

Dear Parents,

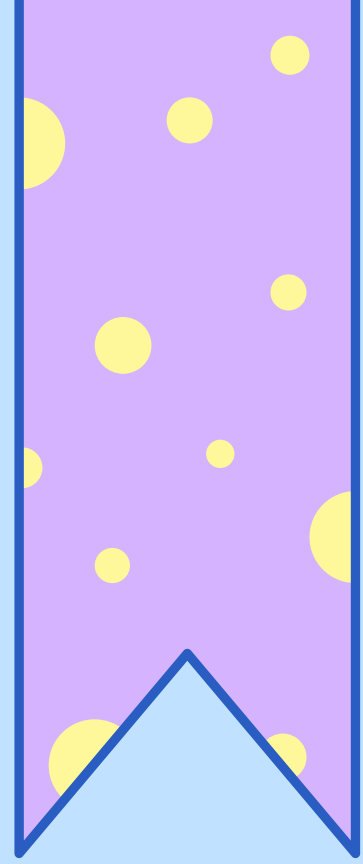

Greetings from San Academy!

"Mish Mash" is a combination of activities served together for children to enjoy and learn during classes. Club activities improve children's knowledge, skills, teamwork, creative thinking, and activate minds. They help our children build skills outside the classroom. The capabilities learnt in clubs include collaborating with other children, communicating while working together on common projects, learning to follow directions, and modeling leadership for both peers and adults.

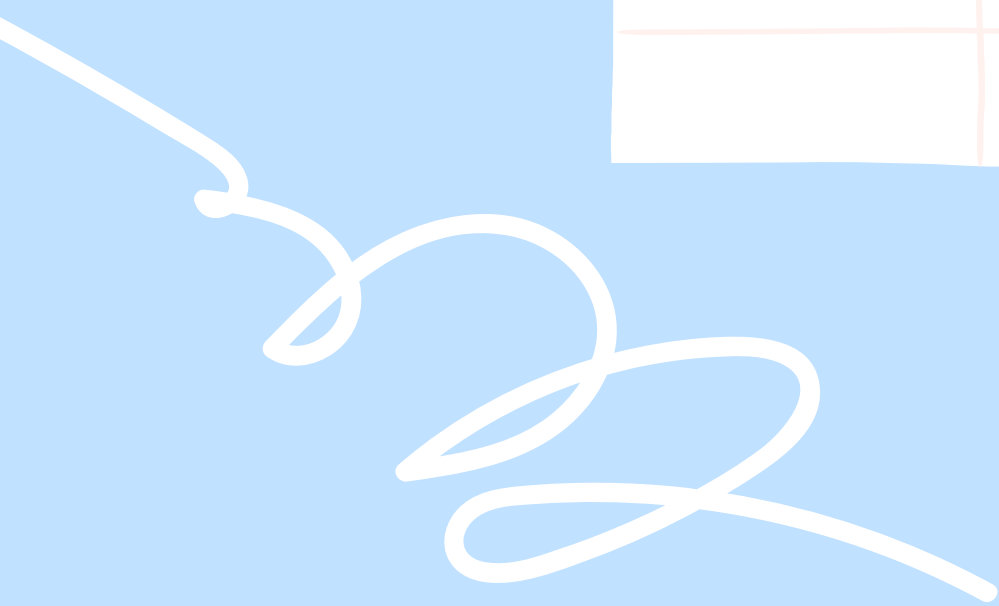

Regards

SAN ACADEMY, KAMAKOTI NAGAR

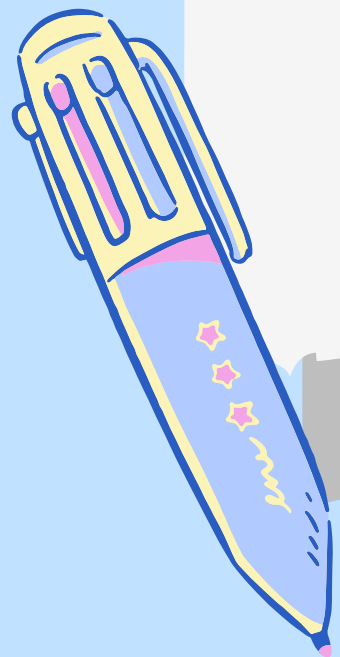

HOBBY CLUB

HOBBY CLUB

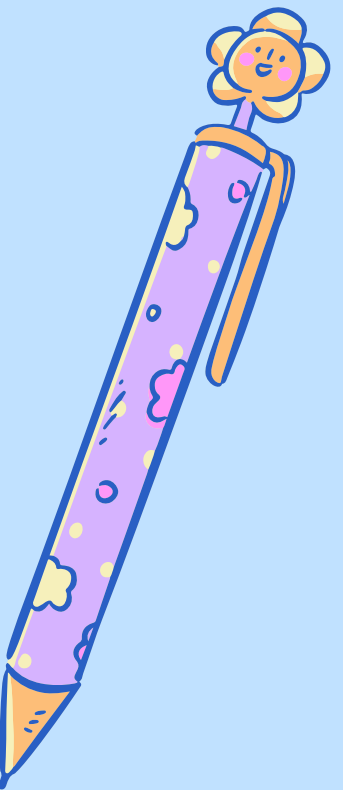

A Hobby Club is a great way to encourage creativity, skill development, and personal interests outside of the academic curriculum. It provides students with a platform to explore their passions, learn new things, and interact with like-minded peers.

CLASS 1 & 2

WEEK -1

Introduction on "HOBBY CLUB" by teachers using PPT. Students have to share their own hobbies.

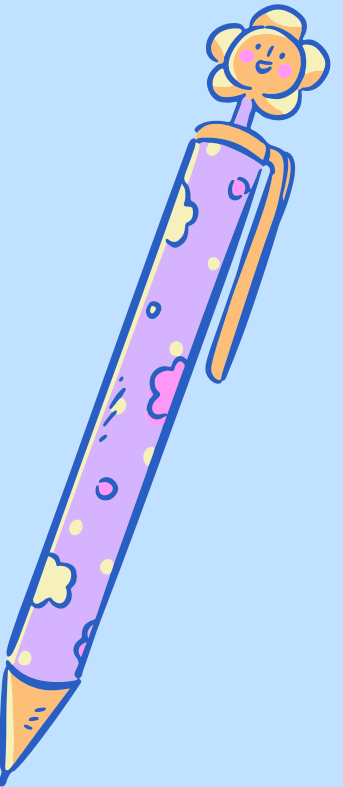

CLASS 1 & 2

WEEK -2

INTRA COMPETITION

Hand print art competition: Students create handprint art representing their hobbies (e.g., a book for reading, a football for sports, or a palette for painting)

Material required: A4 size chart , Paints, colour pencils, crayons, tissue paper and stationery item.

JUDGEMENT CRITERIA

1 Creativity

2 Neatness

3 Overall presentation
