

KINDERGARTEN

Nursery, JRKG, SRKG – Intra School Competition – 03.02.25

On February 3rd, 2025, our little stars from Nursery, JrKG and SrKG showcased their talent in an exhilarating Intra School Competition. The event was packed with creativity and enthusiasm as children participated in Clay Modelling, Waste Paper Collage and Word Whizz. JrKG children amazed us with their creativity by pasting colourful papers inside butterfly outline, while Nursery children delighted everyone with their colourful playdough creations of vegetables and fruits. SrKG children showcased their linguistic talent in Word Whizz, spelling and writing words using letters given in the grid. This competition not only boosted the children's confidence but also honed their memory and writing skills. Needless to say, the children had a fantastic time participating in the event. Certificates and medals were awarded to recognize their outstanding achievements.

Nursery - Fieldtrip to Food Mart– 05.02.25

On February 5th, 2025, the Nursery children embarked on an exciting field trip to Perin Supermarket, the nearest Foodmart. It was a day filled with exploration and learning as the children immersed themselves in the vibrant atmosphere of the market. During the trip, they had the opportunity to discover an array of fruits, vegetables and healthy foods available at the supermarket. Their teacher also enlightened them about the importance of making healthy food choices and the need to avoid consuming junk foods. The children thoroughly enjoyed their time at the supermarket, making it a memorable and educational experience for all.

JRKG - Fieldtrip to Arignar Anna Zoological Park - 06.02.25

On February 6th, 2025, the JR.KG students embarked on an unforgettable field trip to the local zoo, Arignar Anna Zoological Park. It was a day brimming with excitement and discovery as the children explored the diverse attractions within the zoo. They had the chance to marvel at a fascinating array of animals, birds and reptiles inhabiting various habitats. From the majestic white tigers to the graceful giraffes and from the slithering snakes to the mighty elephants, the children were enthralled by the diversity of wildlife. Their visit also included learning about the intriguing creepy-crawly creatures residing in the zoo. Witnessing creatures like emus, ostriches, leopards and crocodiles added an extra layer of excitement to their adventure. The field trip was a delightful blend of fun and learning, creating cherished memories for the children.

SRKG - Fieldtrip to Birla Planetarium - 07.02.25

On February 7th, 2025, the SR.KG students embarked on an enlightening journey to the Birla Planetarium. Their objective was to delve into the fascinating world of discoveries and inventions. At the planetarium, students marvelled at various scientific toys in the science park, gaining insights into the evolution of planets. This captivating field trip not only deepened their understanding of science and technology but also ignited a passion for exploration that will continue to guide their journey of learning.

No Plastic Carnival – Nursery, JrKG, SrKG – 14.02.25

San Academy Tambaram took a significant step toward environmental awareness with the No Plastic Carnival on February 14, 2025. The event aimed to educate children and parents about plastic pollution's harmful impact while promoting sustainable habits. The carnival began with captivating cultural performances, including dance, storytelling and music, emphasizing sustainability. Activities included an Upcycled Costume Parade, Ocean Pollution Storytelling, Green India Dance and a Plastic Waste Management Speech. Children recited no-plastic slogans, sang group songs and engaged in Best Out of Waste Games and a Scavenger Hunt. Teachers also conducted live demonstrations on composting. Nursery children presented a No Plastic fashion walk, action rhymes, and dance performances, while SrKG students delivered speeches, storytelling sessions and a final pledge. The event also featured a rally spreading awareness in the neighbourhood. The No Plastic Carnival successfully involved children, parents and teachers, reinforcing the need for eco-friendly practices. Through creative performances and interactive activities, the event highlighted the importance of reducing plastic waste, inspiring a greener future.

Nursery – Show & Tell – 19.02.25

On February 19th, 2025, our Nursery children joyfully participated in Show & Tell with the theme Let's Go Foodie! This engaging event introduced them to the importance of healthy eating through interactive discussions and exciting food displays. They explored a variety of nutritious fruits, vegetables and balanced meals, learning about their benefits in a fun and engaging way. The session encouraged healthy habits and sparked curiosity about wholesome foods. Children spoke with great confidence.

