DIRECTOR'S DESK

MS. R ARCHANA, MANAGING DIRECTOR, SAN ACADEMY GROUP OF SCHOOLS

WELCOME TO SAN ACADEMY. WARM GREETINGS TO YOU.

WHAT SORT OF EDUCATION DO YOU WANT FOR YOUR CHILD? WHAT DO YOU WANT HIM/HER TO RECEIVE, ACHIEVE, AND BECOME FROM HIS/HER EDUCATION?

FINDING THE BEST ANSWERS AND ACTIONS FOR THESE CRITICAL QUESTIONS IS OUR CALLING AT SAN. IT'S WHAT MAKES US STRIVE FOR EDUCATION THAT CHERISHES AMBITION, PERSONAL GROWTH AND PERSONAL EXCELLENCE; AN EDUCATION THAT CULTIVATES STRONG CHARACTER AND QUALIFICATIONS FOR EACH YOUNG MAN.

OUR STUDENTS ARE PUSHED TO ACHIEVE BY THEIR TEACHERS. EXPECTATIONS ARE HIGH. IT IS, HOWEVER, A POSITIVE PUSH, A SUPPORTED PUSH, A PURPOSEFUL PUSH, ONE MADE TO GENERATE DIVERSE SUCCESS IN LEARNING AND INDIVIDUAL DEVELOPMENT.

OUR EXCELLENT ACADEMIC, ARTISTIC AND SPORTING RESULTS SPEAK FOR THEMSELVES. THE INDICATORS OF OUR ASPIRATION AND EXCELLENCE ARE NUMEROUS BUT NEVER TAKEN FOR GRANTED. SUCCESS AND INDIVIDUAL GOOD CHARACTER ARE CELEBRATED CONSTANTLY AT SAN ACADEMY.

TO BUILD THE BEST FUTURE FOR EACH STUDENT, WE MAKE OPTIMAL ACADEMIC DEVELOPMENT OUR TOP PRIORITY. THIS IS FOLLOWED CLOSELY BY KEY ACTIVITIES FOR A TRULY BROAD EDUCATION, IN AND OUT OF THE CLASSROOM, THAT ENABLE CHILDREN TO BECOME GOOD CITIZENS IN THE MAKING. FRIENDSHIP, BELONGING, RESILIENCE, AND A FEELING OF CONNECTION WITH THE SCHOOL, MATES AND TEACHERS THAT MAY LAST A LIFETIME, ARE ALL PARAMOUNT AT SAN ACADEMY. TO EXCEL EACH DAY, OUR STUDENTS RECEIVE STRUCTURE, FOCUS, DISCIPLINE, ACTIVE AND VARIED LEARNING AND A STRONG ACADEMIC AND CO-CURRICULAR PROGRAMME - ALL WITH HIGH STANDARDS MAINTAINED.

OUR TEACHERS ARE COMMITTED TO WORKING WITH STUDENTS AS A SPECIAL PROFESSIONAL FOCUS. THEY ARE VITAL SPECIALISTS IN UNDERSTANDING AND RESPONDING TO THE PARTICULAR NEEDS OF YOUNG CHILDREN. OUR COMMUNITY AND SUPPORT STAFF ARE STRONG IN THEIR SUPPORT TOO.

OUR COUNTRY WILL ALWAYS NEED GOOD PERSONAE WHO WILL TAKE RESPONSIBILITY AS CITIZENS OF CONSCIENCE AND CHARACTER. OUR SCHOOL ACTS AS A VITAL SOURCE OF FUTURE LEADERS AND CONTRIBUTORS WHO WILL HAVE INDEPENDENCE OF MIND, HIGH QUALITY SKILLS, AND A SET OF VALUES THAT ARE TIMELESS IN THEIR IMPORTANCE AND ESSENTIAL FOR A GOOD LIFE AND A GOOD SOCIETY.

YOUNG CHILDREN HAVE THE CAPACITY TO DO SO MANY ADMIRABLE THINGS. OUR ROLE IS TO HELP THEM TO FIND, UNDERSTAND, DEVELOP, AND EXPRESS WHAT IS WORTHY OF BOTH OUR ADMIRATION AND THEIR PERSONAL PRIDE. JOIN US AT SAN ACADEMY. JOIN US FOR AN INCREDIBLE TRANSFORMATIONAL EXPERIENCE.

ALL THE VERY BEST.

PRINCIPAL'S DESK

Dear Parents

In every child, there is a world waiting to be explored. We are committed in our mission to inculcate a state of happiness in every child to ensure a peace-loving and harmonious world.

Since its inception, **SAN ACADEMY** School has endeavored to transcend learning beyond boundaries. We are devoted to set benchmarks in nurturing children to grow into strong, matured, kind and intelligent adults, who are original in their ideas and decisive in their actions.

