sung in various state languages.

It was a heart warming tribute to nations heroes ,fostering a sense of patriotism among the students.

HAR HAR TIRANGA MAHOTSAV 2023

ANGEL MARIA (CLASS 5D).

NO BAG DAY - 12.8.2023

CARPENTRY

Venue - Arabian tent

Resource person - Mr. Rahul

Topic: Screwing and Nailing

The students of carpentry gained verbal information and instructions about screwing and nailing. Around 50 students enthusiastically participated, Mr. Rahul precisely transferred knowledge about the materials used and the process in both English and Tamil.

About for an hour the students had hands on experience towards the skill learning.

Students were encouraged for their attempts at screwing and nailing.

Highlights

- * Nails and screw sizes were explained
- * Usage of screws and drilling machine difference
- * Marketing of right places in the wood to drill
- * Horizontal over vertical placements.

HORTICULTURE

Topic: Organic farming

Resource person: Mr. Shankar

Venue: Sanpal garden

"Eat Clean and Green, Eat Organic"

As per these words, it became a must that we go organic.

Organic farming, also known as ecological farming or biological farming, is an agricultural system that uses fertilizers of organic origin such as compost manure, green manure, and bone meal. It emphasizes techniques such as crop rotation and companion planting.

Today Mr. Shankar gave a brief explanation on the cultivation of vegetables like radish, cabbage, lady's finger, cauliflower, yam and brinjal using organic fertilizers. The students were excited to see all the vegetable plants and found it very useful.

ELECTRICAL TECHNOLOGY

The session of electrical technology was conducted on 12.8.23 for students of class 6 to 8. The main aim of this session was to convey the students the basics of electric wiring in household circuits. Mr. Udhaya Kumar and Mr. Perumal of Havel's India Limited were the resource person of today's session. . They explained in a very simple manner using diagrams of how domiciliary electric circuits work. They explained how current is drawn from the power station to the electric post and then to our houses, the colours of wires used, about Breakers in the circuit and the purpose of earthing. It was really informative to the students as it was narrated by the guests who are experienced electricians . Students clarified their doubts not only regarding today's topic but also on what they have observed regarding electricity in their daily life. As a follow up of last month's session few students brought series and parallel circuits built of their own kindling interest in other students.

FOOD PROCESSING

In Food processing session, we prepared oats cutlet,

Ingredients:

Oats: rolled oats (roasted) fibre rich

- Potatoes boiled and mashed (rich in carbohydrates)
- Carrots grated rich in vitamins
- Peas and onion
- Salt to taste
- Chat masala powder
- Chilli powder
- Paneer grated (protein)
- Oil to shallow fry

Binding agents:

Boiled milk, rusk crumbs

Method: mix all the ingredients and make it into a cutlet shape place it in pre heated tawa add cooking oil cook until it comes golden brown. Now your yummy cutlet is ready to serve .

Today's session children were much excited and participated actively in the preparation of same. It went very well.