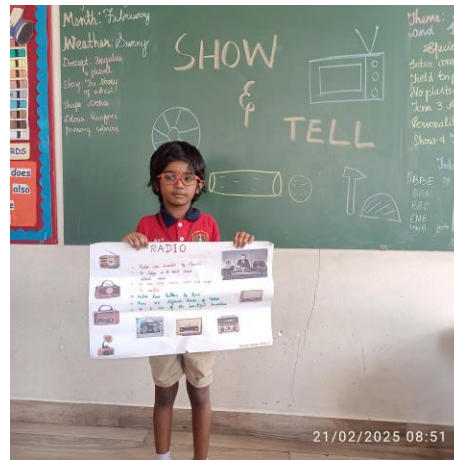

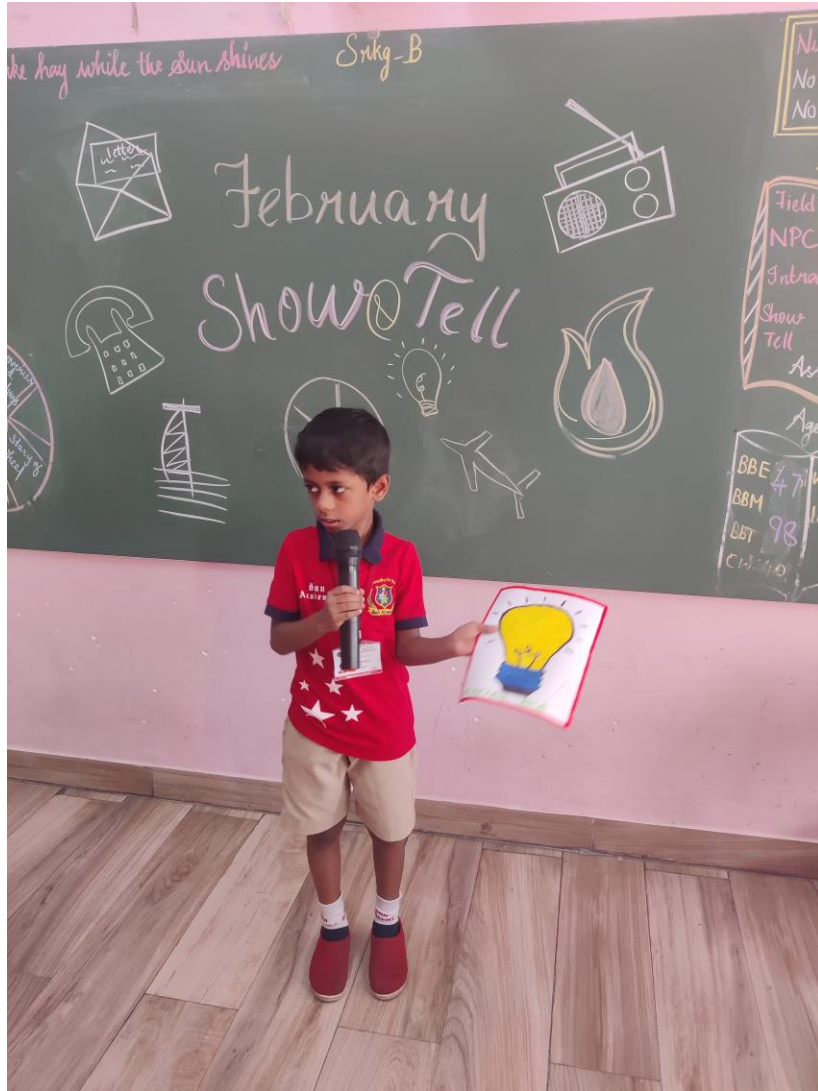

JRKG – Show & Tell – 20.02.25

On February 20th, 2025, our Jr.KG children were abuzz with excitement as they explored the world of Creepy Crawlies during Show & Tell. Through engaging enactments and interactive activities, they discovered fascinating facts about insects and reptiles. From wiggly worms to colorful butterflies, each child shared their knowledge with enthusiasm, making learning both fun and memorable. This special event sparked curiosity, encouraged storytelling and deepened their appreciation for nature's tiny wonders. It was truly a delightful and educational experience for our little explorers. Presenting in front of peers helped children overcome stage fear, boosted their self-confidence and strengthened their ability to interact and engage with others.

SRKG –Show & Tell – 21.02.25

On February 21st, 2025, our Sr.KG children embarked on an exciting Show & Tell journey, exploring the theme Discoveries & Inventions. With enthusiasm, they showcased fascinating inventions, from the wheel to the telephone, sharing intriguing facts about how these innovations changed the world. This engaging session ignited their curiosity, encouraging them to think like young inventors. The event not only enhanced their communication skills but also deepened their appreciation for creativity and exploration. This event encouraged children to express their thoughts confidently, improving their vocabulary, storytelling and public speaking abilities.