Mahatma Gandhi rightly said "The best way to find yourself is to lose yourself in the service of others." Firmly believing in our core values of Courage, Compassion, Equality and Integrity we at **SAN ACADEMY** aim to nurture our students so that they are well equipped to face the competitive society with value-based knowledge and skills that have contributed towards the growth and vision in building global citizens and a conscientious humanity.

Keeping in mind that to teach is to touch a life forever, we believe in holistic education that encompasses academics, co-curricular activities, sports education and life-skills learning. The campus, sports and academic facilities all bear testimony to this belief. As we venture ahead and spread our wings in this spectacular valley of value-based education our endeavor is to strike a balance between state-of-the-art- infrastructure and a robust curriculum that opens the door to global platforms for our peace loving and problem-solving students. Activities and events related to value education, environment, health education, games and sports, visual and performing arts, culture and heritage, personality development are effectively woven into the main fabric of school curriculum.

Also, parents are the primary educators of children, but as the child starts schooling, we must devote ourselves to shoulder the responsibility together. As Principal, I would like to personally welcome you to our **SAN ACADEMY** family. We hope that your child's journey with us will surely help in yielding fruitful results and envisage our shared dreams and to dream anew.

"And now let us welcome **A NEW WORLD OF LEARNING**, full of things that never were." The moment is **TODAY...**

"It is the supreme art of the teacher to awaken joy in creative expression and knowledge."

Albert Einstein

HEADMISTRESS DESK

Education is not merely the acquirement of facts but also values which help us improve the different faces of mankind. It ensures that we leave the world a far better place than we found it. A pivotal role of education lies in shaping the personality of a child into a healthy mind and happy soul, who is not only equipped with 21st century skills and aptitude required for academic excellence but helping him face the challenges of life in a balanced and harmonious way. Therefore, the system of education should work as a catalyst in making each child a balanced human being having the core strengths embedded in the learning experiences.

Teamwork is the hallmark of San Academy. I am very sure through collaborative effort we can achieve more to benefit our students who are the future leaders of tomorrow.

"SUCCESS COMES TO THOSE WHO WORK HARD AND STAY WITH THOSE WHO DON'T REST ON THE LAURELS OF THE PAST."

“Change your opinions, keep to your principles; change your leaves, keep intact your roots.” Victor Hugo

Human life has come into existence only because of evolutionary changes and we are now the highest living forms with all the intellectual abilities. This title for the article is apt, as it is the need of the hour to handle the Gen Z children. As parents and teachers, we need to appreciate the **cognitive triangle of emotions, thoughts and behaviors - accept and adapt to the changing lifestyle with expeditious technological advancements. It's inevitable to change ourselves to keep with the same pace of Gen Z children, that can be done by being watchful and understanding them which comes by open communication, listening to their ideas and concerns, help them to prepare them for life, sticking to the roots of discipline, not by pampering or punishing them. The most strategic way to handle **Genzers** is to help them build trust, for which we need to change our routine, devoting quality time physically, mentally and socially. Then only, they will come out of their unrealistic virtual fantasy world and will learn to live a real practical life. Being a Gen Z parents and teachers, we need to help them face the situations, handle the stress, avoid anxiety, teach them to lead a life of happiness that can only happen, when we change our approach and attitude, as change is the law of life and we must welcome change as the rule and as not the ruler.**

"THE DUAL ROLE: NURTURING AND PROTECTING AS A TEACHER"

By an Ex-Teacher of Last Year's Grade 10 Students

As I sit down to pen my thoughts, memories of my Grade 10 class flood my mind—a group of bright, spirited individuals who filled my days with both challenges and joys. They were more than just students to me; they were a part of my journey, my family, and my purpose. Today, as an ex-teacher, I reflect on the unique dual role that teachers play in the lives of their students: nurturers and protectors.

The Nurturer: Guiding with Love and Discipline

Being a teacher is not just about imparting knowledge. It's about shaping minds, nurturing dreams, and instilling values. There were moments when I had to scold my students—not out of anger, but out of care. I knew that a firm word today could prevent a misstep tomorrow. My aim was always to guide them to become better versions of themselves.

Every time I saw them succeed—be it acing a test, overcoming a personal challenge, or simply mastering a new concept—it felt like a victory of my own. Each student brought something unique to the classroom, and watching them grow was the most fulfilling part of my role.

The Protector: Standing Up for What's Right

Beyond the classroom, a teacher also takes on the role of a guardian. I was—and always will be—ready to stand up for my students. Teachers form a bond with their students that goes beyond academics; it's a connection built on trust, care, and responsibility. Even now, as I look back, I know that bond hasn't faded. I still find myself cheering for their successes from afar and worrying about their struggles. My students know that no matter where life takes them, I'll always be in their corner.

