SEASONAL FUN DAY

6.3.2023

Time is a difficult concept for children to understand. They start to get an idea of how time passes thanks to the different situations they encounter in their day-to-day life, such as eating hours, daily habits, or the switch from day to night. The fact that these events occur in a certain order helps the little ones to get a better understanding of time and how important it is. Learning about seasons of the year and their transition helps kids better comprehend how time works.

Children happily anticipate to play with the fallen leaves during autumn or to make the best and most awesome snow figures when winter comes. Not to mention the excitement when summer is almost there, and the opportunity to go to the beach arises! Or some little ones are excited to see the plants growing stronger and flowers blooming during the spring season.

The nursery kids done activity related to four seasons-chart activity -bit pasting, paper crushing, and sticking, and stringing flower for garland. Seasonal food habits were educated and importance of drinking water during summer were emphasized. Children cherished seasons with musical movements

NUTRI-DAY

7.3.2023

Health is like money, we never have a true idea of its value until we lose it.” – Josh Billings

It is important for the children to know and understand that health is the true wealth and the easiest way of maintaining a good health is having wholesome and nutritious meals and keeping yourself clean and germ free. Keeping all this in mind Jr. Kg. of San Academy Pallikaranai celebrated Nutri day. Students were taught different aspects of healthy and nutritious eating. In our Indian diet grains and pulses are a vital provider of nutrition. Students were taught about different grains and pulses that are paramount in our daily diet. Our body has different nutritional needs in different seasons. Students were told what food items are beneficial for different seasons. Display of healthy food item like dairy products, Veggies, fruits, pulses and grains, sprouted grain and were explained the importance of healthy food eating habits to children

FAMED FABLE DAY

8.3.2023

Stories come in different forms and shapes. Some make us think about the serious side of life while others make us laugh at the lighter side of it. The Sr. Kg. Kids were being introduced to different forms and styles of storytelling as their theme and Fabricate a Fable was a fun-filled introduction to the magical world of fables where animals can talk, where dragons and unicorns exist and where the good always emerges as the victor against evil.

Kids came in their favourite story characters such as Cinderella, Rapunzel, Snow white, Gingerbread man, Hulk, and got an opportunity to develop communication skills via storytelling, performing theater act and in presenting their imagination in this day. Students understood that short moral stories are called 'fable' for eg. 'Panchatantra (Five principles)' which is an ancient Indian collection of animal fables. The day had loads of fun and frolic.

FIRST DAY OF THE ACADEMIC YEAR 2023_24 27.3.2023

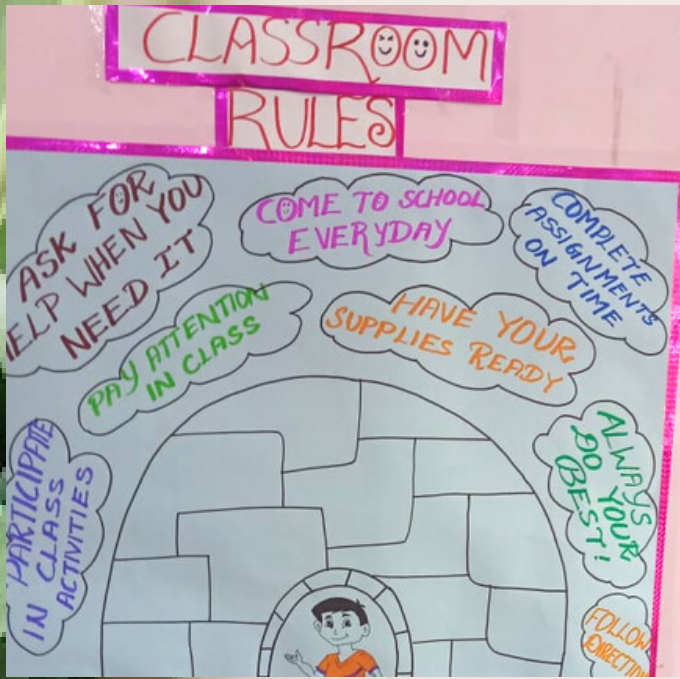

After the short break, it is only normal to get them back in their “student mode” to activate them into pursuing their dreams and aspirations.

We are most excited to have our students back on campus. For the old students, hope you enjoyed your break and are ready to reach for the stars. And for our new students, you made the right choice coming to this citadel of learning. Emerge yourself in all the learning process and the sky is your stepping stone to greatness.

The school is much more willing than ever to assist you by giving the right learning environment and providing more learning aid to help you achieve your academic dreams and goals.

Based on theme, the students were given hexagonal shaped cards. Flowers of different shapes and colors were distributed to the students. The students chose the favorite colour flowers and stuck them on the cards provided. They were also told, how nature smiles at us through colors.

WEAR A HAT DAY

31.3.2023

On the theme of "Wear a Hat Day," the students of class 10A at San Academy organized an assembly on 31 of April 2023 to raise awareness about the benefits of wearing a hat and the complexity of brain tumor. The assembly commenced with the Tamil Nadu State Song, "Tamizh Thaa Vaazhthu," followed by the pledge and the school song.

After that, "Thought for the Day," was read out which was followed by a reading from the classic Tamil literature, Thirukural. The news related to the latest developments in brain tumors was also presented to the audience to keep them informed and up-to-date.

Next a speech on the benefits of wearing a hat, highlighting how it protects us from the sun's harmful UV rays and helps us stay cool in the scorching heat was given. The speaker also stressed the importance of wearing a hat for people who spend a lot of time outdoors, such as farmers, construction workers, and outdoor enthusiasts.

In addition, another speech about the complexity of brain tumors, raising awareness of the seriousness of this health issue was also delivered. The speaker urged the audience to be mindful of their health and to seek medical help if they notice any symptoms that could indicate a brain tumor.

Finally, the school principal addressed the assembly and congratulated the students on organizing a successful and informative event. The assembly concluded with the singing of the National Anthem, reminding everyone of the importance of patriotism and national unity.

Overall, the assembly on "Wear a Hat Day" was a well-organized and informative event that successfully raised awareness about the benefits of wearing a hat and the complexity of brain tumors. The students demonstrated their leadership skills, and the event provided a platform for them to showcase their public speaking abilities.
