

HANDWRITING CLUB

APRIL 2025

GRADE I & II

WHAT IS HANDWRITING CLUB?

Handwriting is important because it strengthens memory, enhances cognitive skills, and improves fine motor skills, while also supporting reading and language acquisition, and fostering creativity and self-expression.

In this club Students will learn Cursive handwriting. It has several benefits beyond just making writing look elegant. Here's why it's important:

- 1. Improves Writing Speed:** Cursive letters are connected, making writing faster and more efficient than print handwriting. It reduces the need to lift the pen, allowing for smoother writing.
- 2. Enhances Brain Development:** Writing in cursive engages both hemispheres of the brain, improving cognitive skills, memory, and creativity. It strengthens neural connections, aiding in better learning and comprehension.
- 3. Boosts Fine Motor Skills:** Cursive requires precise hand movements, improving dexterity, hand-eye coordination, and muscle control.