Missing My Students

Forever Their Teacher

To my Grade 10 students, if you're reading this, know that I am immensely proud of each of you. Though I may no longer stand in front of you in a classroom, I will always stand behind you as your unwavering supporter. Life will bring its own set of challenges, but remember the lessons we learned together. I may not be your teacher anymore, but I will always be there for you—in spirit, in thought, and whenever you need me. My role as your nurturer and protector doesn't end with the academic year; it's a commitment I carry for life.

With love and pride,

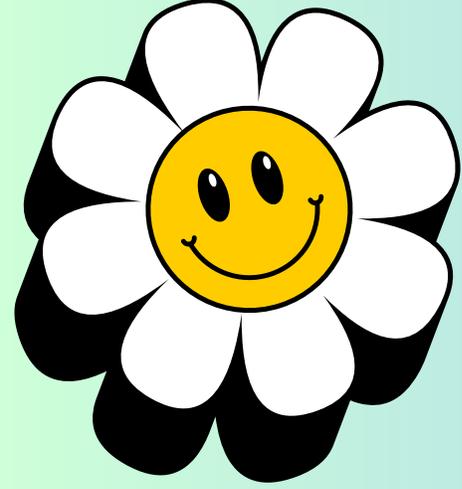

Your Forever Teacher

NIRMAL JESSIE M
Psychology teacher

Amidst the rush to log into the biometric system, we fail to notice the faces crossing us. Even when we do see them or wish them well, we often wear plain, anxious expressions. This pattern begins the moment we wake up. We mechanically get ready, pack our food, and head to work. We are going through many activities without a smile, and this is becoming a major concern in today's hasty world. Smile is a free therapy that helps improve the mental well-being of both ourselves and others. As teachers, it is our responsibility to create a positive emotional environment—not only for our students but also for ourselves. A smile has the power to work wonders, connecting people more closely, reducing stress, boosting self-esteem, and fostering better collaboration among fellow teachers. Start your morning with a smile and reflect on this Thirukkural.

TECH TO THE RESCUE: BUILDING A SUSTAINABLE FUTURE

“The planet cries for a champion in its hour of need, and technology has risen to answer the call.” Whether revolutionizing energy usage or birthing novel sources of clean power, technology is remodeling humanity's relationship with nature. Be it smart habitats that waste not or fuels derived from nature's bounty or transports that pollute little. Devices for the home now perform more yet demand less, rated by their efficiency to spare our power and lighten the load we place on the only earth we have. Artificial intelligence-equipped machines can sort recyclables and non-recyclables with great precision, which reduces the amount of substance contaminated and further increases recycling rates. Weather forecasts as well as sensors are used to water crops-- but only when it is necessary. Compared with traditional methods, this saves up to fifty per cent in water. AI-driven satellites keep an eagle eye on deforestation and illegal logging, relaying their vital information back to headquarters for immediate action.

MY SAN STORY - A TEACHER'S TALE!!

Straight out of graduation, with dreams held tight,
I stepped into Grade 1, under SAN's light.
Years rolled on, and so did I,
From tiny hands to students who fly.

Year by year, I walked the halls,
Where laughter and learning adorned the walls.
With a B.Ed. earned and an M.A. pursued,
I grew in wisdom, my passion renewed.

Be it grammar rules or a story's twist,
I made sure no word or nuance was missed.
Now a student's favourite, their go-to guide,
In language and laughter, we stood side by side.
From classrooms to corridors, lessons would flow,
Guiding young minds in the language they'd grow.
"Speak in English," became my gentle refrain,
A seed of confidence in every brain.
On Annual Days, with a mic in hand,
Or Sports Day fields, I proudly stand.
Compering moments, their voices inspire,
Fanning the flames of their inner fire.
Beyond the lessons, in quiet tears,
I've listened to struggles, calmed their fears.
Being there for them, through highs and lows,
My role as a teacher endlessly grows.

THE STRENGTH OF BEING EDUCATED

Being educated frequently makes your experience effective. Why is that?

Believe you did no longer know a way to use a cell phone, a pC OR A LAP TOP ? What is using OR owning something which you do no longer recognise the way to use? In the starting of time, it was found out that hitting rocks collectively produces sparks which could begin a hearth. Every little factor you come upon can educate you something or the other. The extra you already know, the extra effective you turn out to be.

Knowing a way to power a car would come in accessible if you have to go someplace with more humans traveling with you. Knowing the way to restore a pipe allow you to when someone accidentally breaks off a pipe and water maintains flowing. Likewise, the whole thing you analyse will help you in a single or the alternative manner. Consequently, correct education may be defined as the overall and specific knowledge human beings gain by being taught or with the aid of enjoy.

