GRADE VI- IX

Dear Parents, Greetings from SAN ACADEMY!

We at SAN Academy, create a welcoming and exciting learning environment by developing the attitude and skills that support healthy and fulfilled life with the confidence for lifetime of learning. We support personal development, social responsibility, sense of self-worth and promote a "can do" attitude and inspire each to achieve their best. Club activities aims to keep the children updated on all the activities planned for the month ahead. We provide different activities for our students to equip them with holistic education by balancing academics with extracurricular activities and to develop social skills. School clubs let students discover the value of unity, let the students learn from their peers, let the students learn to respect another person's viewpoint. school clubs provide plenty of opportunities for students to take on leadership roles and show off their talents through club activities.

SUGGESTIONS

As parents, if you have any feedback or queries, do feel free to drop in your suggestions at santam@sanacademy.edu.in. Listening to your feedback makes us feel more involved as a part of the value addition process.

***Ms. R. Archana,
Managing Director.***

What is Sudoku ?

Sudoku is a fun and challenging number puzzle game that helps improve logical thinking and concentration. It consists of a grid (usually 9×9 or smaller for beginners) divided into rows, columns, and boxes. The goal is to fill the empty squares with numbers so that each row, each column, and each box contains all the numbers without repeating any.

Sudoku does not require mathematics or calculation — it is a logic-based puzzle that trains the brain to recognize patterns, think ahead, and solve problems step by step.

GRADE VI-IX

What is sudoku club?

An advanced-level Sudoku Club where students solve 9×9 Sudoku puzzles to enhance critical thinking, logic, and number placement skills. It helps students develop mental discipline and accuracy through individual problem-solving.

Aim of Sudoku Club

The main aim of the Sudoku Club is to develop students' logical reasoning, problem-solving, and concentration skills through engaging and enjoyable number puzzles. The club provides a platform for students to think critically, build patience, and enhance their analytical abilities while having fun.

GRADE VI- IX

Significance of Sudoku Club

1. Enhances Logical Thinking:

Sudoku encourages students to think logically and use reasoning to find correct solutions.

2. Improves Concentration:

Solving puzzles helps children stay focused and attentive for longer periods.

3. Develops Problem-Solving Skills:

Students learn to analyze situations, plan strategies, and make decisions step by step.

4. Encourages Patience and Perseverance:

The process of trial and error teaches persistence and determination.

5. Strengthens Memory and Attention to Detail:

Remembering number placements and patterns improves memory and observation.

6. Builds Confidence:

Completing challenging puzzles gives students a sense of accomplishment and boosts self-esteem.

7. Makes Learning Fun:

Sudoku turns logical thinking into an enjoyable mental exercise, promoting a love for brain games and learning.