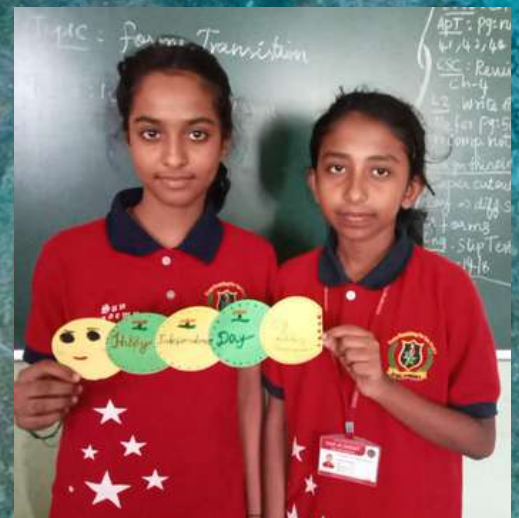

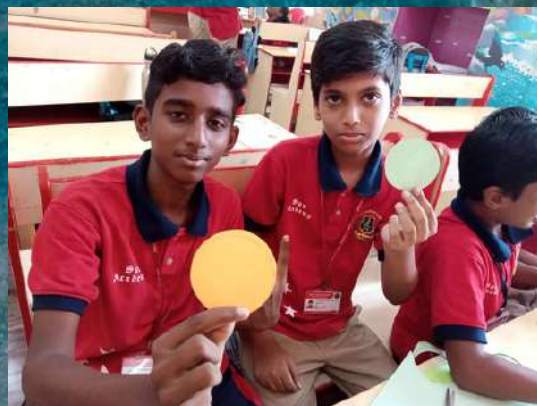

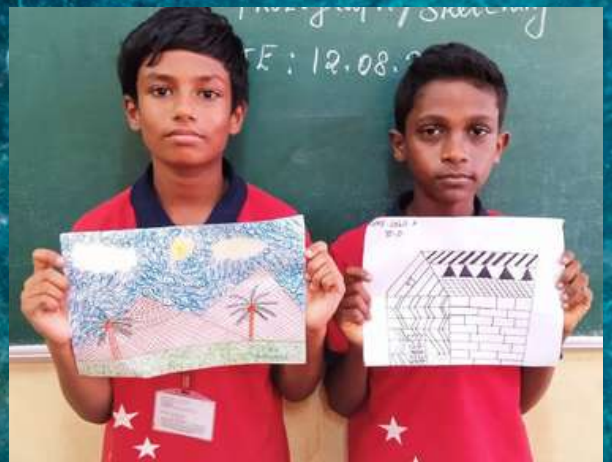

DESIGN THINKING

Students of class 6 actively participated by documenting the different forms in the environment through sketches or by photographic documents. By this activity students can develop visual literacy and articulatory skills to explain different problems.

Class 7 and 8

Exploring from transition.

Students of class 7 and 8 flaunted their talents by making various cutouts exhibiting creativity and colours using paper and many used clay bringing out various shapes and products out of it. By discovering different shapes students are able to develop creative skills and confidence. They also get hands-on practice in making transitions.

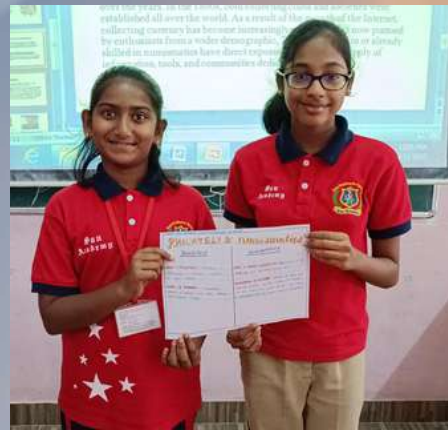

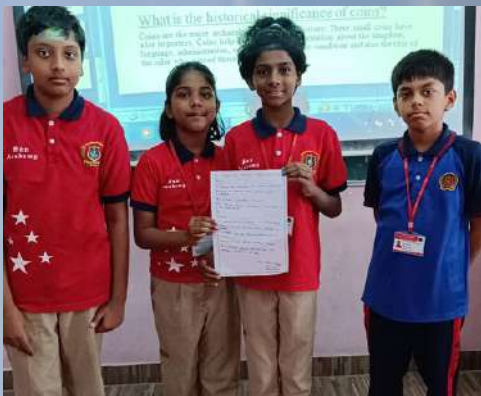

YUVA TOURISM CLUB

Students as groups actively participated in role play, they took the roles as tourist agency, tourist minister, foreign tourists and performed awesome skits which motivated and engaged students well in class. Also enhanced current strategies in promoting Indian tourism. Provided real-world scenarios to help students learn. Learned skills used in real-world situations like negotiation, debate, teamwork, cooperation, persuasion.