“Schooling isn't the learning of records, but the education of the thoughts to think”, in step with Albert Einstein. Collecting a load of statistics is easily possible inside the gift age of the internet and generation. Being capable of answer each query does not guarantee or put together you for an existence in which enjoy and expertise is accounted for.

WHAT SEASON ARE YOU IN?

If you examine your life right now, what season would you say you are currently experiencing?

Are you in a dry season, waiting-for-something season, happy season or tests-and-trials season?

Just like the natural seasons change, so do the seasons in our lives.

🌹 **The Dry Season:** These are the difficult phases of our life. But they won't last forever. Keep the faith, it will be hard and confusing. But keep moving. The rain is coming.

🌻 **The Waiting Season:** Waiting is NOT easy. It can range from mildly annoying to maddening. But it is totally worth it. Wait with expectancy.

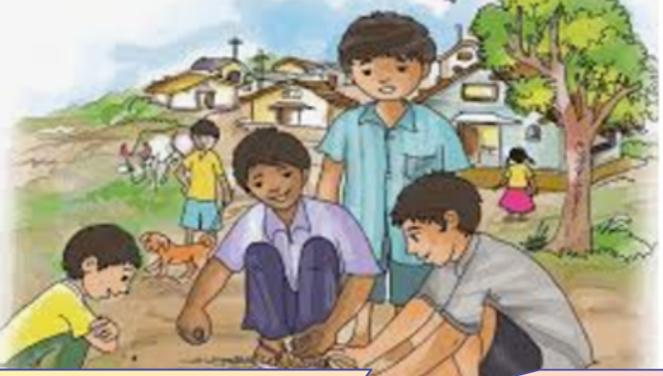

🍁 **The Grinding Season:** Also known as the Busy Season. This is the "I don't have enough time to get everything done!" time in life. To get through this phase, recognize and organize what needs to be done and attack your priorities. Pace yourself and your tasks. Breathe, take a break.

🌸 **The Tests & trials season:** These are the hard times of our life. You might not even understand what you are going through or why. Don't give up or get tired. Fix focus on the permanent things and not the temporary things.

🌻 **The Happy Season:** You might be at the top phase of your life. This is the fun season-happy season.

Whichever season you are in, live through the season. Everything will be made beautiful in your life.

बचपन के दिन

आम के बाग में दोस्तों का जमघट,
सूरज ढलते ही घर लौटने की हड़बड़।
स्कूल का बस्ता, और वो तख्ती,
स्लेट पर खींची रेखाएँ थीं सच्ची।
न फेल का डर, न नंबर का जोर,
हर दिन था अपना, हर खेल था गौर।
काश! फिर से लौट आएं वो दिन,
जहाँ हर गम था मीठा और हँसी थी छिन।
बचपन का जादू, वो निर्मल एहसास,
दिल में बसा है, जो सदा रहेगा पास।

बचपन के दिन, वो प्यारे पल,
खुशियों से भरा, मासूमी का जल।
न फिक्र थी कल की, न चिंता थी आज,
हर दिन लगता जैसे हो कोई साज।
मिट्टी के खिलौने और कागज की नाव,
बारिश में भीगना, वो हँसी का प्रवाह।
पेड़ों की छाया में सपने बुनना,
तितलियों के संग घंटों घूमा करना।
माँ की कहानियाँ, दादी के गीत,
छोटी-छोटी बातें और बड़ी जीत।

மூன்று குணங்கள்

மாணவர்கள் கணித பாடவேளைக்கு தயாராகிக் கொண்டிருந்தனர். கணித ஆசிரியர் காமேஷ் வகுப்பறைக்குள் நுழைந்தார். மாணவர்களிடையே பயம் பற்றிக்கொண்டது. தீபன் எழுந்து சார் இன்னைக்கு பாடம் தவிர்த்து வேறு ஏதேனும் சொல்லுங்கள் என்றான். உடனே மிதுன் சார் நாம கேம்ஸ் ஆடலாம் என்றான். ஆசிரியர் காமேஷ் வேறு ஒரு திட்டத்துடன் வந்திருந்தார். மனிதனுக்கு எது முக்கியம் என்று கேட்டார். சற்றும் யோசிக்காமல் பணம் என்று கூறினான் முகில்வேந்தன், நீங்களே சொல்லுங்கள் என்றான் ஆதித்யா.