Little Narrator Club - SRKG

In the Little Narrator Club story session, Debjani Ma'am was helping students practice for Story Culmination Day. The students were rehearsing a roleplay based on the story of Zozo the Monkey. She guided them on how to act, speak, and express emotions like real characters. The session was full of fun and learning as students got ready to perform their best on the big day!

Bunny Scouts Program - Nursery, JrKG & SrKG

Nursery children hopped into excitement with a fun-filled Bunny Program featuring a Hoop Arrangement activity! The enthusiastic Bunny Aunty set up an obstacle course with colorful hoops, encouraging little ones to collect and return them, enhancing their gross motor skills, hand-eye coordination and problem-solving abilities.

The thrill continued with *Rabbit Trapper*, a playful game where children strategized to outsmart their friends, improving concentration and thinking skills. The activity brought smiles and laughter, making learning a joyful experience. The Bunny Program was a delightful adventure, keeping the little ones engaged and active throughout the day!

Personality Development - Nursery

Children of the nursery had an engaging and informative session on the proper way to wear masks to stay safe and healthy. They learned that masks should cover both the nose and mouth snugly without gaps, be worn with clean hands, and not be touched frequently. Used masks must be removed by the ear loops and disposed of properly. Teaching these habits helps prevent the spread of germs and keeps everyone safe.

Additionally, the students enjoyed a creative activity where they designed their own handkerchiefs using vegetable printing. This hands-on experience allowed them to explore patterns and textures while reinforcing hygiene practices in a fun and artistic way.

Personality Development JrKG

Learns Healthy Eye Care habits!

The JR KG students had an engaging and informative session on healthy eye care habits! They learned about the importance of eyes, which are one of the most vital organs of our body. The students discovered that eyes help us see, learn, and understand the world around us. To keep their eyes healthy, the students pledged to adopt several good habits. They learned the importance of limiting screen time and taking breaks from gadgets. They also understood the need to wash their hands before touching their eyes, getting regular eye check-ups and eating nutritious food rich in vitamins and minerals. By adopting these healthy habits, JR KG students will have healthy, happy eyes for years to come!

Personality Development SrKG: Helping Mind, Being helpful at home, Being helpful in the classroom

The children of SRKG learned about having a **helping mind** and the importance of being helpful. They understood how small acts of kindness can make a big difference. At **home**, they can help by keeping their toys away, setting the table, or helping parents with small tasks. In the **classroom**, they can be helpful by sharing their things, keeping their classroom clean, and assisting friends or teachers when needed. Through fun activities and stories, they learned that being helpful makes everyone happy!art of right breathing in an engaging session with their teacher.

Creative Group Activity - Nursery

Under the theme "Let's go foodie", the children explored the delightful world of different tastes. They learned to identify and differentiate between sweet and sour food items through engaging discussions and activities. To enhance their understanding, they created a colourful collage, where pictures of sweet and sour foods were carefully segregated into different baskets.

The sweet basket featured pictures of chocolates, cakes, mangoes, bananas, and honey, while the sour basket included lemons, tamarind, green apples, yogurt, and pickles. This interactive activity helped children develop their sensory skills while making learning fun and enjoyable.

Creative Group Activity - JRKG

Under the theme "Creepy Crawly Creatures", the children explored the fascinating world of insects. They learned about different types of insects, their homes and the vital roles they play in our ecosystem. To reinforce their learning, the children participated in a group activity where they crafted insect homes using paper and sticks. They worked collaboratively, showcasing their creativity and problem-solving skills as they designed and constructed intricate insect habitats. Through this hands-on activity, the children developed a deeper appreciation for the complexity and diversity of insect homes. They gained a better understanding of the importance of these tiny creatures and their role in our ecosystem, fostering a sense of curiosity and wonder for the natural world.