PHILATELY AND NUMISMATICS CLUB

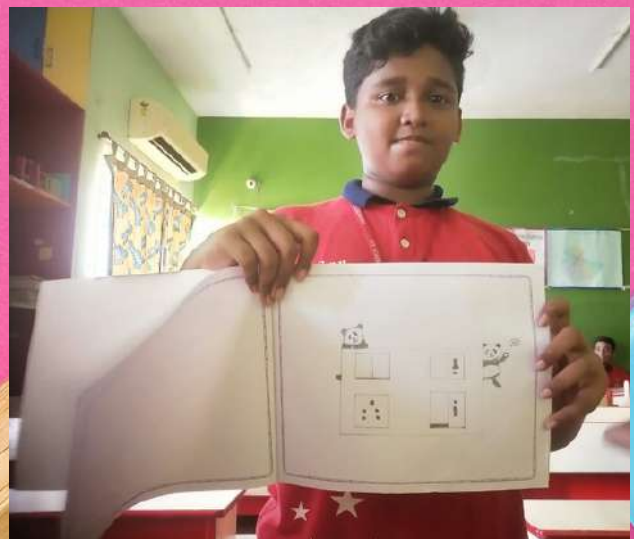

San Academy, Pallikaranai conducted session on Philately and Numismatics club as a part of No Bag Day. The topic was Philately Deposit Account. Students learnt the significance of Philately club and the skills that are inculcated through it. Information about Philately Deposit Account and how to create it with the help of India Post Department were shared to them. Students were excited to know about the famous people who collected stamps and coins. The session was quite informative and students were encouraged to participate in it out of their own interest.

ART EDUCATION

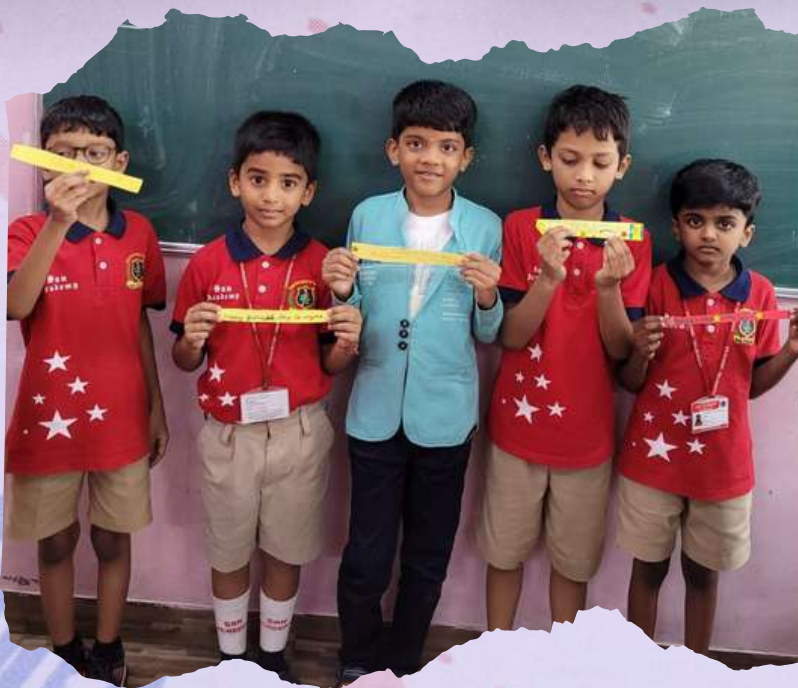

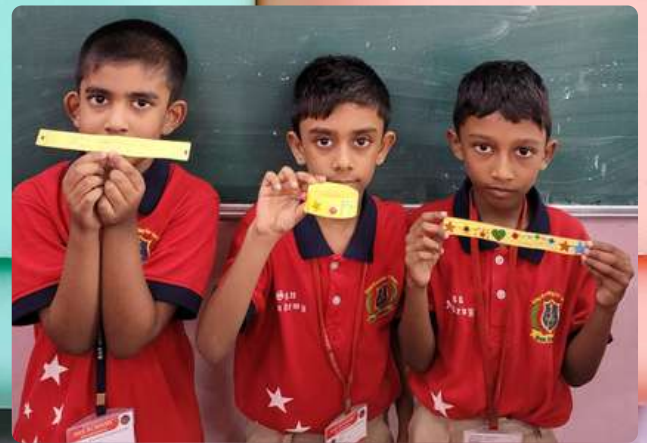

Highlights of the event:

Class IX & X students of San Academy Pallikaranai had an art education session on 12/08/23 by 9:00 to 10:00 am in their respective classroom. Students were encouraged to participate in the art session on the topic of Wall Painting for class IX and Aesthetic Art for class X. Students were informed to bring the required material. The sample picture was displayed on the projector in the classroom. All the students participated enthusiastically and submitted their wonderful arts to their respective class teachers.