மாணவர்களே மனிதனுக்கு தேவையான மூன்று முக்கியமான குணங்களை பற்றி கூறுகிறேன். முதலாவது தன்னம்பிக்கை. யாரை வேண்டுமானாலும் வீழ்த்தலாம் ஆனால் தன்னம்பிக்கை உடையவரை எளிதில் வீழ்த்த முடியாது. உதாரணம் பாரா ஒலிம்பிக்கில் தங்கம் வென்ற மாற்றுத்திறனாளி தங்கவேலு மாரியப்பன். இரண்டாவது என்ன என்று அவசரமாக வினவினாள் மித்ரா. அதற்கு வந்த பதில் பொறுமை. ஆம் பொறுமை மனிதனுக்கு மிக அவசியம். அன்னை தெரசா தனக்கு ஏற்பட்ட அவமானங்களை பொருட்படுத்தாமல் பொறுமையா இருந்து பல ஏழைகளுக்கு உதவினார். மூன்றாவது விடாமுயற்சி. தாமஸ் ஆல்வா எடிசனை உதாரணமாக கூறலாம். 2774 முறை முயற்சித்து மின் விளக்கினை கண்டு பிடித்தார். இவற்றையெல்லாம் தாண்டி ஒரு முக்கிய குணம் உண்டு அது உண்மையை பேசுவது. நண்பனாக இருந்தாலும் அவன் செய்யும் தவறை மறைக்காமல் அவனுக்கு அறிவுரைக்கூறி திருத்த வேண்டும். அவன் செய்யும் குற்றத்திற்கு உடந்தையாக இருக்க கூடாது. இவற்றை பின்பற்றினால் நீங்கள் ஒரு சிறந்த மனிதனாக மாறலாம் என்று கூறி முடித்தார்.

குட்டி ஸ்டோரி படிக்கலாமா?

முகிலன் என்பவர் அவருடைய கிராமத்தில் ஒரு கோவிலைக் கட்டிக்கொண்டிருந்தார்.கோவில் திறப்பதற்கான நேரம் நெருங்கியும் சிற்பி தனது பணியை முடிக்க ஒரு வாரம் கால அவகாசம் கேட்டு இருந்தார். இதனைக் கேள்வியுற்ற முகிலன் நாள் நெருங்கியும் இன்னும் சிலைப்பணி நிறைவு பெறாததை எண்ணி கோபமுற்று சிற்பியின் பட்டறைக்கேச் சென்றார்.அங்கு எல்லா சிலையும் நேர்த்தியாக நிறைவுற்று.