Creative Group Activity - SRKG

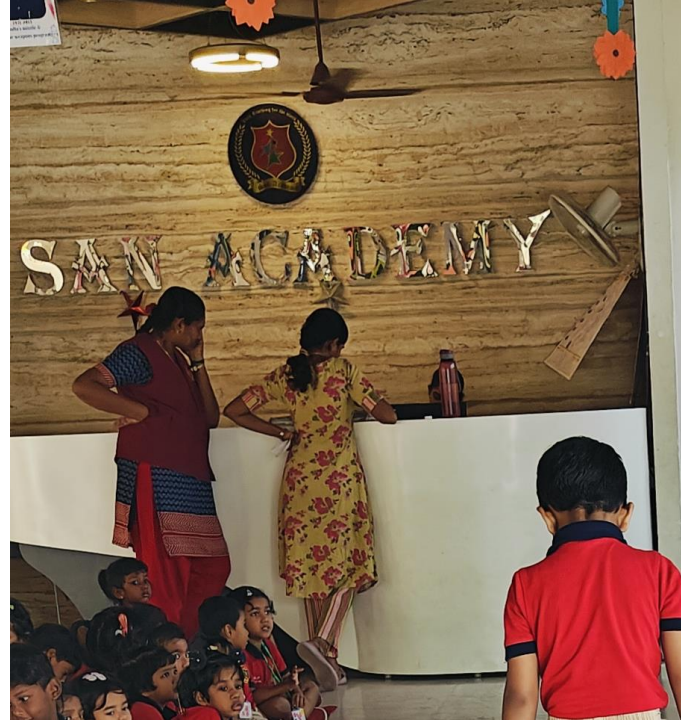

The KG children participated in a fun group activity under the theme "**Discoveries and Inventions**". They worked together to paste pictures about the **primitive man, their inventions, and famous inventors**. They learned how early humans lived, discovered **fire**, and created simple tools. Through pictures and roleplay, they explored how inventions like the **wheel, farming tools, and shelters** changed life over time. They also learned about great inventors like **Thomas Edison (light bulb), Alexander Graham Bell (telephone), and the Wright brothers (airplane)**. The activity helped them understand how inventions make life easier and inspired them to think creatively!

General Class JRKG -

28.2.25

JR KG students embarked on an exciting journey to explore the fascinating theme of "Creepy Crawly Creatures" through a range of engaging and interactive activities. The fun and interactive alphabet sequencing made the children recognize the letter and arrange them in the order. This activity helps to develop their literacy skills. Learning about primary colors and experimenting with mixing different hues. The children also enjoyed a fun-filled story "The Hungry Caterpillar" by enacting it. Through that they learned about the life cycle of a butterfly, counting, and days of the week. This comprehensive and interactive approach helped the Jr. KG children develop essential skills like observation, curiosity, and creativity while fostering a deeper appreciation for the natural world.

General Class SRKG

In General Class, children revisited the January theme, "weather walk" through different activities. They were able to identify different seasons and also they were able to differentiate the clothes used on different seasons. These interactive activities help them to understand the concept and to reinforce their understanding of different seasons. Children enjoy singing the season's song and they were eagerly participated in all activities.

Assembly Chronicles: A Wonderful Wednesday Routine with SRKG

At San Academy Tambaram, SrKG children eagerly gather every Wednesday for their assembly, fostering discipline, values and confidence. The day begins with Tamil Thai Vazhthu, followed by a school prayer and a calming meditation session. A special talent show allows children to showcase their skills, while the Thirukural recital and thought for the day inspire reflection. Birthdays are celebrated with joy and an aerobics session keeps the energy high. Teachers present engaging thematic activities, making learning interactive. The assembly concludes with the national pledge and anthem, instilling pride and unity among young learners in a vibrant, enriching environment.

PRIMARY

FIELD TRIP

An educational trip is an off campus learning activity that brings excitement and adventure to learning.

In accordance to the above statement , a trip was organized for the primary students . The objective of this trip was to impart knowledge and introduce new skills and reinforce new concepts to the children.

Grade 1- 10.02.25 (Snake Park)

Grade 2- 17.02.25 (Egmore Museum)

Grade 3- 17.02.25 (Parle Confectionary)

Grade 4- 24.02.25 (Shell Museum)

Grade 5- 24.02.25 (Farm Visit)

CULMINATING ACTIVITY (GRADE 1- 28.02.25)

Environmental Science is a captivating and enjoyable subject for the students. To ensure a comprehensive understanding of the concepts , we embraced various innovative teaching and learning approaches. Given that the subject of EVS is not just a subject for formal assessment , we have designed a plan that allows children to engage in a culminating activity. This initiative provided them a platform to showcase the outcomes of their EVS learning at the conclusion of each academic term.