DEXTERITY PHASE, VEXILLOLOGY AND VISIONARY CORNER

During "No Bag Day" for classes 3 to 5, a captivating array of activities awaited our students. In the vexillology session, young minds explored flags' significance and learned interesting facts about them. Sustainable resources came to life through engaging discussions. The linguistic session, filled with word games and storytelling, sparked language enthusiasm. Interactive puzzles and real-life problem-solving helped them polish their math aptitude skills. Beyond textbooks, students revelled in interactive learning and a holistic understanding of diverse subjects.

KARUNA CLUB

12.8.2023

As a part of the karuna club activities for the month of August, students of class 8 were taken to Indian Institute of animal welfare at neelankarai on 12.8.23. Students were briefed on how the animals at the welfare Institute is taken care of. They were also given a chance to feed them and pet them. The visit emphasized that animals have all the rights to live in this world with all the basic necessities fulfilled, and we humans being superior to them have the responsibility to take care of them with love and affection.

NCF ASSESSMENT

19.8.2023

An online assessment was conducted for all class 1 and 2 teachers and academic Coordinator to test their understanding on the national curriculum framework. It is apt to mention that an offline workshop regarding NCF was conducted in San academy earlier. Also various seminars and discussions were conducted among teachers to share their knowledge on ncf. This assessment was conducted following proper examination rules.

ENGLISH EVERYWHERE

21.8.2023

To make the learning an engaging and successful process we had called upon resource person , Ms Gomathi Narayan, a reading specialist , founder of "Early Readers" and co founder of "Books Trail" .The session started with kindling the students imagination and took them on a journey which sparkled the interest in books . Later she interacted with students in an engaging manner . She explained to them, the difference between homophones and Homographs with the help of ppt . Followed by tenses which were elaborated with the first person,second person and third person. Then she narrated a story with different sounds and syllables .Students enjoyed at the same time learnt in a fun way. The session ended with worksheets related to the topics

During the English everywhere session the students of class 3 explored the magic of phonics! The children had a blast reading with phonics, making words come alive. They also delved into the world of homophones, discovering words that sound the same but mean different things. Plus, they mastered "to," "too," and "two." It was a fun and informative session that made learning English a delightful adventure!

ENGLISH BINGO WORKSHOP

19.8.2023

On August 19th 2023, Mrs. Monica Grace.R.S felicitated a workshop on the Topic "English Bingo" for the teachers of SAN Academy. The purpose of this program was to improve and develop English while teaching in the classroom. The program was held in 12B classroom in 3rd floor. The teachers actively participated in the program, making it an interactive and engaging event.

A PowerPoint presentation was presented in the projector in order to give basic explanation and visual representation covering the topics, "Difficulties in teaching in English", "Mother Tongue Influence in English " with a complete explanation & examples of real life situations which teachers often go through while talking in English. Teachers participated actively interacting the real life experiences & challenges they face while talking in English in this session.

Additionally two videos demonstrating common mistakes we commit while speaking & pronouncing English words was shown in the projector for easy understanding.

Finally, the session ended with two activities in which the teachers participated enthusiastically. The first activity was "Rhyme Time" followed by "Chinese Whispers".

The English Bingo Program felicitated by Mrs. Monica Grace. R.S, PGT English SAN Academy overall, was an informative & interactive session spreading awareness and knowledge for the teachers to teach and speak in standard English.

POCSO MEETING - 1 & 2 TEACHERS

19.8.2023

POCSO Orientation to I & II handling teachers was conducted on 19/08/2023 by Ms. Padmini Baskar, the Special Educator and Ms. Mohana Priya J, the Student Counsellor , in San Academy, Pallikaranai.