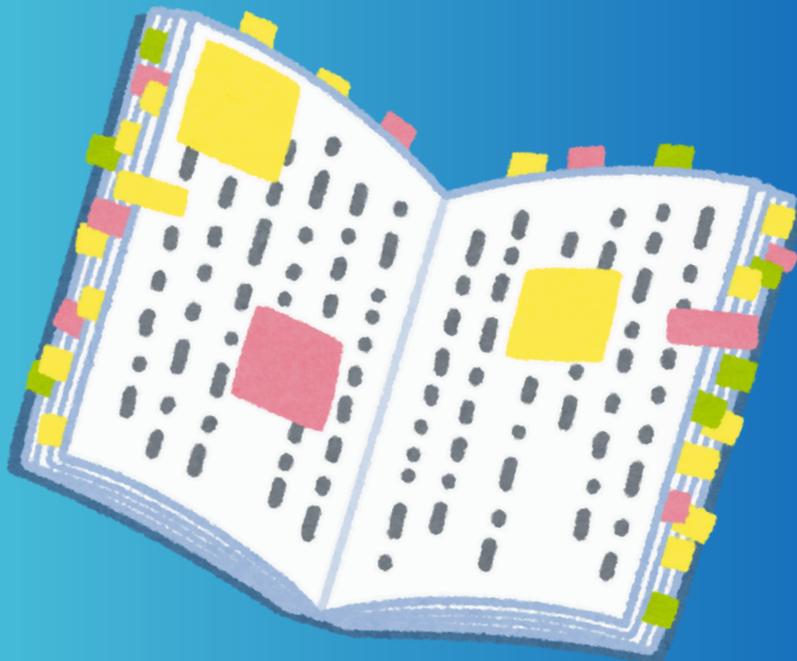

இருந்தது.அதனைக் கண்டு முகிலன் மகிழ்ந்தார். ஆனால் சிற்பியோ ஏற்கனவே தயார் நிலையில் இருந்த சிலையை மீண்டும் செதுக்கிக் கொண்டிருந்தார்.முகிலனைக் கண்ட சிற்பி ஐயா வணக்கம் வாருங்கள் , இந்த ஒரு சிலையை மட்டும் செதுக்கிவிட்டால் எல்லா பணியும் நிறைவேறிவிடும் என்றார்.முகிலனோ இதோ இந்த சிலை உள்ளதே மீண்டும் ஏன் அதே சிலையைச் செதுக்குகிறீர்கள்? என்றார். ஐயா இந்த சிலையில் சிறு சேதம் ஏற்பட்டுவிட்டது. அதனால் தான் வேறு சிலை செதுக்குகிறேன்.என்றார்.முகிலன் சுற்றி சுற்றி சிலையைக் கண்ட போதும் ஒரு குறையைக் கூட கண்டுபிடிக்கவே முடியவில்லை. முகிலன் சிற்பியிடம் இந்த சிலையில் எந்த குறையும் உள்ளதாக தெரியவில்லையே என்றார். அதற்கு சிற்பி ஐயா சிலையின் பின்பகுதியில் கூந்தல் பின்னலில் ஒரு பின்னல் நெளிந்து சேதமாகிவிட்டது.அதான் வேறு சிலை செதுக்க ஆரம்பித்துவிட்டேன் என்றார். சிற்பியே இந்த சிலை 50 அடி உயரத்தில் வைக்கப் போகிறோம். அதுவும் பின்புறம் உள்ள பின்னலில் உள்ள சிலையின் சேதம் யார் கண்ணுக்கு ஐயா தெரியப்போகிறது,இந்த சிலையை வேறு வைத்துவிடுவோம் என்றார் முகிலன். அதற்கு சிற்பி பிறருக்கு வேண்டுமானாலும் தெரியாமல் போகலாம். ஆனால் ஒவ்வொரு முறை கோவிலுக்கு வரும் போதும், அந்த சிலையைக் காணும் போதும் அது சோதமடைந்த சிலை என என் மனதிற்கு தெரியுமே! என்று கூறி சிலையைச் செதுக்க ஆரம்பித்தார்.சிற்பி செதுக்கியது சிலையை மட்டும் அல்ல,முகிலனின் மனதையும் தான்,எனதருமை மாணவர்களே வாழ்வில் என்றும் வாய்மை ஒளிரட்டும்!

MY FAVOURITE BOOK

My favourite book is Tinkle Double Double Digest Volume number 17. Made by Tinkle, a brand under Amar Chitra Katha Pvt. Ltd, is a leading brand of comics and magazines since 1980. It's Tinkle Double Double Digests offer you 350 pages of comics big and small. Other than comics, it also contains 'It happened to me' which contains experiences of normal people narrated by themselves. 'Tinkle tells you why' answers some mysterious FAQs (Frequently Asked Questions). Many of its stories are based on 'Tinkle Toons' or characters such as Suppandi, a fool who works as a servant and gets fired the next day, Shikari Shambu, a hunter and Tantri the Mantri, a favourite minister of Raja Hooja but Tantri wants to kill him and become the Raja. I prefer this series of books because it contains not only comics but also things which make its readers gain knowledge.

DIARY OF A WIMPY KID

Diary of a Wimpy Kid is a popular book series by Jeff Kinney, circling around Greg Heffley, a middle schooler struggling through the ups and downs of growing up. Conveying through Greg's funny journal entries, the series highlights his awkward social interactions, family life, and the challenges of tweens. With a mix of written text and cartoon illustrations, the books explore themes of friendship, popularity, fitting in, and friendship. Greg often finds himself in trouble due to his decisions, but his view on life's challenges makes the book series entertaining for readers of all ages.

IF I HAVE ANY SUPERPOWER

If I had superpowers, the possibilities would be endless! I could help others by saving lives, stopping crimes, or healing people. Superpowers like flying or teleporting would let me travel the world and explore new places. I make the world a safer place. But with great power comes great responsibility. It's important to use my abilities wisely and not for personal gain. I might also face tough choices, like deciding whether to change history or keep my powers a secret. Ultimately, superpowers could help me do amazing things, but I would need to think carefully about how to use them.

THE SECRET GARDEN: A WORLD OF WONDER

My favorite book is *The Secret Garden* by Frances Hodgson Burnett. It tells the story of Mary Lennox, a lonely and spoiled girl who is sent to live with her uncle. There she discovers a hidden garden at her uncle's estate. As she brings the garden back to life, she also heals herself and others. I love this book because it shows the power of nature, friendship, and personal growth. Mary's transformation from a sad, selfish child to a caring friend reminds me that kindness and positivity can change lives. It's a beautiful story of hope, renewal, and the magic of nature.

THE THREAD OF FRIENDSHIP

In the tapestry of life, so vast and wide,
Friendship is the thread that cannot hide.
A bond unbroken, through storm and shine,
A silent promise, a love divine.

When skies are dark and hearts feel cold,
A friend's warm hand is worth more than gold.

With every laugh, with every tear,
They chase the shadows, draw you near.
Like stars that twinkle through the night,
Friends are the glow in the darkest light.
They paint the world with colors bright,
And turn the mundane into pure delight.

In the echo of silence, in the rush of days,
Friendship whispers in countless ways.

A soft embrace when words are few,
A timeless connection, forever true.

So cherish the friends who stand by your side,
In them, life's beauty and strength reside.
For through the journey, with laughter and
strife,

Friendship is the heart of a joyful life.