HIGH SCHOOL & SENIOR SECONDARY

____ HIGH SCHOOL & SENIOR SECONDARY

- FIELD TRIP GRADE 6 TO 8 - 8.2.2025
- GOOD MANNERS IN SCHOOL WORKSHOP 20.2.2025
- AI-HUMAN CREATIVITY BLEND WORKSHOP – 20.2.2025
- WORKSHOP ON BEAUTY OF COMMUNICATION 20.2.2025
- WORKSHOP EXCELLING EMOTIONAL INTELLIGENCE & SELF EXPRESSION.
- PERSONALITY DEVELOPMENT WORKSHOP
- MIDDLE SCHOOL GENERAL ASSEMBLY
- ORIENTATION PROGRAM 28.2.2025

FIELD TRIP GRADE 6 TO 8 – 8.2.2025

Students from Grades 6 to 8 embarked on an enriching field trip to the zoo, exploring the wonders of wildlife up close. The visit provided an interactive learning experience, enhancing their understanding of animal habitats, conservation, and biodiversity. Engaging with zookeepers and observing diverse species, students gained valuable insights into nature and wildlife protection. The trip fostered curiosity, responsibility, and a deep appreciation for the environment.

GOOD MANNERS IN SCHOOL WORKSHOP 20.2.2025

San Academy conducted an in-house workshop on "Good Manners in School" on February 20, 2025, led by Ms. Vidhyavathy, Hindi teacher, for Grade 6 students. The session emphasized the importance of respect, politeness, and effective communication in school. Through interactive discussions and activities, students learned about empathy, active listening, and courteous behavior. The workshop encouraged them to adopt good manners in daily interactions, fostering a positive school environment and reinforcing the value of respect and discipline in their lives.

AI-HUMAN CREATIVITY BLEND WORKSHOP – 20.2.2025

San Academy conducted an in-house workshop on "AI-Human Creativity Blend" on February 20, 2025, led by Ms. Priyadhilip for grade 7 students. The session explored the synergy between artificial intelligence and human creativity, helping students understand how AI can enhance innovation rather than replace originality. Through interactive discussions and hands-on activities, students discovered ways to integrate AI tools into creative thinking processes. The workshop encouraged a balanced approach, fostering curiosity and critical thinking while emphasizing the importance of human ingenuity in the age of technology.

WORKSHOP ON BEAUTY OF COMMUNICATION 20.2.2025

San Academy conducted an in-house workshop on "The Beauty of Communication" on February 20, 2025, led by Ms. Priyadharshini for middle schoolers. The session highlighted the power of effective communication in building strong relationships and confidence. Through engaging activities, students learned the importance of clarity, active listening, and empathy in conversations. The workshop encouraged them to express themselves thoughtfully, fostering better understanding and connection. It was an enriching experience that emphasized communication as a key life skill.

Workshop Excelling emotional intelligence & Self expression

A dynamic Personality Development Workshop was conducted for Grades 6 to 8, led by Mr. Immanuel David and Dr. Sujitha. The session focused on enhancing emotional intelligence, self-awareness, and effective self-expression. Through engaging activities, students explored ways to manage emotions, build confidence, and improve communication skills. The workshop empowered young minds with essential life skills, fostering personal growth and resilience for their future endeavors.

MIDDLE SCHOOL GENERAL ASSEMBLY

The students of Grade 8B conducted a special assembly on **National Science Day** at **San Academy**, celebrating the contributions of scientists and the significance of scientific advancements. Through speeches. The assembly inspired curiosity and a love for exploration among students, reinforcing the importance of scientific innovation in shaping the future. It was an engaging and educational session for all.

GENERAL ASSEMBLY – GRADE 8A

The students of Grade 8A conducted a special General Assembly on International Mother Language Day at San Academy, celebrating linguistic diversity and the importance of preserving native languages. Through speeches, they emphasized the significance of multilingualism in fostering unity and cultural identity. The assembly encouraged students to appreciate and respect different languages, highlighting their role in heritage and communication. It was an enriching session that promoted awareness of linguistic and cultural diversity.

ORIENTATION PROGRAM 28.2.2025

- San Academy hosted the Allan Orientation Program on 28th February 2024, guiding parents on NEET and JEE preparations. The session provided insights into effective study strategies, exam patterns, and time management techniques. Experts shared valuable tips to help students excel in competitive exams. Parents actively engaged in discussions, gaining clarity on academic roadmaps. The event reinforced San Academy's commitment to student success in higher education.