Ms. Padmini Baskar started the session by giving a brief introduction about POCSO Act for different level of abuses, its importance and POCSO committee in schools. She elaborated that it is very essential to give sex education along with academics to all the students irrespective of all age group in each and every school. The teachers were educated on handling children of 6 - 8 years of age. She also insisted the teachers to educate the students about body languages, verbal and nonverbal communications and its methodologies.

Ms. Mohana Priya started her session by discussing the psychological and emotional part of children at the age of 6 - 8 years. She explained that the teachers have the responsibility to identify the students who are emotionally imbalanced, feeling isolated and reluctant to open up. She also mentioned that it is very important to save the children who really seek support. She also wanted the children to be educated on gender equality in this stage itself. She insisted the teachers to add moral values and to take a weekly moral theme for the classroom and appreciation for the same to encourage the students to practice self-discipline on a regular basis. She requested the teachers to make the students to open up their feelings and emotions to them, so that it would be helpful for the children to control their emotions.

It is always necessary to work together as a team for the safety and security and well-being of each and every students in school. San Academy is the great example for this. The session ended up by asking queries and all of which were clarified.

POCSO MEETING - 3 TO 5 TEACHERS

26.8.2023

- *Review on sports day safety and security and sports enquiry committee involvement

- *Identifying the students of different characteristic features
- *Giving extra attention to take care of those children who really seek help and support
- *Plan to address the students in general assembly on van discipline

The session ended up with sharing personal experiences by support staffs and asking queries.

KG SPECIAL DAYS - GARDENER'S DAY

22.8.2023

With our busy and concrete lifestyle, gardening is the only way that keep connected to Mother Nature. Gardner's Day was held at SAN Garden on 22nd August 2023

Gardening helps us to learn about nature. It gives kids an opportunity to observe plants from close range and to understand how they grow and develop. Kids also get to know what kinds of soil are best for different types of plants. And if they want to keep up with their garden, it might be fun to watch it grow.

Gardening is not just about having beautiful flowers and vegetables; it's a way of life. Gardening teaches us patience, responsibility, and how to live harmoniously. Kids can learn from nature and share the knowledge.

We can teach ourselves and others how to make their lives better and healthier. We can help each other out and contribute to society at large. Gardening is a great hobby that kids can do anywhere, anytime. They don't have to be a professional gardener to enjoy it. There are many ways to garden indoors and outdoors.

Kids started with small, like planting seeds or seedlings.

Kids can go big and grow their veggies and herbs.

It is not only fun, but it is also a healthy activity that helps children improve their motor skills, social skills, and knowledge of plants, insects, and other living things. It also helps them to learn about responsibility and to develop persistence in the face of challenges.

-Susindhra .K- Jr.Kg teacher

VOYAGERS DAY

23.8.2023

San Academy Pallikarnai, Chennai, provided a wonderful opportunity for the Senior Kindergarten (Sr. K.G) students to delve into the topic of "Why Travel is Important for Kids?" The school recognizes the age-old human inclination for exploration and its role in driving significant discoveries and innovations. Whether venturing to distant celestial bodies or neighbouring communities, each journey has enriched human understanding.

Celebrating the spirit of exploration, the school organized a "Voyager Day" for the Sr. K.G students. During this event, the children dressed up as voyagers, embracing the historical significance of these adventurous explorers. The school premises were transformed into a beach-like setting, complete with coolers, hats, backpacks, binoculars, and suitcases. This immersive experience allowed the kids to embody the essence of voyagers who embark on long journeys, often by ship, in pursuit of new horizons.

In conclusion, San Academy Pallikarnai Chennai, empowered its Senior Kindergarten students to understand the profound importance of travel in their holistic development. Through this initiative, students not only absorbed valuable lessons but also celebrated their own curiosity and potential as young voyagers of the future.