Eternal Echoes

In the realm of hearts,
we find solace in friendship, our forever home
A bond unspoken, yet proudly true,
Through thick and thin,
I walk with you.

In laughter's embrace,
we dance on light, in shadows and tears,
Your strength is my sight.
When the world grows quiet and
nights are long, your voice is my anchor,
a comforting song.
Through joy and pain, our spirits entwine,
A friendship eternal, endless divine

IMPORTANCE OF FRIENDSHIP IN LIFE

Friendship is a good relationship
Where you experience like travelling
in a ship
And this ship will not sink
As it will fight for you
It respects and includes you
It is like a chain
Needs you, deserve you and
stand by you always
even in painful situations.

"Importance Of friendship"

Best friends stick together till the end,
They are like a straight line that will not bend.
Friends are there to help you along,
The journey through friendship
Is always long,
True friends are by your side
Through it all,
True friends are there,
to catch you when you fall!

... MOSAIC OF MEMORIES..

A bond so tender, a tie so true,
Friendship wraps my heart in warmth anew.
In joyful moments, we laugh with glee,
Together sharing life's ecstasy.
In sorrow's darkness, they stand as beacons
bright,
Comforting tears, calming endless nights.
Their empathy enfolds me like a gentle breeze.
Soothing fears, bringing peaceful ease.
With friends, my heart beats stronger still,
Through life's ups and downs, we face each trial.
Their love and support, a guiding way,
Illuminate my path, chase the blues away.
Friendship is important in this busy world,
Without them we're lost and left in the cold.
I cherish every moment we share,
A treasure trove of love, beyond compare.

STUDENTS' FRIENDLY APP

Brainly is an educational app and website designed for students to ask and answer academic questions. Covering subjects like math, science, history, and English, it facilitates peer-to-peer learning. Users can post questions and receive answers from the community, which includes students, teachers, and experts. Brainly uses gamification with points, rankings, and badges to encourage participation. Moderators ensure answer quality, making the platform reliable. Accessible via web and mobile app, Brainly supports multiple languages, catering to a global audience. While free to use, it offers a premium subscription, Brainly Plus, for additional features like ad-free usage and faster responses. The platform also provides educational tools such as step-by-step solutions and video tutorials, enhancing the learning experience for students worldwide.

Problems are servants. Problems bring possibilities; they help you grow and lead a better life. Trust me when I say problems can be solved with the help of apps. Whether you want to stay fit, wake up early, learn a new language, or remember things, there is an app out there to help you. These apps offer students the convenience of accessing educational resources, schedules with many commitments, including studies, sports, and hobbies. These apps ensure that we stay on track. One of the best learning apps for students is Duolingo. The words you use determine the way you feel. The language you choose shapes the way you perceive reality. LOOK IN THE MIRROR

BY CATHERINE STEADMAN

GENRE: Thriller

Catherine Steadman's latest thriller, *Look in the Mirror*, plunges readers into a gripping tale of secrets, inheritance, and self-discovery. The story centres around Nina, who, while grieving the loss of her father, inherits an unexpected vacation home in the British Virgin Islands. The house hides dark secrets that Nina must unravel, pushing her to confront not just her father's mysterious past but also her own future. Steadman skillfully develops Nina's character, making her evolution throughout the story feel authentic and deeply engaging. *Look in the Mirror* is a captivating read that will keep fans of psychological thrillers on the edge of their seats. For those looking for a thriller read that combines lush settings with a gripping mystery, *Look in the Mirror* is highly recommended.

SAN ACADEMY: BEYOND ACADEMICS, SHAPING TOMORROW'S LEADERS TODAY

"At San Academy, the K-12 academic journey is a spirited adventure grounded in inquiry-learning to live in questions-and a desire to delve deeper and pursue challenge and complexity."

There is more to education than just the transmission of information and skills acquired through rote learning and examinations. The purpose of education is to unlock the full potential of a child's intelligence while working on character building to develop the ability to think and learn while creating meaningful relationships so that they can go on to be moral, creative and productive members of society.

At San Academy there is a symbiotic relationship between Students and Teachers, where there is a constant learning process, weaving together a world of hopes, ideas and dreams. The learning environment of San Academy is defined by the creation of a culture of learners to build enduring relationships with themselves and the world around them. San Academy recognizes children as individual entities and with their own specific set of strengths and talents, who partake in activities for the joy of learning itself and not to just finish task given to those in charge.

The aim is to help students in holistic development in the absence of judgement and attempts at conformity. Learning at San Academy means recognizing the worth of one's infinite senses and the development of a character that nurtures dignity and self-worth, for oneself and for the world.

The School philosophy is reflected in the values, morals and ideals that the School stands for. Entire range of activities being performed & perfected at the School, including curriculum development, teaching practices, culture building, nurturing of basic human values and classroom processes, is also based on School's core philosophy, evolved & perfected over a period of time since the inception of the School.

