San Academy Tambaram always encourages students to have healthy competition practise, which passes on a competitive spirit within the students. This academic year kicked off with an Intra Competition on “POT PAINTING”. Our young and energetic children were asked to paint pots of their own creativity and they surprised everyone as it were a feast to our eyes.

Students got wonderful and unique ideas to portray their work.

Their creativity was visible in both painting the pot and designing it.

we found clay can captivate a child’s interest for ours they tend to quiet as everyone was too busy creating a work of art.

The soothing qualities of the medium keep them engaged while their imagination takes over. Pot painting improved children’s motor skills by giving them chance to engage their arms and hand muscles.

Intra was based on adherence to the theme, creativity, explaining the step by step process