- Ms. Nivedita. V, Sr.Kg teacher

STORY CARNIVAL DAY

23.8.2023

San Academy Pallikarnai organized an enthralling "Story Carnival Day," a celebration dedicated to nurturing children's imagination, creativity, and love for reading through the enchanting world of fairy tales. This event was an endeavour to inspire and engage young minds in the captivating realm of stories.

The primary objective of the Story Carnival Day was to encourage children to explore their passion for reading, foster creativity, and unleash their imaginations. By delving into the world of fairy tales, students were provided a unique platform to learn and grow through stories.

One of the highlights of the event was the visualization of the story "Jumbo the Elephant" through objects. This interactive approach enhanced children's comprehension and engagement, making the story come alive before their eyes.

Teachers and students collaborated to enact the story of "The Little Red Hen," using headgear and props. This hands-on approach not only made the story memorable but also helped students overcome stage fear, enhance their public speaking skills, and develop confidence in presenting themselves.

Participating in the enactment and visualization of stories provided students with a chance to improve their presentation skills, boost their reading abilities, and cultivate storytelling qualities. The event served as a nurturing ground for personal growth.

The underlying morals within the stories served as valuable life lessons for the children. Learning through stories not only captivates their imagination but also imparts ethical values that contribute to their character development.

The Story Carnival Day not only ignited a spark of enthusiasm for reading but also sowed the seeds of creativity and imagination in the young hearts. The skills gained during the event, such as overcoming stage fear, enhancing public speaking, and imbibing moral values, are bound to serve the children well in their future endeavours.

In conclusion, San Academy Pallikarnai's Story Carnival Day was a testament to the school's commitment to holistic education. By immersing the children in the world of fairy tales, the event fostered a love for reading, nurtured creativity, and instilled important life skills, setting the stage for a bright and imaginative future for the students.

- Ms. Abhishega Mary

CHANDRAYAAN 3 SOFT LANDING

23.8.2023

The landing of India's Chandrayaan-3 is a monumental occasion that will not only fuel curiosity but also spark a passion for exploration within the minds of our youth. It will generate a profound sense of pride and unity as we collectively celebrate the prowess of Indian science and technology. At San Academy, Pallikaranai, we have streamed the Soft landing video of Chandrayaan 3 to our students, Children are super excited for the success of the mission and sang the patriotic songs.

MEDICAL CHECK UP

22.8.2023 & 23.8.2023

San Academy Pallikaranai arranged a health checkup for all the students from Nursery to class 12. Ms. Susai Mary Clara, the Wellness staff organized this event for four days.

In this event, eight doctors from the department of ENT, a Dental and general Physician and three nurses from Apollo Hospital, and four ophthalmology technicians from Agarwal Eye Hospital participated and rendered their service.

They completed common health checkups such as height, weight, BMI, and general eye and dental checkups.

In this camp, 2052 students got benefitted and children who have vision problems and other issues were given prescriptions that were pinned up with their handbooks.

Entries have been made in the student's health cards for their future references.

ONAM CELEBRATION

28.8.2023

The KG and primary wing of San Academy Pallikaranai celebrated the festival of Onam. Radiating vibrant hues in their traditional attire, the students resembled a flock of colorful butterflies. They crafted intricate "pookkalam" or floral carpets to decorate their surroundings. They recounted the legendary tale of king Mahabali. In celebrating Onam, a cherished festival of the neighboring state, the students were in fact embracing unity in diversity. Through this cultural exchange, students discovered the beauty of different traditions and were united in celebrating the rich culture heritage of our country.

SHOW & TELL

31.8.2023

Jr.kg : Vegetables are colorful , tasty and they come in a myraid of tastes and textures. They are also a great source of vitamins and nutrients, whether cooked or raw, which makes them an excellent meal choice for children and adults to stay strong and healthy. The show and tell was done in the front area.

Children performed on allotted topics to them with chart, props, posters etc. The Presentation were neat. Each child forwarded to present their topics in front of their peers.

