# NO PLASTIC DAY

"We are delighted to share the success of our recent No Plastic Day at school, an event dedicated to spreading awareness about reducing plastic usage and safeguarding our environment."

No Plastic Day is a reminder to stop and think about how much plastic we use and how we can reduce it. The aim is to make people aware of the harmful effects of single-use plastics on wildlife, marine life, soil fertility, and human health. It encourages everyone to adopt sustainable alternatives like cloth bags, jute bags, glass jars, and steel bottles.

Students learn about the impact of plastic on the environment, including issues like pollution, wildlife harm, and the challenges of recycling plastic. Say no to plastic engaged the students in various activities. And students took an oath for not using plastic