UNUSUAL QUOTES

H.P. Lovecraft once said, "The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown." It is one of my all-time favourite quotes. That is an insightful statement that demonstrates just how much we have in common as a species. Many things still elicit in us a deep sense of unease that we are unable to comprehend or explain.

INDIA SHINES BRIGHT

Public attitudes towards the Olympics and Paralympics often differ because of societal biases, media representation, and historical context. At the 2024 Paris Paralympics, India achieved its best-ever performance, earning a record-breaking 29 medals—7 gold, 9 silver, and 13 bronze. This marked a significant milestone in the nation's para-sports history. Notable achievements included Avani Lekhara, who defended her title in the women's 10m air rifle standing SH1 event with a world record score, making her the first Indian woman to win two Paralympic gold medals. Harvinder Singh secured India's first-ever Paralympic gold in archery, while 17-year-old Sheetal Devi won a silver medal and set a world record, inspiring young para-athletes. This success reflects India's increasing investment in para-sports and the growing recognition of athletes with unique abilities. Efforts to improve accessibility, infrastructure, and societal perceptions are driving a shift toward greater inclusivity in sports.

JUGGLING LIKE A CHAMP

It's common to compare success to juggling, and I wholeheartedly concur. It might be difficult to balance extracurricular activities and academics. My trade secret? Well-thought-out preparation. I list every assignment and prioritize them based on their importance and urgency. With this methodical approach, I am able to plan my time so that I have enough time for my core subjects and time for assignments. Not every task is given the same amount of time, especially when an exam is approaching. In addition, I've mastered the priceless skill of saying no. Refusing more obligations protects one's physical and emotional health. I succeed in my juggling act by carefully organizing and setting wise priorities!

KEEP REACHING FOR THE STARS

WORLD HEART DAY AT SAN ACADEMY

Junior KG students at SAN Academy, Tambaram, came together to enthusiastically celebrate World Heart Day, gaining valuable insights into the importance of heart health. Teachers took the opportunity to explain the vital role the heart plays in our overall well-being, sharing simple habits that help keep the heart healthy and strong.

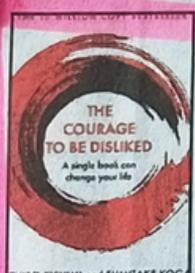

Students were introduced to the basics of heart care, including the importance of a balanced lifestyle. They were encouraged to make healthy choices by eating nutritious foods, exercising regularly, and getting enough sleep. Teachers also emphasized the long-term benefits of avoiding junk food and unhealthy habits, helping students understand how these small actions today can lead to a healthier future.

To make the learning experience even more memorable, students participated in a creative craft activity where they designed colourful heart-shaped artworks, each with heartfelt messages. These vibrant crafts now serve as cheerful reminders to take care of their hearts.

The interactive sessions, engaging discussions, and fun activities throughout the day helped instill a sense of awareness in the young learners. As the celebration came to a close, the students proudly pledged to prioritize their heart health and inspire their families and friends to do the same.

By celebrating World Heart Day, San Academy continues to promote healthy habits and raise awareness among its students, encouraging them to take care of their hearts from an early age.

YOGA PUREST EXPRESSION OF SOUL

International Yoga Day is a day celebrated on the 21st of June because it is the longest day of the year and shares a special significance in many parts of the world. Yoga is the purest expression of the soul. The health benefits of yoga are boundless.

While edible food might be required to sustain the body, yoga helps sustain the mind and calms the brain. Yoga improves strength, helps with back pain relief, and alleviates stress. Yoga is the practice that connects the body, mind, and soul.

These are not the only merits of yoga. In modern day and age, insomnia is a major problem plaguing many around the world. Yoga provides great relief to insomniacs. The legs-up-the-wall pose is shown to give great relief for insomnia. Yoga, however, does not only have merits for the body. Yoga is proven to have a positive effect on the moods of people who regularly practice it.

International Yoga Day aims to increase the number of people participating in yoga and thus help them live a better, more fulfilling life.

Hon'ble Prime Minister Shri Narendra Modi inaugurated Yoga Day on June 21, 2015, on the theme "Yoga for harmony and peace." This Yoga Day, let us all join hands and celebrate this wonderful holiday together.

TESTIMONIALS

We are extremely happy with the way the sports day event was handled. It is commendable to see the enthusiasm of the kids as well as that of the teachers effort in preparing the properties for all the students and for all the activities like parade , Drill, track event. The Drill performance itself showcased the amount of effort put in by the teachers and the school management. Sports day event was very well co-ordinated and executed . We would like to appreciate and thank Jeniffer mam and Sindhu mam for their efforts and the management for hosting and managing such event with short span of time . Looking forward to many more such events in the future.