Sr.kg: Have you ever dreamt of traveling around the world with your back bag in 30 days. Our Sr.kg. kids shared this adventure in the show and tell for the month which helped us to guide different directions, gave knowledge about national symbols, currencies used in various countries, cultures and lifestyles followed, countries art, festivals, food, languages spoken, religion etc. Even about our own country and its neighbouring countries.

Children presented themselves neatly and good , for the allotted topics with posters, charts and pls cards. This develops the children to explore different countries with curiosity.

CULMINATING ACTIVITY

30.8.2023 & 31.8.2023

CULMINATING ACTIVITY:

The culminating activity offers students a chance to amalgamate the knowledge and experience they have acquired during their learning journey. Given that the subject of Environmental Science (EVS) is not subject to formal assessment, we have designed a plan that allows children to engage in a culminating activity.

This initiative provides them with the platform to showcase the outcomes of their EVS learning at the conclusion of each academic term. By participating in this activity, students can introspect and exhibit their comprehension and reflection on the subject matter.

The EVS culminating activity-term 1 for grade 1 and grade 2 was conducted on 30th and 31st of august 2023. A total of eight shows(one show for each section of grade 1 and grade 2) was conducted altogether in these two days. The culminating activity included an array of performances like mime, skit, talk show, interview, fashion walk, role play, speech, and the list goes on. With no formal examination for the EVS subject, this culminating activity showcased the students learning outcomes on the various topics from the EVS-term1 syllabus like colours, body parts, animals, plants, air,etc . It was indeed awesome to watch the kids perform with great courage and confidence. Overall, the EVS culminating activity was a package of outstanding and amazing performances of our little sanites.

PLANET NUTRITION

31.8.2023

San Academy Pallikarnai, renowned for its commitment to holistic education, organized an enlightening session on "Planet Nutrition" for students of Classes IX and X on August 31, 2023. The session aimed to increase awareness among students about the interconnectedness of nutrition, sustainable living, and environmental well-being. The distinguished resource person, Ms. Aishwarya Ravichandran, Founder and Director of Vivid Minds, shared her expertise on this vital subject.

Ms. Aishwarya Ravichandran commenced the session by emphasizing the significance of understanding the intricate relationship between nutrition and the environment. She introduced the concept of "Planet Nutrition," which underscores the importance of consuming food that is not only nourishing for individuals but also sustainable for the planet.

Ms. Ravichandran illustrated how food choices impact the environment and the importance of adopting a sustainable diet. She discussed how agriculture, transportation, and food production contribute to greenhouse gas emissions, deforestation, and loss of biodiversity.

The resource person elaborated on the concept of sustainable diets, which involve consuming foods that have a lower environmental impact. She highlighted the benefits of plant-based diets, locally sourced produce, and reducing food waste.

Ms. Ravichandran explained the symbiotic relationship between nutrition and ecosystem health. She elaborated on how balanced ecosystems contribute to the cultivation of nutritious foods and the overall well-being of the planet.

The session delved into international efforts and initiatives aimed at promoting sustainable food systems and reducing malnutrition while preserving the environment. Examples included the United Nations Sustainable Development Goals and the "Planetary Health Diet."

Students were encouraged to take responsibility for their dietary choices and consider the broader impact on the environment.

Practical tips were shared on how they can make informed decisions to contribute to a healthier planet.

The session was highly interactive, with Ms. Ravichandran inviting students to share their thoughts, questions, and experiences related to food and sustainability. The students enthusiastically participated, demonstrating their interest and concern for the subject matter. In her closing remarks, Ms. Aishwarya Ravichandran commended the students for their active engagement and urged them to be ambassadors of change by spreading awareness about the concept of Planet Nutrition. She encouraged them to make conscious choices that align with the well-being of both themselves and the environment. The "Planet Nutrition" session organized by San Academy Pallikarnai proved to be an eye-opening experience for the students of Classes IX and X. It successfully highlighted the essential link between nutrition and environmental sustainability. The insights shared by Ms. Aishwarya Ravichandran provided students with a fresh perspective on their dietary choices and inspired them to play a role in building a healthier planet through mindful consumption. The academy's initiative to host such a session demonstrates its commitment to holistic education, nurturing informed and responsible global citizens. The students left the session equipped with knowledge that extends beyond textbooks, empowering them to make conscious choices for their own well-being and that of the planet.

ACCOLADES

Students pay rich tributes

ACADEMIC YEAR 2023 -24

CHENNAI: Commemorating the Kargil Vijay Diwas, San Academy, Pallikaranai, students of class 1 paid tribute to our soldiers in their own little way. The speeches by the students reminded us about the 'What, Why, How, and When' of Kargil Vijay Diwas. Students paid their tribute to the heroes through a dance drama. Students dressed up as soldiers enacted the sacrifices made by soldiers during Kargil war. In 'Salute to Kargil heroes', students held Kargil heroes' photos to remind themselves of the selflessness and courage of our soldiers.

SAN ACADEMY

Commemorating the Kargil Vijay Diwas celebrated on 26th July every year, students of class I C paid tribute to our soldiers in their own little way. The speech by the students reminded us about the "What, Why, How, and When" of Kargil Vijay Diwas. Students paid their tribute to the heroes through a mesmerising dance drama. Students dressed up as soldiers enacted the sacrifices made by soldiers during Kargil war. In 'Salute to Kargil heroes' - students, held Kargil heroes' photos to remind themselves of the selflessness and courage of our soldiers. The assembly echoed the spirit of valour and patriotism.

SPORTS MEET AT SAN ACADEMY

San Academy Pallikaranai hosted an exhilarating Sports Day event, spanning two days, that radiated vibrant energy and enthusiasm among its students. The event was meticulously organized, with each day tailored to specific age groups and themes. Recently, the YMCA grounds came alive with a burst of activities.

The morning session, themed "Health Donation," catered to students from classes III to VI. The focus of this segment was on promoting the importance of a healthy lifestyle. Various drills, track events, and displays showcased the vitality of physical well-being. The participation and enthusiasm of the students were heartwarming as they engaged in activities that underscored the significance of staying fit.

In the afternoon, the ambience shifted to a fantasy realm as the classes VII to XII took the stage with the captivating "Game of Thrones" theme. A.A. Prasana Raja, a distinguished national volleyball player, graced the event as the chief guest. The students presented an array of performances, including intriguing drills, creative track events, and impressive demonstrations of karate

and silambam. The event allowed them to channel their inner athletes while embracing the essence of teamwork and determination.

Recently, classes I and II showcased their vigour and zest for physical activity through the "Fitness Regime" theme. This segment aimed to instill healthy habits from a young age and foster a positive relationship with exercise. The young participants displayed remarkable energy and enthusiasm as they engaged in a variety of age-appropriate activities.

Principal Hemalatha Sooryanarayanan extended her heartfelt congratulations to all the winners, acknowledging their exceptional performances. She also commended every participant for their dedication and hard work, emphasizing the importance of sports and physical activities in holistic development.

The Sports Day event at San Academy Pallikaranai truly embodied the school's commitment in promoting physical fitness, teamwork, and sportsmanship. It was a celebration that left a lasting impression on students, staff, and attendees alike, inspiring everyone to embrace a healthier and more active lifestyle.

Kids visit landmarks

நடல்

CHENNAI: San Academy, Pallikaranai, senior KG children had field trips to landmarks of Chennai as part of their curriculum. Kids visited many places such as Marina Beach, MGR Memorial, Presidency College, War Memorial, Namma Chennai typographic sculpture and Santhome Church. Field trips allow students to interact with what they are learning. The experience goes beyond reading a concept in a textbook as children are able to participate in it physically.

Students win medals

CHENNAI: Shooters of San Academy, Pallikaranai, Aparnambikha of 7, Anoshka Nair of 8, Mohammad Farhan of 8, Vihaan Verma of 6, and Lakshan Seyoun V D., participated in the Chennai Open Tamilnadu state Airgun shooting championship 2023 and bagged several medals in various categories.

Students of San Academy, Pallikarnai, pose after watching Chandrayaan 3's soft landing on the Moon.

THANK YOU
